

security, foreign policy, or economy of the United States.

Consistent with the determination in Section 10 of Executive Order 13224 that “prior notice to persons determined to be subject to the Order who might have a constitutional presence in the United States would render ineffectual the blocking and other measures authorized in the Order because of the ability to transfer funds instantaneously,” I determine that no prior notice needs to be provided to any person subject to this determination who might have a constitutional presence in the United States, because to do so would render ineffectual the measures authorized in the Order.

This notice shall be published in the **Federal Register**.

Dated: April 16, 2013.

**John F. Kerry**,  
Secretary of State.

## DEPARTMENT OF STATE

[Public Notice 8328]

### Notice of Availability of Finding of No Significant Impact for the Proposed Vantage Pipeline US LP Ethane Pipeline Project

**SUMMARY:** The purpose of this notice is to inform the public of the availability of the Department of State’s Finding of No Significant Impact on the proposed Vantage Pipeline US LP Ethane Pipeline Project. Under E.O. 13337, the Secretary of State is authorized to issue Presidential Permits for the construction, connection, operation, or maintenance at the borders of the United States, of facilities for the exportation or importation of liquid petroleum, petroleum products, or other non-gaseous fuels to or from a foreign country. Vantage Pipeline US LP (Vantage) has applied to the Department of State (the Department) for a Presidential Permit authorizing it to develop and maintain a new pipeline facility at the U.S.-Canada international boundary, a Cross Border Facility, near Fortuna, Divide County, North Dakota.

Vantage proposes to construct, operate, and maintain a high vapor pressure pipeline that would carry ethane from a source near Tioga, North Dakota, United States, northwest through Saskatchewan, Canada, to a site near Empress, Alberta, Canada. The pipeline would link a growing supply of ethane from North Dakota to markets in Alberta, Canada. The entire proposed Vantage Pipeline in the United States

would consist of the installation of approximately 79.8 miles of new 10-inch-diameter pipeline in Williams and Divide Counties, North Dakota; the installation of associated aboveground mainline block valves; and the use of access roads and pipe storage and contractor yards.

Consistent with NEPA (42 U.S.C. 4321, *et seq.*), the regulations of the Council on Environmental Quality (40 CFR parts 1500–1508), and the Department’s implementing regulations (22 CFR part 161, and in particular 22 CFR 161.7(c)), the Department of State has found that issuance of a Presidential Permit authorizing the construction, connection, operation, and maintenance of the Cross Border Facility would not have a significant impact on the quality of the human environment. The Finding of No Significant Impact was signed by the Department on May 13, 2013.

This Finding of No Significant Impact is not a decision on the Presidential Permit application. In accordance with E.O. 13337, the Department will now proceed to make a determination as to whether issuance of a Presidential Permit for the border facilities of Vantage’s proposed Ethane Pipeline Project would serve the national interest.

The Finding of No Significant Impact is available from the Department on the Vantage Pipeline Project Web site. The following link leads to the posted Vantage Finding of No Significant Impact: <http://www.vantagepipeline.state.gov/dosdocuments.html>.

## DEPARTMENT OF STATE

[Public Notice 8325]

### Shipping Coordinating Committee; Notice of Committee Meeting

The Shipping Coordinating Committee (SHC) will conduct an open

meeting at 9:30 a.m. on Thursday, June 6, in Room 6103, of the United States Coast Guard Headquarters Building, 2100 Second Street, SW., Washington, DC 20593-7126. The primary purpose of the meeting is to prepare for the ninety-first Session of the International Maritime Organization’s (IMO) Marine Safety Committee to be held at the IMO Headquarters, London, England, United Kingdom, June 12–21, 2012.

The matters to be considered include:

- Adoption of the agenda; report on credentials
  - Decisions of other IMO bodies
  - Consideration and adoption of amendments to mandatory instruments
  - Measures to enhance maritime security
  - Goal-based new ship construction standards
  - LRIT-related matters
  - Passenger ship safety
  - Making the Polar Code mandatory
  - Radiocommunications and search and rescue (report of the sixteenth session of the Sub-Committee)
  - Flag State implementation (report of the twentieth session of the Sub-Committee)
  - Training and Watchkeeping (report of the forty-third session of the Sub-Committee)
  - Safety of navigation (report of the fifty-eighth session of the Sub-Committee)
  - Dangerous goods, solid cargoes and containers (urgent matters emanating from the seventeenth session of the Sub-Committee)
  - Technical co-operation activities relating to maritime safety and security
  - Capacity-building for the implementation of new measures
  - Formal safety assessment
  - Piracy and armed robbery against ships
  - Implementation of instruments and related matters
  - Work programme
  - Election of Chairman and Vice-Chairman for 2013
  - Any other business
  - Consideration of the report of the Committee on its ninety-first session
- Members of the public may attend this meeting up to the seating capacity of the room. To facilitate the building security process, and to request reasonable accommodation, those who plan to attend should contact the meeting coordinator, LCDR Matthew Frazee, by email at [imo@uscg.mil](mailto:imo@uscg.mil); by phone at (202) 372-1376; or in writing at Commandant (CG-5PS), U.S. Coast Guard, 2100 2nd Street SW., Stop 7126, Washington, DC 20593-7126. Requests should be made no later than November 9, 2012. Requests made after this date
