

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to OMB Desk Officer, Department of Homeland Security, Office of Civil Rights and Civil Liberties. Comments must be identified by DHS–2012–0046 and may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>.

- *Email:* oir_submission@omb.eop.gov. Include the docket number in the subject line of the message.

- *Fax:* (202) 395–5806.

Instructions: All submissions received must include the words “Department of Homeland Security” and the docket number for this action. Comments received will be posted without alteration at <http://www.regulations.gov>, including any personal information provided. OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: The PCII Program was created by Congress under the Critical Infrastructure Information Act of 2002, (Sections 211–215, Title II, Subtitle B of the Homeland Security Act of 2002, Pub. L. 107–296) (CII Act) to encourage voluntary information sharing by owners and operators of critical infrastructure and protected systems. The PCII Program is implemented by 6 CFR Part 29, Procedures for Handling Critical Infrastructure Information; Final Rule (the Regulation), which was issued in 2006. PCII refers to validated and

marked critical infrastructure information not customarily in the public domain and related to the security of critical infrastructure or protected systems, which is voluntarily submitted to DHS for homeland security purposes. The PCII Program offers several protections for information validated as PCII. The PCII Program is administered by DHS/NPPD/IP/IICD. The PCII Program is responsible for ensuring compliance with the Regulation’s uniform procedures for the handling, use, dissemination, and safeguarding of PCII. In this capacity, the PCII Program oversees a community of stakeholders, including submitters of critical infrastructure information, authorized users of PCII and accredited Federal, state and local entities with homeland security duties. The PCII Program is required by its authorizing regulation to assist the Officers in overseeing their own accredited PCII programs at the state and local level. See 6 CFR 29.4(d). This questionnaire is designed to gather information from PCII Officers that can be used to assess their programs, their compliance with PCII rules and requirements, and the specific needs of their accredited programs. This will help the DHS PCII Program to ensure that PCII is being properly protected and avoid any improper disclosures, which would severely harm the Program, given PCII’s voluntary nature.
