(l) Other FAA AD Provisions

The following provisions also apply to this AD:

Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office. The AMOC approval letter must specifically reference this AD.

(2) Airworthy Product: For any requirement in this AD to obtain corrective actions from a manufacturer or other source, use these actions if they are FAA-approved. Corrective actions are considered FAA-approved if they are approved by the State of Design Authority (or their delegated agent). You are required to assure the product is airworthy before it is returned to service.

(m) Related Information

(1) Refer to MCAI EASA Airworthiness Directive 2012–0189, dated September 24, 2012, and the following service information for related information.

(2) For service information identified in this AD, contact Dassault Falcon Jet, P.O. Box 2000, South Hackensack, NJ 07606; telephone 201–440–6700; Internet http://www.dassaultfalcon.com. You may review copies of the referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425–227–1221.

Issued in Renton, Washington, on May 13, 2013.

Ali Bahrami,
Manager, Transport Airplane Directorate,
Flight Standards Certification Service.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 35

[Docket No. RM13–2–000]

Small Generator Interconnection Agreements and Procedures

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice of Proposed Rulemaking: correction.

SUMMARY: This document contains corrections to the proposed rule (RM13–2–000) which was published in the Federal Register of Friday, February 1, 2013 (78 FR 7524). The regulations revised the pro forma Small Generator Interconnection Procedures (SGIP) and pro forma Small Generator Interconnection Agreement (SGIA) originally set forth in Order No. 2006. Dates: Effective on [June 3, 2013].

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

Errata Notice

On January 17, 2013, the Commission issued an order in the above-referenced docket. Small Generator Interconnection Agreements and Procedures, 142 FERC ¶ 61,049 (2013). The order is revised as follows:

The fourth sentence of paragraph 45 should read, “This requirement was included in Order No. 2006 but was not made clear in the pro forma SGIP.”

In FR Doc. 2013–01366 appearing on page 7523 in the Federal Register of Friday, February 1, 2013, the same corrections are made:

1. On page 7531, the fourth sentence of paragraph 45 should read, “This requirement was included in Order No. 2006 but was not made clear in the pro forma SGIP.”

Kimberly D. Bose,
Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 870

[Docket No. FDA–2013–N–0487]

Cardiovascular Devices;
Reclassification of External Counter-Pulsating Devices for Treatment of Chronic Stable Angina; Effective Date of Requirement for Premarket Approval for External Counter-Pulsating Devices for Other Specified Intended Uses

AGENCY: Food and Drug Administration, HHS.

ACTION: Proposed order.

SUMMARY: The Food and Drug Administration (FDA) is issuing a proposed administrative order to reclassify external counter-pulsating (ECP) devices for treatment of chronic stable angina that is refractory to optimal anti-anginal medical therapy and without options for revascularization, which is a preamendments class III device, into class II (special controls) based on new information. FDA is also proposing to require the filing of a premarket approval application (PMA) or a notice of completion of a product development protocol (PDP) for ECP devices for other intended uses specified in this proposed order. The Agency is also summarizing its proposed findings regarding the degree of risk of illness or injury designed to be eliminated or reduced by
