RIN 1012–AA09

Amendments to ONRR’s Remaining OMB-Approved Forms and Acronyms To Reflect Reorganization

AGENCY: Office of Natural Resources Revenue (ONRR), Office of the Secretary, Interior.

ACTION: Direct final rule.

SUMMARY: On May 19, 2010, the Secretary of the Interior separated and reassigned responsibilities previously performed by the former Minerals Management Service (MMS) to three separate organizations. As part of this reorganization, on October 1, 2010, the Secretary established the Office of Natural Resources Revenue (ONRR) within the Office of the Assistant Secretary—Policy, Management and Budget (PMB). At the same time, ONRR initiated a CFR chapter reorganization. This direct final rule amends the remaining Office of Management and Budget (OMB) approved form numbers for information collection requirements and corresponding technical corrections to part and position titles, agency names, and acronyms.

DATES: This rule is effective on May 22, 2013.

FOR FURTHER INFORMATION CONTACT: For questions on technical issues, contact Armand Southall, Regulatory Specialist, ONRR, telephone (303) 231–3221; or email armand.southall@onrr.gov. You may obtain a paper copy of this rule by contacting Mr. Southall by phone or email.

SUPPLEMENTARY INFORMATION:

I. Background

On May 19, 2010, by Secretarial Order No. 3299, the Secretary of the Department of the Interior (Secretary) announced the restructuring of MMS. On June 18, 2010, by Secretarial Order No. 3302, the Secretary announced the name change of MMS to the Bureau of Ocean Energy Management, Regulation, and Enforcement (BOEMRE). By these orders, the Secretary separated and reassigned the responsibilities previously performed by the former MMS to three separate organizations: the Office of Natural Resources Revenue, the Bureau of Ocean Energy

Management (BOEM), and the Bureau of Safety and Environmental Enforcement (BSEE). ONRR is responsible for the royalty management functions of the former MMS’s Minerals Revenue Management Program.

II. Explanation of Amendments

In this direct final rule, ONRR merely amends its remaining OMB-approved form numbers for information collection requests listed in certain parts of title 30 CFR, chapter XII. ONRR does not make any substantive changes in this direct final rule to the regulations or requirements in chapter XII. We also merely make any necessary corresponding technical corrections to part and position titles, agency names, and acronyms. This rule will not have any effect on the rights, obligations, or interests of any affected parties. Thus, under 5 U.S.C. 553(b)(B), ONRR, for good cause, finds that notice and comment on this rule are unnecessary and contrary to the public interest. Additionally, because this document is a “rule(. . .) of agency organization, procedure or practice” under 5 U.S.C. 553(b)(A), this document is, in any event, exempt from the notice and comment requirements of 5 U.S.C. 553(b). Lastly, because this non-substantive rule makes no changes to the legal obligations or rights of any affected parties, and because it is in the public interest for this rule to be effective as soon as possible, ONRR finds that good cause exists under 5 U.S.C. 553(d)(3) to make this rule effective immediately upon publication in the **Federal Register** rather than 30 days after publication.

As noted, this direct final rule amends the following 30 CFR parts and the related existing subparts:

- Part 1202—Royalties
 - Part 1204—Alternatives for Marginal Properties
 - Part 1206—Product Valuation
 - Part 1207—Sales Agreements or Contracts Governing the Disposal of Lease Products
 - Part 1210—Forms and Reports
 - Part 1218—Collection of Royalties, Rentals, Bonuses, and Other Monies Due the Federal Government
 - Part 1220—Accounting Procedures For Determining Net Profit Share Payment For Outer Continental Shelf Oil and Gas Leases
 - Part 1243—Suspensions Pending Appeal and Bonding—Office of Natural Resources Revenue
 - Part 1290—Appeal Procedures
- The following sections explain further these amendments to the regulations:

Subchapter A—Natural Resources Revenue

A. Part 1202—Royalties

We are revising part 1202, subparts C, D, and H.

Acronyms, Agency Names, OMB-approved Form Numbers, and Section Numbers. We are amending sections to replace “Bureau of Ocean Energy Management, Regulations, and Enforcement” with “Bureau of Ocean Energy Management” or “Bureau of Safety and Environmental Enforcement” and “BOEMRE” with “BOEM” or “BSEE,” respectively. We also are amending our OMB-approved form numbers, listed in this part, to replace “MMS” with “ONRR” as we complete our form update process. In addition, we are correcting a misprinted section number from § 202.350 to § 1202.350 due to reorganizing and repromulgating our regulations in chapter XII, title 30 CFR.

B. Part 1204—Alternatives for Marginal Properties

We are revising part 1204, subpart C. *Acronym, OMB-approved Form Numbers, and Section Numbers.* We are updating this subpart to replace references of “BOEMRE” with “BOEM.” We also are amending OMB-approved form numbers, listed in this part, to replace “MMS” with “ONRR” as we complete our form-update process. We also are revising § 1204.215 in Plain Language to meet the criteria of Executive Orders 12866 and 12988, and the Presidential Memorandum dated June 1, 1998, which require us to write all rules so that the public can read them more clearly and consistently. This revision makes no substantive changes as previously stated in Section II, Explanation of Amendments, of this rule. In addition, we are correcting referenced section numbers due to reorganizing and repromulgating our regulations in chapter XII, title 30 CFR.

C. Part 1206—Product Valuation

We are revising part 1206, subparts B, C, D, E, F, H, and J.

Acronyms, Definitions, OMB-approved Form Numbers, and Section Numbers. We are amending the OMB-approved form numbers, listed in this part, to replace “MMS” with “ONRR” as we complete our form-update process. We also are amending this part to replace references of “BOEMRE” with “BOEM” or “BSEE,” depending on the context. We also are adding new definitions, “BOEM” and “BSEE,” into §§ 1206.101 and 1206.151 and amending § 1206.364(d) to remove “subpart B.” In addition, we are

correcting referenced part and section numbers due to reorganizing and repromulgating our regulations in chapter XII, title 30 CFR.

D. Part 1207—Sales Agreements or Contracts Governing the Disposal of Lease Products

We are revising part 1207, subpart A.

Acronyms, Addresses, Agency Names, and Sections. In paragraph (a) of § 1207.1, we removed the first sentence and replaced it with sentences rewritten in Plain Language. Also, in paragraph (b) of § 1207.1, we are rewriting the paragraph in Plain Language to include ONRR's address and the OMB control number. We also are amending sections to replace "Bureau of Ocean Energy Management, Regulations, and Enforcement (BOEMRE)" with "Bureau of Ocean Energy Management (BOEM)" and "BOEMRE" with "BOEM." In addition, we are adding "Bureau of Safety and Environmental Enforcement" to § 1207.5 so that BSEE will receive copies of all sales contracts, agreements, etc.

E. Part 1210—Forms and Reports

We are revising part 1210, subparts A, B, C, D, E, and H.

OMB-approved Form Numbers.

Currently, 30 CFR 1210.10 contains a list of information collections that OMB approved prior to ONRR's separation from BOEMRE. In this rule, we are providing, under 30 CFR 1210.10, an updated information collection requests (ICR) table showing the OMB-approved form numbers for current ICRs. We are amending the OMB-approved form numbers, listed in this part, to replace "MMS" with "ONRR" as we complete our form-update process. We also are correcting § 1210.205 to label the first paragraph as "(a)." In addition, we are revising § 1210.353 in Plain Language.

F. Part 1218—Collection of Royalties, Rentals, Bonuses, and Other Monies Due the Federal Government

We are revising part 1218, subparts A, B, D, E, and H.

Acronyms, Agency Name, OMB-approved Form Numbers, and Section Numbers. We are amending sections to replace "BOEMRE" with "Bureau of Safety and Environmental Enforcement (BSEE)" and "BSEE." We also are amending the form numbers, listed in this part, to replace "MMS" with "ONRR" as we complete our form-update process. In addition, we are correcting referenced section numbers due to reorganizing and repromulgating our regulations in chapter XII, title 30 CFR.

G. Part 1220—Accounting Procedures for Determining Net Profit Share Payment for Outer Continental Shelf Oil and Gas Leases

Acronyms, Agency names, and Definition. We are amending subparagraph (1) in the definition of *Capital recovery period* in § 1220.002 to replace "Bureau of Ocean Energy Management, Regulations, and Enforcement (BOEMRE)" with "Bureau of Ocean Energy Management (BOEM)." We also are amending subparagraph (3) in the definition of *Capital recovery period* in § 1220.002 to replace "Director" with "BOEM Director." We also are deleting the definition of *Director* in § 1220.002 because we will list and identify three different Directors in the Department of the Interior (DOI) who we reference in this part. In addition, we are amending sections to replace "Director" with "BOEM Director" or "Bureau of Safety and Environmental Enforcement (BSEE) Director" or "BSEE Director" or "Office of Natural Resources Revenue (ONRR) Director" or "ONRR Director."

H. Part 1243—Suspensions Pending Appeal And Bonding—Office of Natural Resources Revenue

We are revising part 1243, subpart A.

Acronym, Agency name, and Definition. We are amending the definition of "ONRR bond-approving officer" in § 1243.3 to replace "Associate Director for Minerals Revenue Management" with "Deputy Director for Office of Natural Resources Revenue" and "Associate Director" with "Deputy Director." We also are amending § 1243.8 to replace "BOEMRE" with "Bureau of Ocean Energy Management."

Subchapter B—Appeals

I. Part 1290—Appeal Procedures

We are amending part 1290 by updating referenced section text to replace "subpart" with "part" due to reorganizing and repromulgating our regulations in chapter XII, title 30 CFR.

III. Procedural Matters

Regulatory Planning and Review (Executive Orders 12866 and 13563)

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs (OIRA) will review all significant rules. OIRA has determined that this rule is not significant.

Executive Order 13563 reaffirms the principles of E.O. 12866, while calling for improvements in the Nation's regulatory system to promote predictability, to reduce uncertainty,

and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. E.O. 13563 directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that agencies must base regulations on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

Regulatory Flexibility Act

DOI certifies that this direct final rule does not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This direct final rule will impact large and small entities but will not have a significant economic effect on either because this is a technical rule renumbering already approved OMB control numbers, renaming certain forms, and correcting corresponding part and position titles, agency names, and acronyms for ONRR's information collection requirements (ICRs) listed in title 30 CFR, chapter XII, regulations.

Small Business Regulatory Enforcement Fairness Act

This direct final rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This direct final rule:

- Does not have an annual effect on the economy of \$100 million or more.
- Will not cause a major increase in costs or prices for consumers; individual industries; Federal, State, or local government agencies; or geographic regions.

- Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

This is only a technical rule renumbering already approved OMB control numbers, renaming certain forms, and correcting corresponding part and position titles, agency names, and acronyms for ONRR's information collection requirements (ICRs) listed in title 30 CFR, chapter XII, regulations.

Unfunded Mandates Reform Act

This direct final rule does not impose an unfunded mandate on State, local, or tribal governments or the private sector of more than \$100 million per year. This direct final rule does not have a

significant or unique effect on State, local, or tribal governments or the private sector. We are not required to provide a statement containing the information that the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) requires because this is a technical rule renumbering already approved OMB control numbers, renaming certain forms, and correcting corresponding part and position titles, agency names, and acronyms for ONRR's ICRs.

Takings (E.O. 12630)

Under the criteria in section 2 of Executive Order 12630, this direct final rule does not have any significant takings implications. This direct final rule applies to Outer Continental Shelf (OCS), Federal onshore, and Indian onshore leases. It does not apply to private property. This direct final rule does not require a Takings Implication Assessment.

Federalism (E.O. 13132)

Under the criteria in section 1 of Executive Order 13132, this direct final rule does not have sufficient federalism implications to warrant the preparation of a Federalism summary impact statement. This is a technical rule renumbering already approved OMB control numbers, renaming certain forms, and correcting corresponding part and position titles, agency names, and acronyms for ONRR's ICRs listed in title 30 CFR, chapter XII, regulations. This direct final rule does not require a Federalism summary impact statement.

Civil Justice Reform (E.O. 12988)

This direct final rule complies with the requirements of E. O. 12988 for the reasons outlined in the following paragraphs.

a. This rule meets the criteria of section 3(a), which requires that we review all regulations to eliminate errors and ambiguity and to write them to minimize litigation.

b. This rule meets the criteria of section 3(b)(2), which requires that we write all regulations in clear language with clear legal standards.

Consultation With Indian Tribes (E.O. 13175 and Department policy)

DOI strives to strengthen its government-to-government relationship with Indian Tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and tribal sovereignty. Under DOI's consultation policy and the criteria in Executive Order 13175, we have evaluated this direct final rule and determined that it has no substantial direct effects on federally recognized

Indian tribes. Therefore, we are not required to complete a consultation under DOI's tribal consultation policy.

Paperwork Reduction Act

This direct final rule does not contain any information collection requirements and does not require a submission to OIRA under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. We are not required to provide a detailed statement under the National Environmental Policy Act of 1969 (NEPA) because this rule qualifies for categorical exclusion under 43 CFR 46.210(i) and the DOI Departmental Manual, part 516, section 15.4.D: "(j) Policies, directives, regulations, and guidelines: that are of an administrative, financial, legal, technical, or procedural nature." We have also determined that this rule is not involved in any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA. The procedural changes resulting from these amendments have no consequences with respect to the physical environment. This rule will not alter in any material way natural resource exploration, production, or transportation.

Information Quality Act

In accordance with the Information Quality Act, DOI has issued guidance regarding the quality of information that it relies on for regulatory decisions. This guidance is available on DOI's Web site at http://www.doi.gov/ocio/information_management/iq.cfm.

Effects on the Energy Supply (E.O. 13211)

This direct final rule is not a significant energy action under the definition in E.O. 13211, and, therefore, it does not require a Statement of Energy Effects.

§ 1210.353 Monthly report of sales and royalty.

You must submit a completed Report of Sales and Royalty Remittance (Form ONRR-2014) each month once sales or use of production occur, even though sales may be intermittent, unless ONRR otherwise authorizes. This report is due on or before the last day of the month following the month in which

production was sold or used, together with the royalties due to the United States.

Approval and Promulgation of Air Quality Implementation Plans; Wisconsin; Prevention of Significant Deterioration Greenhouse Gas Tailoring and Biomass Deferral Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving revisions to the Wisconsin State Implementation Plan (SIP), submitted by the Wisconsin Department of Natural Resources (WDNR) to EPA on May 4, 2011, June 20, 2012, and September 28, 2012. The revisions modify Wisconsin’s Prevention of Significant Deterioration (PSD) program to establish appropriate emission thresholds for determining which new stationary sources and modification projects become subject to Wisconsin’s PSD permitting requirements for their greenhouse gas (GHG) emissions. Additionally, these revisions defer until July 21, 2014, the application of the PSD permitting requirements to biogenic carbon dioxide (CO₂) emissions from bioenergy and other biogenic stationary sources in the State of Wisconsin. EPA has made the preliminary determination that these revisions are in accordance with the Clean Air Act (CAA) and EPA regulations regarding PSD permitting for GHGs and is approving Wisconsin’s revisions.

DATES: This final rule is effective on June 21, 2013.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2011-0467, or EPA-R05-OAR-2012-0538. All documents in the docket are listed in the www.regulations.gov Web site. Although listed in the index, some information is not publicly available,

e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Danny Marcus, Environmental Engineer, at (312) 353-8781 before visiting the Region 5 office.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA. This **SUPPLEMENTARY INFORMATION** section is arranged as follows:

- I. What is being addressed by this document?
- II. What comments did we receive on the proposed rule?
- III. What action is EPA taking?
- IV. Statutory and Executive Order Reviews

I. What is being addressed by this document?

On December 28, 2012, at 77 FR 76430, EPA proposed to approve into the state’s Federally-approved SIP regulatory additions that Wisconsin submitted which are consistent with the “PSD and Title V Greenhouse Gas Tailoring; Final Rule,” 75 FR 31514 (June 3, 2010) (The “Tailoring Rule”), the “Limitation of Approval of Prevention of Significant Deterioration Provisions Concerning Greenhouse Gas Emitting-Sources in State Implementation Plans Final Rule,” 75 FR 82536 (December 30, 2010) (The “PSD SIP Narrowing Rule”) and the “Deferral for CO₂ Emissions From Bioenergy and Other Biogenic Sources

Under the Prevention of Significant Deterioration (PSD) and Title V Programs; Final Rule” 76 FR 43490, July 20, 2011.

These rules establish thresholds and time frames that ensure that smaller GHG sources emitting less than these thresholds will not be subject to PSD permitting requirements for the GHGs that they emit, and defer consideration of CO₂ emissions from bioenergy and other biogenic sources (biogenic CO₂ emissions) when determining whether the modification of a stationary source would result in a net emissions increase that would trigger PSD thresholds and would require the application of Best Available Control Technology.

II. What comments did we receive on the proposed rule?

EPA provided a 30-day review and comment period. The comment period closed on January 28, 2013. EPA received one comment supporting EPA’s approval of these revisions. EPA received no adverse comments.

III. What action is EPA taking?

EPA is approving Wisconsin’s May 4 2011, June 20 2012, and September 28 2012, SIP submittals. Specifically, EPA is approving revisions to chapters NR 400.02 (74m); 400.03 (3) (om), and (4) (go) and (kg); 405.02 (28m); 405.07 (9) of the Wisconsin Administrative Code and Wisconsin State Statutes, Sections 285.60(3m) and 285.63(3m) into the SIP. These revisions implement the Tailoring Rule and Deferral of CO₂ emissions from biogenic sources.

Because Wisconsin’s changes to its air quality regulations will incorporate the appropriate thresholds for GHG permitting applicability into its SIP, EPA is also amending 40 CFR 52.2572, to remove subsection (b), which is being replaced by the new rules that Wisconsin has submitted. The new rules are consistent with the Federal Tailoring Rule provisions, which limit the applicability of PSD to GHG-emitting sources below the Tailoring Rule thresholds.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission
