Surface Transportation Board

[Docket No. FD 35719 (Sub-No. 1)]

Grainbelt Corporation—Trackage Rights Exemption—BNSF Railway Company and Stillwater Central Railroad Company

By petition filed on February 28, 2013, Grainbelt Corporation (GNBC) requests that the Board partially revoke a class exemption to permit the amended trackage rights arrangements between grantee GNBC and grantors BNSF Railway Company (BNSF) and Stillwater Central Railroad Company (SLWC) exempted in *Grainbelt Corporation—Trackage Rights Exemption—BNSF Railway Company and Stillwater Center Railroad Company*, Docket No. FD 35719, served and published in the **Federal Register**

on March 15, 2013 (78 FR 16,570), to expire on February 1, 2023.

In the notice of exemption, BNSF and SLWC each agreed to grant amended trackage rights to GNBC, which together allow GNBC to provide local service to a grain shuttle facility in Headrick, Okla. Specifically, BNSF has amended its trackage rights to permit local service over the connecting line between the connection with SLWC east of Long, Okla. (milepost 668.73), and Altus, Okla. (milepost 688.00), and SLWC has amended its trackage rights to permit local service between Snyder Yard (milepost 664.00) and its connection with BNSF east of Long (milepost 668.73).

Prior to the amended trackage rights arrangement exempted in Docket No. FD 35719, GNBC already held overhead trackage rights granted by the predecessor of BNSF between Snyder Yard (milepost 664.00) and Quanah, Tex. (milepost 723.30), under which GNBC has the right to interchange at Quanah with BNSF and Union Pacific Railroad Company. BNSF subsequently sold a portion of the subject trackage to SLWC. The original trackage rights were supplemented in 2009 to allow GNBC to
