19b–4(f)(2) thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

• Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml) or
• Send an email to rule-comments@sec.gov. Please include File No. SR–DTC–2013–06 on the subject line.

Paper Comments

• Send in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090.

All submissions should refer to File No. SR–DTC–2013–06. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (http://www.sec.gov/rules/sro.shtml). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filings will also be available for inspection and copying at the principal office of DTC and on DTC’s Web site at http://dtcc.com/legal/rule_files/dtc/2013.php.

All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR–DTC–2013–06 and should be submitted on or before June 12, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.16

Kevin M. O’Neill,
Deputy Secretary.

BILLING CODE 8011–01–P

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for commercial-type ovens, gas ranges, and ranges.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a class waiver of the Nonmanufacturer Rule for commercial-type ovens, gas ranges, and ranges, under Product Service Code (PSC) 7310 (Food Cooking, Baking, and Serving Equipment), under the North American Industry Classification System (NAICS) code 333318 (Other Commercial and Service Industry Machinery Manufacturing). According to the waiver request, no small business manufacturers supply this class of products to the Federal government. Thus, SBA is seeking information on whether there are small business manufacturers of these items. If granted, the waiver would allow otherwise qualified small businesses to supply the product of any manufacturer on a Federal contract set aside for small businesses, Service-Disabled Veteran-Owned (SDVO) small businesses, Participants in the SBA’s 8(a) Business Development (BD) program, or Women-Owned Small Businesses (WOSBs).

DATES: Comments and source information must be submitted July 8, 2013.

ADDRESSES: You may submit comments and source information, identified by docket number SBA–2013–0005, by any of the following methods:

(1) Federal eRulemaking Portal: www.regulations.gov, following the instructions for submitting comments; or

(2) Mail/Hand Delivery/Courier: Edward Halstead, Procurement Analyst, Small Business Administration, Office

of Government Contracting, 409 3rd
Street SW., Suite 8022, Washington, DC
20416.

All comments will be posted on
www.regulations.gov. If you wish to
include within your comment
confidential business information (CBI)
as defined in the Privacy and Use
regulations.gov, and you do not want
that information disclosed, you must
submit the comment by either Mail or
Hand Delivery. In the submission, you
must highlight the information that you
consider CBI and explain why you
believe this information should be
withheld as confidential. SBA will make
a final determination, in its sole
discretion, as to whether the
information is CBI and therefore will be
published or withheld.

FOR FURTHER INFORMATION CONTACT:
Edward Halstead, by telephone at (202)
205–9885, or by email at
edward.halstead@sba.gov.

SUPPLEMENTARY INFORMATION: Section
8(a)(17) of the Small Business Act (Act),
15 USC 637(a)(17), and SBA’s
implementing regulations require that
recipients of Federal contracts for
supplies which are set aside for small
businesses, Service-Disabled Veteran-
Owned (SDVO) small businesses,
Women-Owned Small Businesses
(WOSBs), or Participants in SBA’s 8(a)
BD Program must provide the product of
a small business manufacturer or
processor, if the recipient is other than
the actual manufacturer or processor of
the product. This requirement is
commonly referred to as the
Nonmanufacturer Rule. 13 CFR
121.406(b). Section 8(a)(17)(B)(iv)(II) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any class of
products for which there are no small
business manufacturers or processors
available to participate in the Federal
market.

In order to be considered available to
participate in the Federal market for a
class of products, a small business
manufacturer must have been awarded
or have performed a contract to supply
a specific class of products to the
Federal Government within 24 months
from the date of the request for waiver,
either directly or through a dealer, or
have submitted an offer on a solicitation
for that class of products within that
time frame. 13 CFR 121.1202(c). SBA
defines “class of products” as an
individual subdivision within a
(NAICS) Industry Number as established
by the Office of Management and
Budget in the NAICS Manual. 13 CFR
121.1202(d). In addition, SBA uses
(PSCs) to further identify particular
products within the NAICS code to
which a waiver would apply.

On July 12, 2012, SBA received a
request to waive the Nonmanufacturer
Rule for commercial ovens and broilers,
PSC 7310, under NAICS code 333319
(Other Commercial and Service Industry
Machinery Manufacturing). SBA notes
that at the time of the request, these
items were classified under NAICS code
333319. However, effective October 1,
2012, SBA published revised NAICS
codes and Small Business Size
Standards, for purposes of Government
procurement. As a result of this change,
NAICS code 333319 is eliminated from
the 2012 NAICS code listing and the items
requested for waiver are now listed under the 2012 NAICS code
333318.

The public is invited to comment or
provide source information to SBA on the
proposed waiver of the Nonmanufacturer Rule for the products
described in this notice within 45 days
after the date of publication in the
Federal Register.

Dated: May 16, 2013.

Kenneth W. Dodds,
Director, Office of Government Contracting.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Approval of Noise Compatibility Program for Tweed-New Haven
Regional Airport

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation
Administration (FAA) announces its
findings on the noise compatibility
program submitted by the Tweed-New
Haven Airport Authority under the
provisions of Title I of the Aviation
Safety and Noise Abatement Act of 1979
(Pub. L. 96–193) and 14 CFR part 150.
These findings are made in recognition
of the description of federal and non-
federal responsibilities in Senate Report
No. 96–52 (1980). On November 26,
2012, the FAA determined that the
noise exposure maps submitted by the
City of Portland under Part 150 were in
compliance with applicable
requirements. On May 9, 2013, the New
England Region Airports Division
Regional Manager approved the noise
compatibility program. Seventeen of the
proposed program elements were
approved, or approved in part. Four of
the elements were disapproved.

DATES: Effective Date: The effective date
of the FAA’s approval of the Tweed-
New Haven Regional Airport noise
compatibility program is May 9, 2013.

FOR FURTHER INFORMATION CONTACT:
Richard Doucette, Federal Aviation
Administration, New England Region,
Airports Division, 12 New England
Executive Park, Burlington,
Massachusetts 01803, Telephone (781)
238–7613. Documents reflecting this
FAA action may be obtained from the
same individual.

SUPPLEMENTARY INFORMATION: This
notice announces that the FAA has
given its overall approval to the Tweed-
New Haven Regional Airport noise
compatibility program, effective May 9,
2013.

Under Section 104(a) of the Aviation
Safety and Noise Abatement Act of 1979
(hereinafter the Act), an airport operator
who has previously submitted a noise
exposure map may submit to the FAA
a noise compatibility program which
sets forth the measures taken or
proposed by the airport operator for the
reduction of existing non-compatible
land uses and prevention of additional
non-compatible land uses within the
area covered by the noise exposure
maps.

The Act requires such programs to be
developed in consultation with
interested and affected parties including
local communities, government
agencies, airport users, and FAA
personnel.

Each airport noise compatibility
program developed in accordance with
Federal Aviation Regulation (FAR), Part
150 is a local program, not a federal
program. The FAA does not substitute
its judgment for that of the airport
proprietor with respect to which
measures should be recommended for
action. The FAA’s approval or
disapproval of FAR Part 150 program
recommendations is measured
according to the standards expressed in
Part 150 and the Act, and is limited to the
following determinations:
(a) The noise compatibility program
was developed in accordance with the
provisions and procedures of FAR Part
150;
(b) program measures are reasonably
consistent with achieving the goals of
reducing existing non-compatible land
uses around the airport and preventing
the introduction of additional non-
compatible land uses;
(c) program measures would not
create an undue burden on interstate or
foreign commerce, unjustly discriminate
against types or classes of aeronautical
uses, violate the terms of airport grant
agreements, or intrude into areas
