SUPPLEMENTARY INFORMATION:

A. Purpose

As implemented in Federal Acquisition Regulation (FAR) Subpart 23.10, Executive Order 13514, Federal Leadership in Environmental, Energy, and Economic Performance, signed on October 5, 2009 (74 FR 52117, October 8, 2009) and Executive Order 13423, Strengthening Federal Environmental, Energy, and Transportation Management, signed on January 24, 2007 (72 FR 3919, January 26, 2007), mandates compliance with right-to-know laws and pollution prevention requirements; implementation of an Environmental Management System (EMSs); and completion of Facility Compliance Audits (FCAs).

This information collection will be accomplished by means of FAR clause 52.223-5. This clause requires that

Federal facilities comply with the planning and reporting requirements of the Pollution Prevention Act (PPA) of 1990 (42 U.S.C. 13101-13109) and the Emergency Planning and Community Right-to-Know Act (EPCRA) of 1986 (42 U.S.C. 11001-11050). Additionally, this clause requires contractors to provide information necessary so that agencies can implement EMSs and complete FCAs at certain Federal facilities.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the Federal Acquisition Regulations (FAR), and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

B. Annual Reporting Burden

The estimated annual reporting burden is slightly decreased since it was originally published in the **Federal Register** at 74 FR 48745, on September 24, 2009. The adjustment is made based on current data and consultation with Federal Government subject matter experts familiar with the requirements under this information collection.

Number of Respondents: 5,401.

Responses per Respondent: 1.

Total Annual Responses: 5,401.

Hours per Response: 3.7493.

Estimated Total Burden Hours: 20,250.

Obtaining Copies of Proposals: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVCB), 1800 F Street NW., 2nd Floor, Washington, DC 20405-0001, telephone (202) 501-4755. Please cite OMB Control Number 9000-0147, Pollution Prevention and Right-to-Know Information, in all correspondence.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Partnerships To Advance the National Occupational Research Agenda (NORA)

AGENCY: The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease

Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of public meeting.

SUMMARY: The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC) announces the following public meeting: "Partnerships to Advance the National Occupational Research Agenda (NORA)".

Public Meeting Time and Date: 1 p.m.–3 p.m. EDT, June 20, 2013.

Place: Patriots Plaza, 395 E Street SW., Derek Dunn Conference Room (9250), Washington, DC 20201.

Purpose of the Meeting: The National Occupational Research Agenda (NORA) has been structured to engage partners with each other and/or with NIOSH to advance NORA priorities. The NORA Liaison Committee continues to be an opportunity for representatives from organizations with national scope to learn about NORA progress and to suggest possible partnerships based on their organization's mission and contacts. This opportunity is now structured as a public meeting via the Internet to attract participation by a larger number of organizations and to further enhance the success of NORA. Some of the types of organizations of national scope that are especially encouraged to participate are employers, unions, trade associations, labor associations, professional associations, and foundations. Others are welcome.

This meeting will include updates from NIOSH leadership on NORA and on plans for evaluating the second decade of NORA. Brief written updates will be available from approximately half of the NORA Sector Councils on their progress, priorities, and implementation plans to date, likely including the NORA Construction; Manufacturing; Public Safety; Services and Wholesale and Retail Trade Councils. There will be time to ask questions and discuss partnership opportunities.

Status: The meeting is open to the public, limited only by the capacities of the conference call and conference room facilities. There is limited space available in the meeting room (capacity 20). Everyone is encouraged to participate through the Internet (to see the slides) and a teleconference call (capacity 50). Each participant is requested to register for the free meeting by sending an email to noracoordinator@cdc.gov containing the participant's name, organization name, contact telephone number on the day of the meeting, and preference for

participation in-person or by Web meeting (requirements include: computer, Internet connection, and telephone, preferably with 'mute' capability). An email confirming registration will include the details needed to participate in the Web meeting. Non-US citizens are encouraged to participate in the Web meeting. Non-US citizens who do not register to attend in person on or before June 3, 2013, will not be granted access to the meeting site and will not be able to attend the meeting in-person due to mandatory security clearance procedures at the Patriots Plaza facility.

Background: NORA is a partnership program to stimulate innovative research in occupational safety and health leading to improved workplace practices. Unveiled in 1996, NORA has become a research framework for the nation. Diverse parties collaborate to identify the most critical issues in workplace safety and health. Partners then work together to develop goals and objectives for addressing those needs and to move the research results into practice. The NIOSH role is facilitator of the process. For more information about NORA, see <http://www.cdc.gov/niosh/nora/about.html>.

Since 2006, NORA has been structured according to industrial sectors. Ten major sector groups have been defined using the North American Industrial Classification System (NAICS). After receiving public input through the Web and town hall meetings, ten NORA Sector Councils defined sector-specific strategic plans for conducting research and moving the results into widespread practice. To view the National Sector Agendas, see <http://www.cdc.gov/niosh/nora/>.

FOR FURTHER INFORMATION CONTACT: Sidney C. Soderholm, Ph.D., NORA Coordinator, Email noracoordinator@cdc.gov, telephone (202) 245-0665.

Dated: May 13, 2013.

John Howard,

Director, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention.
