development plan, including any testing conducted with potential end users (5 points); description of the prevention-related information that targeted populations can use to decrease high-risk drinking among college students (10 points); and description of which platforms the technology-based product can be accessible through (5 points).

- Quality of Product Performance (40 points maximum): description of how the product can garner high engagement among college students; campus faculty, staff, and administrators; and parents of college students (10 points); description of how the product can be adopted and used by colleges and universities using their existing communication systems (20 points); and description of how the product can be updated and maintained (10 points).

- Quality of Project Personnel (10 points maximum): description of the applicant’s relevant background and experience related to the product.

Based on the review panel’s recommendation, each finalist will participate in a virtual or in-person meeting with federal staff to discuss their technology-based product and demonstrate its operation. The purpose of these meetings is to further evaluate the entrant’s product, provide an additional source of information about each entrant’s product to SAMSHA, and clarify any concerns or questions raised by the review panel.

For a Submission to be eligible to win this Challenge, it must meet the following requirements:

1. Acceptable platforms—The product must be designed for use with existing Web, mobile, voice, electronic health record, or other platform to support interactions with other capabilities.

2. Section 508 Compliance—Entrants must acknowledge, as a prerequisite to any subsequent acquisition by federal contract or other method, they may be required to make their product compliant with Section 508 accessibility and usability requirements at their own expense. Any electronic information technology that is ultimately obtained by HHS for its use, development, or maintenance must meet Section 508 accessibility and usability standards. Past experience has demonstrated that it can be costly for solution-providers to “retrofit” solutions if remediation is later needed. The HHS Section 508 Evaluation Product Assessment Template, available at www.hhs.gov/od/vendors/index.html, provides a useful roadmap for developers to review. It is a simple, Web-based checklist utilized by HHS officials to allow vendors to document how their products do or do not meet the various Section 508 requirements.

3. No HHS or SAMHSA logo—The product must not use HHS’s or SAMHSA’s logos or official seals in the Submission and must not claim endorsement.

4. Functionality/Accuracy—A Submission may be disqualified if the product fails to function as proposed by the entrant, or if the product provides inaccurate or incomplete information.

5. Security—Submissions must be free of malware. Entrant agrees that SAMSHA may conduct testing on the product to determine whether malware or other security threats may be present.

Additional Information

General Conditions: SAMSHA reserves the right to cancel, suspend, and/or modify the Challenge, or any part of it, for any reason, at SAMSHA’s sole discretion. Participation in this Challenge constitutes an entrant’s full and unconditional agreement to abide by the Challenge’s Official Rules found at www.challenge.gov. Privacy Policy: ChallengePost collects personal information from you when you register on Challenge.gov. The information collected is subject to the ChallengePost privacy policy located at www.challengepost.com/privacy.

Ownership of intellectual property is determined by the following:

- Each entrant retains title and full ownership in and to their submission. Entrants expressly reserve all intellectual property rights not expressly granted under the Challenge agreement.

- By participating in this Challenge, each entrant hereby irrevocably grants to the federal government a limited, non-exclusive, royalty-free, worldwide license and right to reproduce, publicly perform, publicly display, and use the Submission to the extent necessary to administer the Challenge, and to publicly perform and publicly display the Submission, including, without limitation, for advertising and promotional purposes relating to the Challenge.

Summer King,
Statistician.

BILLING CODE 4162–20–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5681–N–21]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402–3970; TTY number for the hearing- and speech-impaired (202) 708–2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800–927–7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in National Coalition for the Homeless v. Veterans Administration, No. 88–2503–OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unutilized, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency’s needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where
property is described as for “off-site use only” recipients of the property will be required to relocate the building to their own site at their own expense.

Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Ritta, Office of Enterprise Support Programs, Program Support Center, HHS, room 12–07, 5600 Fishers Lane, Rockville, MD 20857; (301) 443–2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/ available or suitable/unavailable. For properties listed as suitable/ unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1–800–927–7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the Federal Register, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: Agriculture: Ms. Brenda Carignan, Department of Agriculture, Reporters Building, 300 7th Street SW, Room 337, Washington, DC 20024, (202) 401–0787; Coast Guard: Commandant, United States Coast Guard, Attn: Jennifer Stolmer, 2100 Second St. SW., Stop 7901, Washington, DC 20593–0001; (202) 475–5609; (These are not toll-free numbers).

Dated: May 16, 2013.

Mark Johnston,
Deputy Assistant Secretary for Special Needs.

BILLING CODE 4210–67–P

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS WSSO EGD SSD PPWON RADEJPPMR SNR1N.MM0000]

Proposed Information Collection;

Comment Request: Social Values of Ecosystem Services at Cape Lookout National Seashore

AGENCY: National Park Service, Interior.

ACTION: Notice and request for comments.

SUMMARY: We (National Park Service) will ask the Office of Management and Budget (OMB) to approve the Information Collection Request (ICR) described below. This collection will be used to survey two subsets of visitor groups and local community members about the values they place on cultural and natural resources at Cape Lookout National Seashore (CALO). To comply with the Paperwork Reduction Act of 1995 and as a part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to comment on this ICR. A Federal agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: To ensure that your comments on this ICR are considered, OMB must receive them on or before June 24, 2013.

ADDRESSES: Please submit written comments on this information collection directly to the Office of Management and Budget (OMB) Office of Information and Regulatory Affairs, Attention: Desk Officer for the Department of the Interior, via email to OIRA_Submission@omb.eop.gov or fax at 202–395–5806; and identify your submission as 1024–NEW: CALO Survey. Please also send a copy of your comments to Phadrea Ponds, Information Collection Coordinator, National Park Service, 1201 Oakridge Drive, Fort Collins, CO 80525 (mail); or phadrea.ponds@nps.gov (email). Please reference Information Collection 1024–NEW: CALO Survey in the subject line.

FOR FURTHER INFORMATION CONTACT: Eva DiDonato at eva_didonato@nps.gov (email); or by mail at 1201 Oakridge Drive, Fort Collins, CO 80525. You may also access this ICR at www.reginfo.gov.

I. Abstract

We will conduct a survey of Cape Lookout National Seashore visitors and a random sample of the general public in the local communities surrounding the park. The collection will be used to understand the social values that visitors and residents of the local community place on cultural and natural resources of the park. The information from this collection will provide National Park Service managers and planners with scientifically sound data about visitors that can be used to prepare resource management planning documents.

II. Data

OMB Control Number: None. This is a new collection.

Title: Social Values of Ecosystem Services at Cape Lookout National Seashore.

Type of Request: New.

Affected Public: General Public; Park Visitors and Local Residents.

Respondent Obligation: Voluntary.

Frequency of Collection: One time.

Estimated Number of Annual Responses: 5,447.

Estimated Annual Burden Hours: 842 hours. We estimate the public reporting burden will average 20 minutes to
