AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Louisville and Nashville Railroad Drawbridge across the Cumberland River, mile 190.4, at Nashville, Tennessee. The deviation is necessary to allow the bridge owner time to perform preventive maintenance that is essential to the continued safe operation of the drawbridge. This deviation allows the bridge to remain in the closed-to-navigation position while a worn gear and shaft assembly are replaced.

DATES: This deviation is effective from 8 a.m., May 28, 2013 to 6 p.m., May 29, 2013.

ADDRESSES: The docket for this deviation, [USCG-2013-0370] is

SUPPLEMENTARY INFORMATION: The CSX Transportation, Inc. requested a temporary deviation for the Louisville and Nashville Railroad Drawbridge, across the Cumberland River, mile 190.4, at Nashville, Tennessee to remain in the closed-to-navigation position while a worn gear and shaft assembly are replaced. The closure period will start at 8 a.m., May 28, 2013 to 6 p.m., May 29, 2013.

Once the worn gear and shaft assembly are removed, the swing span will not be able to open, even for emergencies, until the replacement of the gear and shaft assembly is installed.

The Louisville and Nashville Railroad Drawbridge currently operates in accordance with 33 CFR 117.5, which states the general requirement that drawbridges shall open promptly and fully for the passage of vessels when a request to open is given in accordance with the subpart. In order to facilitate the needed bridge work, the drawbridge must be kept in the closed-to-navigation position.

There are no alternate routes for vessels transiting this section of the Cumberland River.

The Louisville and Nashville Railroad Drawbridge, in the closed-to-navigation position, provides a vertical clearance of 47 feet above normal pool. Navigation on the waterway consists primarily of commercial tows and recreational watercraft. This temporary deviation has been coordinated with the waterway users. No objections were received.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated period of this temporary deviation. This deviation

from the operating regulations is authorized under 33 CFR 117.35.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the final details of the event were not known to the Coast Guard until recently. Publishing an NPRM would be impracticable because there is insufficient time to hold a comment period and immediate action is needed to provide for the safety of life and property on navigable waters.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this safety zone would be impracticable and contrary to the public interest since immediate action is needed to ensure the safety of the event participants, spectator craft, and other vessels transiting the event area.

B. Basis and Purpose

From May 31, 2013, through June 2, 2013, Whisper Concerts Entertainment, Inc. will host an air show event over the Atlantic Ocean in Virginia Beach, VA. In recent years, there have been unfortunate incidents involving jets and planes crashing during performances at air shows. Additionally, there is typically a wide area of scattered debris that could damage property and cause significant injury or death to mariners observing the air shows. In order to protect mariners and the public transiting the Atlantic Ocean immediately below the air show from hazards associated with the air show, the Coast Guard will establish a safety zone.

C. Discussion of the Final Rule

The Coast Guard is establishing a safety zone on specified waters of the

Chesapeake Bay bounded by the following coordinates: 36°-49'-50" N/075°-58'-02" W, 36°-51'-46" N/075°-58'-33" W, 36°-51'-53" N/075°-57'-57" W, 36°-49'-57" N/075°-57'-26" W (NAD 1983), in the vicinity of Virginia Beach, Virginia. This safety zone will be enforced from May 31, 2013, until June 2, 2013 between the hours of 12 p.m. and 3 p.m. each day. Access to the safety zone will be restricted during the specified date and times. No person or vessel may enter or remain in the safety zone except for vessels authorized by the Captain of the Port or his Representative.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. Although this regulation restricts access to the safety zone, the effect of this rule will not be significant because: (i) the safety zone will be in effect for a limited duration; (ii) the zone is of limited size; and (iii) the Coast Guard will make notifications via maritime advisories so mariners can adjust their plans accordingly.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities because the zone will only be in place

for a limited duration and maritime advisories will be issued allowing the mariners to adjust their plans accordingly.

This rule would affect the following entities, some of which might be small entities: The owners and operators of vessels intending to transit or anchor in that portion of the Atlantic Ocean from May 31, 2013, until June 2, 2013, between the hours of 12 p.m. and 3 p.m. each day.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER**

INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. *Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. *Taking of Private Property*

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. *Civil Justice Reform*

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. *Protection of Children*

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. *Indian Tribal Governments*

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. *Energy Effects*

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. *Technical Standards*

This rule does not use technical standards. Therefore, we did not

consider the use of voluntary consensus standards.

14. *Environment*

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a safety zone on the navigable waters of the Atlantic Ocean in Virginia Beach, VA in order to restrict vessel traffic movement to protect mariners from the hazards associated with air show events. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination will be available in the docket where indicated under **ADDRESSES**.
