

the Exchange until such information is available generally to similarly situated Members<sup>6</sup> in connection with the provision of inbound order routing to the Exchange.

The Exchange has complied with the above-listed conditions during the pilot. In meeting them, the Exchange has set up mechanisms that protect the independence of the Exchange's regulatory responsibility with respect to DE Route, as well as demonstrate that DE Route cannot use any information that it may have because of its affiliation with the Exchange to its advantage. Since the Exchange has met all the above-listed obligations and conditions, it now seeks permanent approval of the Exchange and DE Route's inbound routing relationship. Upon approval of the proposed rule change, the Exchange will continue to comply with the obligations and conditions as set forth in proposed EDGA Rule 2.12.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.<sup>7</sup> Specifically, the proposal is consistent with Section 6(b)(5) of the Act,<sup>8</sup> because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system.

Specifically, the proposed rule change will allow the Exchange to continue receiving inbound routes of equities orders from DE Route acting in its capacity as a facility of EDGX, in a manner consistent with prior approvals and established protections. The Exchange believes that meeting the commitments established during the pilot program demonstrates that the Exchange has mechanisms that protect the independence of the Exchange's regulatory responsibility with respect to DE Route, as well as demonstrates that DE Route cannot use any information that it may have because of its affiliation with the Exchange to its advantage.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The

proposed rule change does not impose any burden on intermarket or intramarket competition as it would allow the Exchange to have a permanent inbound router consistent with its competitors.<sup>9</sup>

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from its Members or other interested parties.
