

Edwards AFB non-excess property within the same project footprint as Alternative A. Alternative B would allow the developer to have greater siting flexibility to avoid environmentally sensitive areas.

Scoping: In order to effectively define the full range of issues to be evaluated in the EIS/EIR, the Air Force and County of Kern are soliciting scoping comments from interested state and federal agencies and interested members of the public. The public scoping period will extend for 30 days following the publication of the Notice of Intent in the **Federal Register**. The public is invited to participate in scoping meetings that will be held on 12 and 13 June, 2013, in the local communities of Mojave, CA; and Rosamond, CA. Federal, State, and local agencies, along with other stakeholders who may be interested or affected by the project are invited to participate in the scoping process. Notification of the meeting locations, dates, and times will be published and announced in local news media no later than 15 days prior to public scoping meetings.

The scoping process will help identify the full range of reasonable alternatives, potential impacts, and key issues to be emphasized in the environmental analysis. The USAF has identified potential impacts to the following resources: Air Quality, Biological Resources, Cultural and Historical Resources, Water Resources, Land Use, Paleontological Resources, Soils, and Visual Resources. Scoping will assist the Air Force and County of Kern in identifying and addressing other issues of concern.

Oral and written comments presented at the public scoping meetings, as well as written comments received by the Air Force or County of Kern will be considered in the preparation of the Draft EIS/EIR.
