

entities or persons (NGEPs) through their Community Reinvestment Act (CRA) responsibilities. Section 48 of the Federal Deposit Insurance Act (FDI Act) requires disclosure of certain of these agreements, and imposes reporting requirements on institutions and other insured depository institutions (IDIs), their affiliates, and NGEPs. 12 U.S.C. 1831y. As mandated by the FDI Act, the OCC, the Federal Deposit Insurance Corporation, and the Federal Reserve Board issued regulations to implement these disclosure and reporting requirements. The reporting provisions of these regulations constitute collections of information under the PRA. The regulations issued by the OCC are codified at 12 CFR parts 35 and 133; the collections of information contained in that regulation are known as “CRA Sunshine.”

Section 48 of the FDI Act applies to written agreements that: (1) Are made in fulfillment of the CRA, (2) involve funds or other resources of an IDI or affiliate with an aggregate value of more than \$10,000 in a year, or loans with an aggregate principal value of more than \$50,000 in a year, and (3) are entered into by an IDI or affiliate of an IDI and an NGEP. 12 U.S.C. 1831y(e).

The parties to a covered agreement must make the agreement available to the public and the appropriate agency. The parties also must file a report annually with the appropriate agency concerning the disbursement, receipt, and use of funds or other resources under the agreement. The collections of information in CRA Sunshine implement these statutorily mandated disclosure and reporting requirements. The parties to the agreement may request confidential treatment of proprietary and confidential information in an agreement or annual report. 12 CFR 35.8; 12 U.S.C. 1831y(a)–(c).

The information collections are found in 12 CFR 35.4(b); 35.6(b)–(d); 35.7(b) and (f); 133.4(b); 133.6(b)–(d); and 133.7(b) and (f).

Affected Public: Individuals; Businesses or other for-profit.

Estimated Number of Respondents: 388.

Estimated Total Annual Burden: 800.

Comment: The OCC published a 60-day notice in the **Federal Register**. 78 FR 16361 (March 14, 2013). No comments were received. Comments continue to be invited on:

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Five CFR 1320.5(a)(1)(iv) requires Federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an

existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the proposed collection of information set forth in this document.

The OCC is proposing to extend, with revision, the approval of the following information collection:

Title: Notice Regarding Unauthorized Access to Customer Information.

OMB Control No.: 1557-0227.

Type of Review: Extension of a currently approved collection.

Description: Section 501(b) of the Gramm-Leach-Bliley Act (15 U.S.C. 6801) requires the OCC to establish appropriate standards for national banks relating to administrative, technical, and physical safeguards: (1) To insure the security and confidentiality of customer records and information; (2) to protect against any anticipated threats or hazards to the security or integrity of such records; and (3) to protect against unauthorized access to, or use of, such records or information that could result in substantial harm or inconvenience to any customer.

The Interagency Guidelines Establishing Information Security Standards, 12 CFR Part 30, Appendix B and Part 170, Appendix B (collectively, Security Guidelines), implementing section 501(b), require each entity supervised by the OCC (supervised institution) to consider and adopt a response program, if appropriate, that specifies actions to be taken when the supervised institution suspects or detects that unauthorized individuals have gained access to customer information.

The Interagency Guidance on Response Programs for Unauthorized Customer Information and Customer Notice (Breach Notice Guidance¹), which interprets the Security Guidelines, states that, at a minimum, a supervised institution's response program should contain procedures for the following:

(1) Assessing the nature and scope of an incident, and identifying what customer information systems and types of customer information have been accessed or misused;

(2) Notifying its primary Federal regulator as soon as possible when the supervised institution becomes aware of an incident involving unauthorized access to, or use of, sensitive customer information;

(3) Consistent with the OCC's Suspicious Activity Report regulations, notifying appropriate law enforcement authorities and filing a timely SAR in

situations in which Federal criminal violations require immediate attention, such as when a reportable violation is ongoing;

(4) Taking appropriate steps to contain and control the incident in an effort to prevent further unauthorized access to, or use of, customer information (for example, by monitoring, freezing, or closing affected accounts) while preserving records and other evidence; and

(5) Notifying customers when warranted.

This collection of information covers the notice provisions in the Breach Notice Guidance.

Affected Public: Individuals; businesses or other for-profit.

Burden Estimates:

Estimated Number of Respondents: 344.

Estimated Number of Responses: 344.

Estimated Annual Burden: 12,384 hours.

Frequency of Response: On occasion.

Comment: The OCC published a 60-day notice in the **Federal Register**, 78 FR 15121 (March 8, 2013). No comments were received. Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the information collection;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology;

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information; and

(f) Whether the estimates need to be adjusted based upon banks' experiences regarding the number of actual security breaches that occur.
