Federal Aviation Administration

14 CFR Part 71

Proposed Amendment of Class E Airspace; Commerce, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Class E airspace at Commerce, TX. Additional controlled airspace is necessary to accommodate new Standard Instrument Approach Procedures (SIAPs) at Commerce Municipal Airport (AAF). The FAA is taking this action to enhance the safety and management of Instrument Flight Rules (IFR) operations for SIAPs at the airport.

DATES: Comments must be received on or before July 18, 2013.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590–0001. You must identify the docket number FAA–2013–0269/Airspace Docket No. 13–ASW–3, at the beginning of your comments. You may also submit comments through the Internet at http://www.regulations.gov. You may view the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see ADDRESSES section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Central Service Center, 2601 Meacham Blvd., Fort Worth, TX 76137.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA’s Office of Rulemaking (202) 267–9677, to request a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal
This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), part 71 by amending Class E airspace extending upward from 700 feet above the surface to accommodate new standard instrument approach procedures at Commerce Municipal Airport, Commerce, TX. Small segments would extend from the current 6.3-mile radius of the airport to 9.5 miles north and 9.3 miles south of the airport to provide adequate controlled airspace for the safety and management of IFR operations at the airport. Geographic coordinates would also be updated to coincide with the FAA’s aeronautical database.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9W, dated August 8, 2012, and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code, Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend controlled airspace at Commerce Municipal Airport, Commerce, TX.

Environmental Review
This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E.
DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric Administration

[Docket No. 100203070–3463–01]
RIN 0648–AY47
Fisheries of the Northeastern United States; Atlantic Herring Fishery; Amendment 5
AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.
ACTION: Proposed rule, request for comments.
SUMMARY: NMFS proposes regulations to implement measures in Amendment 5 to the Atlantic Herring Fishery Management Plan (FMP). Amendment 5 was developed by the New England Fishery Management Council (Council) to: Improve the collection of real-time, accurate catch information; enhance the monitoring and sampling of catch at-sea; and address bycatch issues through responsible management. The proposed Amendment 5 management measures include: Revising fishery management program provisions (permitting provisions, dealer and vessel reporting requirements, measures to address herring carrier vessels, regulatory definitions, requirements for vessel monitoring systems, and trip notifications); increasing observer coverage and requiring industry to contribute funds towards the cost of increased observer coverage; expanding vessel requirements to maximize observer’s ability to sample catch at-sea; minimizing the discarding of unsampled catch; addressing the incidental catch and bycatch of river herring; and revising the criteria for midwater trawl vessels’ access to groundfish closed areas.
DATES: Public comments must be received no later than July 18, 2013.
ADDRESSES: Copies of supporting documents used by the Council, including the Environmental Impact Statement (EIS) and Regulatory Impact Review (RIR)/Initial Regulatory Flexibility Analysis (IRFA), are available from: Thomas A. Nies, Executive Director, New England Fishery Management Council, 50 Water Street, Newburyport, MA 01950. The EIS/RIR/IRFA is also accessible via the internet at http://www.nero.nmfs.gov. You may submit comments on this document, identified by NOAA–NMFS–2013–0066, by any of the following methods:
• Electronic Submission: Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#docketDetail;D=NOAA-NMFS-2013-0066, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.
• Mail: John K. Bullard, Regional Administrator, NMFS, Northeast Regional Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope, “Comments on the Herring Amendment 5 Proposed Rule.”
• Fax: (978) 281–9135, Attn: Carrie Nordeen.
Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF formats only.
Written comments regarding the burden-hour estimates or other aspects of the collection-of-information requirements contained in this proposed rule may be submitted to NMFS, Northeast Regional Office and by email to OIRA Submission@omb.eop.gov, or fax to 202–395–7285.
SUPPLEMENTARY INFORMATION:
Background
On May 8, 2008 (73 FR 26082), the Council published a notice of intent (NOI) to prepare an EIS for Amendment 4 to the Atlantic Herring FMP to consider measures to: Improve long-term monitoring of catch (landings and bycatch) in the herring fishery, implement annual catch limits (ACLs) and accountability measures (AMs) consistent with the Magnuson-Stevens Fishery Conservation and Management Act (MSA), and develop a sector allocation process or other limited access privilege program for the herring...
