Under the Social Security Amendments of 1983 (Pub. L. 98-21), which amends Section 202(t) of the Social Security Act, effective January 1, 1985, the Tier I or the overall minimum (O/M) portion of an annuity, and Medicare benefits payable under the Railroad Retirement Act to certain beneficiaries living outside the U.S., may be withheld. The benefit withholding provision of Public Law

98-21 applies to divorced spouses, spouses, minor or disabled children, students, and survivors of railroad employees who (1) initially became eligible for Tier I amounts, O/M shares, and Medicare benefits after December 31, 1984; (2) are not U.S. citizens or U.S. nationals; and (3) have resided outside the U.S. for more than six consecutive months starting with the annuity beginning date. The benefit withholding provision does not apply, however to a beneficiary who is exempt under either a treaty obligation of the U.S., in effect on August 1, 1956, or a totalization

agreement between the U.S. and the country in which the beneficiary resides, or to an individual who is exempt under other criteria specified in Public Law 98-21.

RRB Form G-45, Supplement to Claim of Person Outside the United States, is currently used by the RRB to determine applicability of the withholding provision of Public Law 98-21. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delete NYSE Arca Options Rule 6.62(cc) to remove references to functionality described as the Post No Preference Light Only Quotation ("PNPLO Quotation"). The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to delete NYSE Arca Options Rule 6.62(cc) to remove references to the PNPLO Quotation. The Exchange adopted Rule 6.62(cc) in June of 2012.⁴ As set forth in the rule, a PNPLO Quotation is an electronic Market Maker quotation that, upon initial entry into the NYSE Arca System, is only eligible to execute against displayed liquidity on the Consolidated Book. As adopted, a PNPLO Quotation that, upon entry, would execute exclusively against non-displayed liquidity is immediately rejected. Additionally, a PNPLO Quotation that, upon entry, would execute against both displayed and non-displayed liquidity executes only against the displayed liquidity, but not

against the non-displayed liquidity, and any remaining size of the PNPLO Quotation will be rejected. Furthermore, a PNPLO Quotation that, upon entry, would execute exclusively against displayed liquidity executes against the displayed liquidity and any remaining size of the PNPLO Quotation is placed on the Consolidated Book and treated like a standard Market Maker quotation. Lastly, a PNPLO Quotation that would not execute against either displayed or non-displayed liquidity is placed in the Consolidated Book and treated as a standard Market Maker quotation.

In December 2012, the Exchange stated that it would announce the implementation date of the proposed rule change in a Trader Update to be published within 90 days following the date of filing. The Exchange further stated that the implementation date would be within 90 days following publication of the Trader Update announcing the date of implementation.⁵ However, the development and implementation of the technology supporting the PNPLO Quotation functionality has taken longer than anticipated to complete. The Exchange currently believes that the PNPLO Quotation functionality will not be ready within the 180-day time period from November 20, 2012, the initial date of filing. Additionally, the Exchange is planning to revise the manner by which the functionality of the PNPLO Quotation would be offered, which would necessitate a rule change. Because the Exchange has not yet finalized the implementation of this enhanced functionality, the Exchange believes it is appropriate to delete the functionality of the PNPLO Quotation from its rules until such time as the new functionality is ready to be implemented and file a new rule proposal in connection with the proposed new functionality.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5),⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. Specifically, the Exchange believes that the removal of an unavailable functionality will add transparency and clarity to the

Exchange's rules. Additionally, the removal would reduce potential confusion that may result from having unavailable functionality in the Exchange's rulebook.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition. The proposed change is not designed to address any competitive issue but rather would delete unavailable functionality in the Exchange's rulebook, thereby reducing confusion and making the Exchange's rules easier to understand and navigate.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

A proposed rule change filed under Rule 19b-4(f)(6)¹² normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the

¹⁰ 15 U.S.C. 78s(b)(3)(A).

¹¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

The Exchange filed for immediate effectiveness to extend the availability of the PNPLO Quotation to non-Penny classes. See Securities Exchange Act Release No. 68339 (December 3, 2012), 77 FR 73109 (December 7, 2012) (SR-NYSEArca-2012-130) ("December 2012 Notice").

Commission to waive the 30-day operative delay, noting that doing so would provide clarity as to what functionality is offered by the Exchange and would enable the Exchange's rules to immediately reflect the functionality available on the Exchange. The Exchange also notes that, since the PNPLO Quotation functionality is not actually available, its removal would not have a negative effect on investors. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.¹⁴

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) of the Act¹⁵ to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69643; File Nos. SR-BYX-2013-008]

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Order Granting Approval to Proposed Rule Change Amending the Attestation Requirement of Rule 11.24 Allowing a Retail Member Organization To Attest That "Substantially All" Orders Submitted to The Retail Price Improvement Program Will Qualify As "Retail Orders"

May 28, 2013.

I. Introduction

On February 12, 2013, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to allow Retail Member Organizations ("RMOs") to attest that "substantially all," rather than all, orders submitted to the Retail Price Improvement Program ("Program") qualify as "Retail Orders." The proposed rule change was published for comment in the **Federal Register** on March 1, 2013.³ The Commission received one comment on the proposal.⁴ On April 12, 2013, the Commission extended the time for Commission action on the proposed rule change to May 30, 2013.⁵ The Exchange submitted a response to the comment letter on May 17, 2013.⁶ This order approves the proposed rule change.

II. Description of the Proposal

The Exchange began operating its Program after it was approved by the Commission on a pilot basis in November, 2012.⁷ Under the current rules, a member organization that wishes to participate in the Program as a RMO must submit: (A) An application form; (B) supporting documentation; and (C) an attestation that "any order" submitted as a Retail Order⁸ will qualify as such under BYX Rule 11.24.

The proposal seeks to lessen the attestation requirements of RMOs that submit "Retail Orders" eligible to receive potential price improvement through participation in the Program. Specifically, the Exchange proposes to amend Rule 11.24 to provide that an RMO may attest that "substantially all"—rather than all—of the orders it submits to the Program are Retail Orders as defined in Rule 11.24(a)(2).

The Exchange represented that it believes the categorical nature of the current "any order" attestation requirement is preventing certain member organizations with retail
