miles west of the airport, and within 1 mile each side of the 358° bearing from the airport extending from the 4.2-mile radius to 4.4 miles north of the airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective dates and times will thereafter be continually published in the Airport/Facility Directory.

**Paragraph 6005 Class E Airspace areas extending upward from 700 feet or more above the surface of the earth.**

* * * * *

**ASW TX E3 San Marcos, TX [Amended]**

San Marcos Municipal Airport, TX (Lat. 29°33’34” N., long. 97°31’47” W.)
Lockhart Municipal Airport, TX (Lat. 29°51’01” N., long. 97°40’21” W.)

That airspace extending upward from 700 feet above the surface within a 6.7-mile radius of San Marcos Municipal Airport, and within 2 miles each side of the 268° bearing from the airport extending from the 6.7-mile radius to 13.1 miles west of the airport, and within 2 miles each side of the 313° bearing from the airport extending from the 6.7-mile radius to 11.1 miles northwest of the airport, and within 2 miles each side of the 088° bearing from the airport extending from the 6.7-mile radius to 10.4 miles east of the airport, and within 2 miles each side of the 133° bearing from the airport extending from the 6.7-mile radius to 9.6 miles southeast of the airport, and within 2 miles each side of the 178° bearing from the airport extending from the 6.7-mile radius to 10.4 miles south of the airport, and within 2 miles each side of the 358° bearing from 900 feet above the surface within a 6.3-mile radius of Lockhart Municipal Airport.

Issued in Fort Worth, TX, on May 22, 2013.

David P. Medina,
Manager, Operations Support Group, ATO Central Service Center.

**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**14 CFR Part 71**

**Proposed Establishment of Class E Airspace; Umatilla, FL**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** This action proposes to establish Class E Airspace at Umatilla Municipal Airport. This action would enhance the safety and airspace management of Instrument Flight Rules (IFR) operations at the airport.

**DATES:** Comments must be received on or before July 19, 2013. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA, Order 7400.9 and publication of conforming amendments.

**ADDRESSES:** Send comments on this rule to: U. S. Department of Transportation, Docket Operations, Western Building, Ground Floor, Room W12–140, 1200 New Jersey SE, Washington, DC 20590–0001; Telephone: 1–800–647–5527; Fax: 202–493–2251. You must identify the Docket Number FAA–2013–0002; Airspace Docket No. 12–ASO–46, at the beginning of your comments. You may also submit and review received comments through the Internet at http://www.regulations.gov.

**FOR FURTHER INFORMATION CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305–6364.

**SUPPLEMENTARY INFORMATION:**

**Comments Invited**

Interested persons are invited to comment on this rule by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2013–0002; Airspace Docket No. 12–ASO–46) and be submitted in triplicate to the Docket Management System (see ADDRESSES section for address and phone number). You may also submit comments through the Internet at http://www.regulations.gov.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2013–0002; Airspace Docket No. 12–ASO–46.” The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

**Availability of NPRMs**

An electronic copy of this document may be downloaded from and comments submitted through http://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s Web page at http://www.faa.gov/airports/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see the ADDRESSES section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal Holidays. An informal docket may also be examined between 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal Holidays, at the office of the Eastern Service Center, Federal Aviation Administration, room 350, 1701 Columbia Avenue, College Park, Georgia 30337.

Persons interested in being placed on a mailing list for future NPRM’s should contact the FAA’s Office of Rulemaking, (202) 267–9677, to request a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

**The Proposal**

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to establish Class E airspace at Umatilla, FL, providing the controlled airspace required to support the RNAV (GPS) standard instrument approach procedures for Umatilla Municipal Airport. Controlled airspace extending upward from 700 feet above the surface within a 6.7-mile radius of Umatilla Municipal Airport would be established for the safety and management of IFR operations at the airport.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9W, dated August 8, 2012, and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and
routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would establish Class E airspace at Umatilla Municipal Airport, Umatilla, FL.

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Lists of Subjects in 14 CFR Part 71

The Proposed Amendment:
In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for Part 71 continues to read as follows:

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9W, Airspace Designations and Reporting Points, dated August 8, 2012, effective September 15, 2012, is amended as follows:

Paragraph 6005  Class E Airspace Areas Extending Upward from 700 Feet or More Above the Surface of the Earth.

ASO FL E5 Umatilla, FL [New] Umatilla Municipal Airport, FL
(Lat. 28°55′27″ N., long. 82°39′07″ W.)

That airspace extending upward from 700 feet above the surface within a 6.7-mile radius of Umatilla Municipal Airport.

Issued in College Park, Georgia, on: May 23, 2013.

BILLING CODE 4910–13–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 49
RIN 2060–AR25
Review of New Sources and Modifications in Indian Country

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing three changes to the New Source Review (NSR) program for minor sources and minor modifications at major sources in Indian country, which we refer to as the “Tribal minor NSR program.” First, we propose to expand the list of emissions units and activities that are exempt from the Tribal minor NSR program by adding several types of low-emitting units and activities. Second, we propose to more clearly define the term “commence construction” and add the term “begin construction” to better reflect the regulatory requirements associated with construction activities. We believe both of these proposed changes would simplify the program, resulting in less burdensome implementation without detriment to air quality in Indian country. Lastly, we are reconsidering the advance notification period for relocation of a true minor source in response to a petition received on the final Tribal NSR rule from the American Petroleum Institute, the Independent Petroleum Association of America and America’s Natural Gas Alliance.

DATES: Comments must be received on or before August 5, 2013.

Public Hearing. If anyone contacts us requesting to speak at a public hearing by June 25, 2013, we will hold a public hearing. Additional information about the hearing will be published in a subsequent Federal Register notice.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2003–0076, by one of the following methods:

• http://www.regulations.gov: Follow the online instructions for submitting comments.

• Email: a-and-r-docket@epa.gov.

• Fax: (202) 566–9744.

• Hand Delivery: Air and Radiation Docket, EPA/DC, EPA West, Room 3334, 1301 Constitution Avenue NW., Washington, DC 20004, Attention Docket ID No. EPA–HQ–OAR–2003–0076. Such deliveries are only accepted during the Docket Center’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA–HQ–OAR–2003–0076. The EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an “anonymous access” system, which means the EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to the EPA without going through www.regulations.gov, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, the EPA recommends that you include your name and other
