## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69653; File No. SR-FICC-2013-05]

### Self-Regulatory Organizations; Fixed Income Clearing Corporation; Notice of Filing Proposed Rule Change to Include trueEX LLC as a Designated Locked-In Trade Source Pursuant to the Rulebook of the Government Securities Division

May 29, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that, on May 15, 2013, the Fixed Income Clearing Corporation ("FICC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared primarily by FICC. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

#### I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change would amend the Rulebook of the Government Securities Division ("GSD") to include trueEX LLC ("trueEX") as one of the GSD's designated locked-in trade sources.

#### II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FICC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.<sup>3</sup>

##### (A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(i) The GSD Rulebook ("Rules") provides for the submission of "locked-in trades" (*i.e.*, trades that are deemed compared when the data on the trade is received from a single source)<sup>4</sup> by a locked-in trade source<sup>5</sup> on behalf of a GSD Member. Currently, the GSD's designated locked-in trade sources are the following entities: (i) Federal Reserve Banks (as fiscal agents of the United States); (ii) the Federal Home Loan Mortgage Corporation ("Freddie Mac"); (iii) GCF-Authorized Inter-Dealer Brokers;<sup>6</sup> (iv) the U.S. Department of the Treasury; and (v) New York Portfolio Clearing, LLC. FICC is

<sup>3</sup> The Commission has modified the text of the summaries prepared by FICC.

<sup>4</sup> The GSD Rulebook defines the term "Locked-In Trade" as "a trade involving Eligible Securities that is deemed a compared trade once the data on such trade is received from a single, designated source and meets the requirements for submission of data on a locked-in trade pursuant to GSD's rules, without the necessity of matching the data regarding the trade with data provided by each member that is or is acting on behalf of an original counterparty to the trade." GSD Rulebook, Rule 1.

<sup>5</sup> The GSD Rulebook defines the term "Locked-in Trade Source" as "a source of data on Locked-In Trades that the Corporation has so designated, subject to such terms and conditions as to which the Locked-In Trade Source and the Corporation may agree." GSD Rulebook, Rule 1.

<sup>6</sup> The GSD Rulebook defines the term "GCF-Authorized Inter-Dealer Broker" as "an Inter-Dealer Broker Netting Member that the Corporation has designated as eligible to submit to the Corporation data on GCF Repo Transactions on a Locked-In Basis." GSD Rulebook, Rule 1.

proposing to add trueEX as a designated locked-in trade source.

trueEX is an exchange for interest rate swaps, and has been designated a contract market by the Commodity Futures Trading Commission. trueEX will offer electronic execution of interest-rate swaps, which will be cleared by a clearing house other than FICC. For the delivery vs. payment ("DVP")<sup>7</sup> leg of these transactions, trueEX will offer its members, who are also members of GSD, the ability to have such transactions submitted to the GSD as netting-eligible transactions (*e.g.*, as Treasury DVP transactions). In its capacity as a designated locked-in trade source, trueEX will transmit transactions to the GSD throughout the day by submitting single tickets in a batch format. Once trueEX transmits a locked-in trade to the GSD, the GSD will process the trade normally from the point of guarantee through settlement with the respective GSD member's current DVP trades. Because the single ticket submitted by trueEX lists trueEX as the submitter on behalf of two FICC counterparties, the single-ticket format guarantees that the parties to the trade will not know each other's identity, and ensures that trueEX will not have a resulting settlement obligation.<sup>8</sup> Subject to the Commission's approval of this rule filing, trueEX will be the first designated contract market ("DCM")<sup>9</sup> to act as a locked-in trade source for the GSD.<sup>10</sup>

As is the case with other locked-in trade submissions accepted by FICC, GSD members will be required to execute appropriate documentation evidencing to FICC their authorization of trueEX to submit trades on their behalf. FICC will notify members of the availability of this documentation via Important Notice.

(ii) FICC believes that the proposed rule change is consistent with Section 17A of the Act<sup>11</sup> and the rules and regulations promulgated thereunder

<sup>7</sup> Delivery vs. payment is a settlement procedure in which the buyer's cash payment for the securities it has purchased is due at the time the securities are delivered.

<sup>8</sup> In its capacity as a locked-in trade source, trueEX will initially not be subject to any fees pursuant to the existing GSD Rules. FICC may, however, consider imposing a fee on certain locked-in trade sources in the future based on volumes and processing costs.

<sup>9</sup> Designated contract markets (DCMs) are exchanges that may list for trading futures or option contracts based on all types of commodities and that may allow access to their facilities by all types of traders, including retail customers.

<sup>10</sup> During the onboarding phase, trueEX will be subject to FICC's existing due diligence process, including testing trueEX's trade input and receipt of output capabilities prior to the go-live date.

because it will provide operational efficiencies in the marketplace, and will therefore support the prompt and accurate clearance and settlement of securities transactions.

*(B) Clearing Agency's Statement on Burden on Competition*

FICC does not believe that the proposed rule change will have any negative impact, or impose any burden, on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

*(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Participants, Members, or Others*

Written comments relating to the proposed rule change have not yet been solicited or received. FICC will notify the Commission of any written comments received by FICC.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Within 45 days of the date of publication of this notice in the **Federal Register**, or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (B) institute proceedings to determine whether the proposed change should be disapproved.

<sup>3</sup> In Partial Amendment No. 1, the Exchange corrected a typographical error by moving the word “indicative” from just before “NAV” to just before “intra-day” such that the sentence, as modified, reads: “The Adviser represents that it does not believe that the ability of the Funds' agent to calculate NAV and an indicative intra-day value (“IV”) for each Fund, and disseminate such IV every 15 seconds throughout the trading day, has been impeded by the Funds' current Rule 144A holdings limited to 15% of net assets.”
