

§ 151.2070 Recordkeeping requirements.

(a) The master, owner, operator, agent, or person in charge of a vessel bound for a port or place in the United States, unless specifically exempted by § 151.2015 of this subpart, must ensure the maintenance of written records that include the following information:

(1) *Vessel information.* This includes the vessel's name, International Maritime Organization (IMO) number (or other vessel identification number if IMO number is not issued), gross tonnage, total ballast water capacity, and country of registry (flag).

(2) *Ballast water uptake information.* This includes the date(s) and location(s) where the ballast water was taken on board, the volume(s) of the ballast water taken on board, and the numerical designation(s) of the tank(s) receiving the ballast water. Record all volumes in cubic meters (m³).

(3) *Ballast water management information.* This includes the date(s) and location(s) where the management takes place, the volume(s) of ballast water managed, the numerical designation(s) of the tank(s) managed, and the management method used. Record all volumes in cubic meters (m³).

(4) *Ballast water discharge information.* This includes the date(s) and location(s) of where the ballast water was discharged, the volume(s) of ballast water discharged, the numerical designation(s) of the tank(s) from which the ballast water was discharged, and whether the discharge was into the surrounding waters or to a reception facility. Record all volumes in cubic meters (m³).

(5) *Discharge of sediment.* If sediment was discharged within the jurisdiction of the United States, include the name and location of the facility where the sediment discharge took place.

(6) *Certification of accurate information.* Include the master, owner, operator, agent, person in charge, or responsible officer's printed name, title, and signature attesting to the accuracy of the information provided and that the activities were in accordance with the ballast water management plan required by § 151.2050(g). If exceptional circumstances required deviation from the plan, the details surrounding the need for deviation and associated actions must be explained.

(b) The master, owner, operator, agent, or person in charge of a vessel subject to this section must retain a signed copy of this information onboard the vessel for 2 years.

(c) The master, owner, operator, agent, or person in charge of a vessel subject to this section must retain the

monitoring records required in 46 CFR 162.060–20(b) for 2 years. These records may be stored on digital media but must be readily viewable for Coast Guard inspection.

Dated: May 29, 2013.

Approval and Promulgation of Implementation Plans; Kentucky: Kentucky Portion of Cincinnati-Hamilton, Supplement Motor Vehicle Emissions Budget Update

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Kentucky State Implementation Plan (SIP), submitted to EPA on August 9, 2012, by the Commonwealth of Kentucky, through the Kentucky Energy and Environment Cabinet, Division for Air Quality. Kentucky's August 9, 2012, SIP revision includes changes to the maintenance plan for the Kentucky portion of the Cincinnati-Hamilton, OH-KY-IN, maintenance area for the 1997 8-hour ozone national ambient air quality standard (NAAQS). The Cincinnati-Hamilton, OH-KY-IN, maintenance area for the 1997 8-hour ozone NAAQS includes the counties of Boone, Campbell and Kenton in Kentucky (hereafter also referred to as Northern Kentucky); a portion of Dearborn County, Indiana; and the entire counties of Butler, Clermont, Clinton, Hamilton and Warren in Ohio. Kentucky's August 9, 2012, SIP revision proposes to update the motor vehicle emissions budget using an updated mobile emissions model, the Motor Vehicle Emissions Simulator (also known as MOVES2010a), and to increase the safety margin allocated to motor vehicle emissions budgets for nitrogen oxides and volatile organic compounds for Northern Kentucky to account for changes in the emissions model and vehicle miles traveled projection model. EPA is proposing to approve this SIP revision because the Commonwealth has demonstrated that it is consistent with the Clean Air Act.

DATES: Comments must be received on or before July 5, 2013.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R04–OAR–2013–0062, by one of the following methods:

SUPPLEMENTARY INFORMATION: In the Final Rules Section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties

interested in commenting on this document should do so at this time.

For additional information see the direct final rule which is published in the Rules Section of this **Federal Register**.

Dated: May 22, 2013.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

If you have any questions regarding the applicability of this action to a particular entity, consult the person listed at the end of the pesticide petition summary of interest.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR Part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.

iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

iv. Describe any assumptions and provide any technical information and/or data that you used.

v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. What action is the agency taking?

EPA is announcing its receipt of several pesticide petitions filed under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), (21 U.S.C. 346a), requesting the establishment or modification of regulations in 40 CFR Part 180 for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the requests before responding to the petitioners. EPA is not proposing any particular action at this time. EPA has determined that the pesticide petitions described in this document contain the data or information prescribed in FFDCA section 408(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data support granting of the pesticide petitions. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be needed before EPA can make a final determination on these pesticide petitions.

Pursuant to 40 CFR 180.7(f), a summary of each of the petitions that
