OMB Control No.: 1557-0199.

Affected Public: Businesses or other for-profit.

Type of Review: Extension of a currently approved collection.

Abstract: The OCC has revised its Examination Survey and updated the estimated burden hours to adjust for the current number of national banks and thrifts in the OCC's supervisory system. Completed Examination Surveys also help measure the OCC's performance and progress in improving the supervisory experience and agency communications. The OCC will use the information to identify problems or trends that may impair the effectiveness of the examination process, to identify ways to improve its service to the banking industry, and to analyze staffing and training needs. A survey is provided to each national bank or Federal savings association at the conclusion of its supervisory cycle. Bankers will now be able to complete this survey using a secure web-based data collection tool.

The OCC is conducting an Exit Survey of banks and thrifts after they exit the

OCC's supervisory and examination system. Completed Exit Surveys will help the OCC understand the underlying reasons why banks and thrifts decide to leave the system. The OCC will use this information to improve its relationships with national banks and Federal savings associations and to identify problems that may impair the effectiveness of the examination and supervisory process. A survey is provided to each bank or thrift after they exit the OCC's supervisory system. Bankers will be able to complete this survey using a secure web-based data collection tool.

Comments continue to be invited on:
