The Lasko facilities are located at 1700 Meacham Boulevard, 4925–4933 Pylon Street, and 4600 Blue Mound Road, Fort Worth (Tarrant County), Texas. A separate application for ''usage-driven'' site designation at the Lasko facilities is planned and will be processed under Section 400.24 of the FTZ Board's regulations. The facilities are used for the production of household electric fans. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Lasko from customs duty payments on the foreign status materials and components used in export production. On its domestic sales, Lasko would be able to choose the duty rates during customs entry procedures that apply to household electric fans (2.3, 4.7%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: plastic labels; parts of fans (housings, grills, pedestal assemblies, blades); electric motors; electronic transmitters; electrical cords and switches; fasteners; metal name plates; paper manuals; and, paperboard cartons (duty rate ranges from free to 6.2%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is July 15, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the ''Reading Room'' section of the FTZ Board's Web site, which is accessible via *www.trade.gov/ftz.*

For further information, contact Pierre Duy at *Pierre.Duy@trade.gov* or (202) 482–1378.

Dated: May 30, 2013.

Andrew McGilvray,

Executive Secretary.

Foreign-Trade Zones Board

[B–55–2013]

Notification of Proposed Production Activity; Roper Corporation; Subzone 26G (Kitchen Ranges); Lafayette, Georgia

Roper Corporation (Roper), operator of Subzone 26G, submitted a notification of proposed production activity to the Foreign-Trade Zones (FTZ) Board for its facility in Lafayette, Georgia. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 21, 2013.

The subzone currently has authority to produce various types of kitchen ranges using certain imported components. The current request would add imported components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Roper from customs duty payments on the foreign status components used in export production. On its domestic sales, Roper would be able to choose the duty rates during customs entry procedures that apply to gas and electric kitchen ranges (duty rate ranges from duty-free to 5.7%) for the foreign status inputs noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: bezels, glass oven doors, glass cooktops, screws, clip rings, springs, brass orifice spuds, base burner assemblies, head burners, burner injet assemblies, vent caps, blowers, valves, gas valves, motors, fans, control boards, light indicator assemblies, timers, light indicators, capacitors, thermistors, sensors, lamps, encoder assemblies, lenses, thermostats, and lamp assemblies (duty rate ranges from duty-free to 8.6%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is July 15, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the ''Reading Room'' section of the Board's Web site, which is accessible via *www.trade.gov/ftz.*

For further information, contact Elizabeth Whiteman at *Elizabeth.Whiteman@trade.gov* or (202) 482–0473.

Dated: May 30, 2013.

Andrew McGilvray,

Executive Secretary.

Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2011–2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from an interested party, United States Steel Corporation (''U.S. Steel''), the Department of Commerce (''the Department'') initiated an administrative review of the antidumping duty order on seamless carbon and alloy steel standard, line, and pressure pipe from the People's Republic of China. The period of review is November 1, 2011, through October 31, 2012. Based on the timely withdrawal of the request for review submitted by U.S. Steel, we are now rescinding this administrative review.

DATES: *Effective Date:* June 5, 2013.

FOR FURTHER INFORMATION CONTACT: Magd Zalok or Charles Riggle, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4162 or (202) 482–0650, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 31, 2012, based on a timely request for review by U.S. Steel, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on seamless carbon and alloy steel standard, line, and pressure pipe from the People's Republic of China covering the period

November 1, 2011, through October 31, 2012. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part,* 77 FR 77017 (December 31, 2012) (''*Initiation Notice''*). The review covers 203 companies. *See Initiation Notice.* No other party requested a review.

On March 27, 2013, U.S. Steel withdrew its request for an administrative review in its entirety.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. In this case, U.S. Steel withdrew its request within the 90-day deadline and no other party requested an administrative review of the antidumping duty order. Therefore, we are rescinding the administrative review of seamless carbon and alloy steel standard, line, and pressure pipe from the People's Republic of China for the period November 1, 2011, through October 31, 2012.

Assessment

The Department will instruct U.S. Customs and Border Protection (''CBP'') to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit or bonding rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notifications

This notice serves as a final reminder to importers for whom this review is being rescinded of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (''APO'') of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: May 30, 2013.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Fishing Capacity Reduction Program for the Southeast Alaska Purse Seine Salmon Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice of fee rate adjustment.

SUMMARY: NMFS issues this notice to decrease the fee rate to repay the $13,133,030 reduction loan for the fishing capacity reduction program in the Southeast Alaska purse seine salmon fishery.

DATES: The fee rate decrease is effective June 1, 2013.

ADDRESSES: Send questions about this notice to Paul Marx, Chief, Financial Services Division, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910–3282.

FOR FURTHER INFORMATION CONTACT: Paul Marx, (301) 427–8799.

SUPPLEMENTARY INFORMATION:

I. Background

NMFS' authority to make the loan resides in sections 1111 and 1112 of the Merchant Marine Act, 1936 (46 App. U.S.C. 1279(f) and 1279(g) (MMA) (title XI)).

The Program was authorized in the Consolidated Appropriations Act of 2005 (Section 209 of Title II of Division B of Pub. L. 108–447) and waives all of the fishing capacity reduction program requirements of the Magnuson-Stevens Act (Sections 312(b)–(e)) codified at 16 U.S.C. 1801 et seq. except for Sections (b)(1)(C) and (d) which state: (1) It must be cost-effective; and (2) it is subject to a referendum approved by a majority of permit holders.

NMFS published proposed program regulations on May 23, 2011 (76 FR 29707), and final program regulations on October 6, 2011 (76 FR 61985), to implement the reduction program. Subsequently, the Southeast Revitalization Association submitted a capacity reduction plan to NMFS. NMFS approved the plan on February 24, 2012. NMFS published the list of eligible voters on March 1, 2012 (77 FR 12568) and the notice of referendum period on March 29, 2012 (77 FR 19004). Interested persons should review these for further program details.

NMFS conducted a referendum where the majority of permit holders voted to repay a fishing capacity reduction loan to purchase the permits identified in the reduction plan.

On May 7, 2012, NMFS published another **Federal Register** document (77 FR 26744) advising the public that NMFS would tender the program's reduction payments to the 64 selected bidders who would permanently stop fishing with the permits they had relinquished in return for reduction payments. Subsequently, NMFS disbursed $13,133,030 in reduction payments to the 64 selected bidders.

NMFS published a **Federal Register** notice on July 16, 2012 (77 FR 41754), informing the public that fee collection would begin on July 22, 2012. Since then, all harvesters of Southeast Alaska purse seine salmon must pay the fee and all fish buyers of Southeast Alaska purse seine salmon must collect the fee in accordance with the applicable regulations.

II. Purpose

The purpose of this notice is to adjust the fee rate for the reduction fishery in accordance with the framework rule's 50 CFR 600.1013(b). Section 600.1013(b) directs NMFS to recalculate the fee to a rate that will be reasonably necessary to ensure reduction loan repayment within the specified 40 year term.

The initial fee applicable to the Southeast Alaska purse seine salmon program's reduction fishery was 3.00% of landed value and any subsequent bonus payments. NMFS has determined that this is more than is needed to service the loan. Therefore, NMFS is decreasing the fee rate to 1.50% of landed value and any subsequent bonus payments which NMFS has determined is sufficient to ensure timely loan repayment. Fish buyers may continue to use *Pay.gov* to disburse collected fee
