BILLING CODE 9111-14-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5681-N-23]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402-3970; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to

HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Ritta, Office of Enterprise Support Programs, Program Support Center, HHS, room 12-07, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: *Agriculture*: Ms. Brenda Carignan, Department of Agriculture, Reporters Building, 300 7th Street SW., Room 337, Washington, DC 20024, (202) 401-0787; *Air Force*: Mr. Robert Moore, Air Force Real Property Agency, 2261 Hughes Avenue, Suite 156, Lackland AFB, TX, 78236-9852, (210) 395-9512; *Army*: Ms. Veronica Rines, Office of the Assistant Chief of Staff for Installation Management, Department of Army, Room 5A128, 600 Army Pentagon, Washington, DC 20310, (571) 256-8145; *COE*: Mr. Scott Whiteford, Army Corps of Engineers, Real Estate, CEMP-CR, 441 G Street NW., Washington, DC 20314; (202) 761-5542; *GSA*: Mr. Flavio Peres, General Services Administration, Office of Real Property Utilization and Disposal, 1800 F Street NW., Room 7040 Washington, DC 20405, (202) 501-0084; *Interior*: Mr. Michael Wright, Acquisition & Property Management, Department of the Interior, 1801 Pennsylvania Ave. NW., 4th Floor, Washington, DC 20006: (202) 254-5522; *NASA*: Mr. Frank T. SUPPLEMENTARY INFORMATION: We are advising the public of the availability of the Final Environmental Impact Statement (FEIS) associated with an application received from NiSource ITP pursuant to the ESA. If issued, the ITP would authorize NiSource to take 10 federally listed species over a 50-year period.

NiSource prepared a multi-species habitat conservation plan (MSHCP) to cover a suite of activities associated with operation, maintenance, and construction of their existing natural gas pipeline system in the States of Delaware, Indiana, Kentucky, Louisiana, Maryland, Mississippi, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Tennessee, Virginia, and West Virginia.

The Service was the lead Federal agency for preparation of the FEIS. The Federal Energy Regulatory Commission (FERC), the U.S. Army Corps of Engineers (USACE), the U.S. Department of Agriculture (USDA) Forest Service (FS) Eastern Region and Southern Region, and the National Park Service (NPS) Southeast Region served as cooperating agencies.

Background

NiSource, Inc., headquartered in Merrillville, Indiana, is engaged in natural gas transmission, storage, and distribution, as well as electric generation, transmission, and distribution. NiSource, Inc.’s wholly owned pipeline subsidiaries, Columbia Gas Transmission, LLC; Columbia Gulf Transmission LLC; Crossroads Pipeline Company; Central Kentucky Transmission Company; and NiSource Gas Transmission and Storage Company (companies referred to collectively as “NiSource”), are interstate natural gas companies whose primary operations are subject to the Natural Gas Act (15 U.S.C. 717) and fall under the jurisdiction of the Federal Energy Regulatory Commission (FERC) and the U.S. Department of Transportation (USDOT). NiSource is seeking authorization under the ESA to take species in the course of engaging in otherwise lawful gas transmission and storage operations.

On July 16, 2009, NiSource filed an application with the Service for a Section 10(a)(1)(B) ITP for 10 ESA listed species known to occur within NiSource’s operating territory. These species include the Indiana bat (*Myotis sodalis*), bog turtle (*Glyptemys muhlenbergii*), Madison Cave isopod (*Antrolana lira*), clubshell mussel (*Pleurobema clava*), northern riffleshell mussel (*Epioblasma torulosa rangiana*), fanshell mussel (*Cyprogenia stegaria*), James spinymussel (*Pleurobema collina*), sheepsnout mussel (*Plethobasus cyphus*), Nashville crayfish (*Orconectes shoupi*), and American burying beetle (*Nicrophorus americanus*). The MSHCP was prepared to cover a 50-year timeframe.

The Covered Land for the MSHCP and requested ITP includes 12 counties in Maryland, Ohio, Pennsylvania, and West Virginia; and a 1-mile-wide corridor associated with 15,562 miles of existing NiSource right-of-way within the 14 aforementioned States.

The Covered Activities, or those NiSource activities that fall under the purview of the MSHCP and requested ITP, include a wide range of operation, maintenance, and new construction activities that are specific to NiSource Inc.’s wholly owned pipeline subsidiaries and to the Covered Land specified in the MSHCP.

The MSHCP evaluated 42 species that could potentially occur within the NiSource Covered Land, and that could potentially be impacted by NiSource Covered Activities. However, after analysis of the 42 species and the Covered Land, it was concluded that NiSource Covered Activities will have no impact on 32 of the 42 species evaluated. Therefore, NiSource is requesting incidental take for the remaining 10 species, for which take could be minimized, but not avoided.

In addition to the 42 species evaluated in the MSHCP, 46 additional ESA-listed, proposed, or candidate species are either known to occur or potentially occur within the NiSource Covered Land. Potential impacts to these species are discussed in the FEIS and in the Service’s Biological Opinion.

NEPA Compliance

Issuance of an ITP by the Service to NiSource is a Federal action that may affect the quality of the human environment and therefore is subject to review under the National Environmental Policy Act (NEPA). To comply with the NEPA, the Service prepared an FEIS. The FEIS analyzes and discloses potential impacts that could result from issuance of an ITP to NiSource and through subsequent
