

Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2013-056 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.
- All submissions should refer to File Number *SR-CBOE-2013-056*. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2013-056 and should be submitted on or before June 28, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

Kevin M. O'Neill,

Deputy Secretary.

SUPPLEMENTARY INFORMATION:

Background

On April 24, 2013, the FAA established Docket No. FAA-2013-0316 for the purpose of enabling the public to comment on some draft documents developed by the Airman Testing Standards and Training Working Group. The following documents were placed in that docket for public review and comment:

- (1) Background Information; Industry-Led Changes to FAA Airman Testing Standards and Training
- (2) Draft PRIVATE PILOT—AIRPLANE Airman Certification Standards;
- (3) Draft Change Tracking Matrix referenced to FAA-S-8081-14B, Private Pilot Practical Test Standards for Airplane (Single Engine Land and Single-Engine Sea Areas of Operation); Section 1: Private Pilot
- (4) Draft INSTRUMENT RATING—Airman Certification Standards; and
- (5) Draft Change Tracking Matrix referenced to FAA-S-8081-4E, Instrument Rating Practical Test Standards for Airplane, Helicopter, and Powered Lift

During the initial 30-day comment period, which closed on May 24, 2013, more than 130 individuals and organizations posted comments on these documents. The ATSTWG received a wide range of comments that provided suggestions on how the ATSTWG could further improve its draft PRIVATE PILOT—AIRPLANE and draft INSTRUMENT RATING Airman

⁹ 17 CFR 200.30-3(a)(12).

Certification Standards documents. Given the size and scope of the documents, which align the aeronautical knowledge testing standards with the flight proficiency standards set out in the existing Practical Test Standards (PTS), several commenters requested additional time to review the material and develop their response.

The ATSTWG's work is intended to improve the relevance, reliability, validity, and effectiveness of the FAA's aeronautical testing and training materials, as well as to support the FAA's goal of reducing fatal general aviation accidents by incorporating task-specific risk management considerations into each Area of Operation. Because the ACS documents are intended to be the foundation for transitioning to a more integrated and systematic approach to airman certification testing and training, the ATSTWG wishes to benefit from the broadest possible range of public comment on the work it will submit to the FAA via the Aviation Rulemaking Advisory Committee in September 2013. The ATSTWG has asked the FAA to extend the public comment period by an additional 30 days, and the FAA has accordingly reopened the docket, as noted in the **DATES** section above.

The ATSTWG will continue its additional work on remaining assignments, including development of the authorized instructor ACS document. The ATSTWG expects to make the authorized instructor ACS document available for public review and comment at a later date.

Issued in Washington, DC, on June 3, 2013.

Lirio Liu,

Designated Federal Officer, Aviation Rulemaking Advisory Committee.

Federal Highway Administration

[FHWA Docket No. FHWA-2013-0021]

National Bridge Inspection Standards Review Process; Notice and Request for Comment

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice; request for comment.

SUMMARY: The National Bridge Inspection Standards (NBIS), codified in 23 CFR 650 Subpart C, establishes the minimum standards for inspection of all structures defined as highway bridges on public roads. The FHWA annually

reviews each State's bridge inspection program to evaluate compliance with the NBIS. In 2011, FHWA implemented a new systematic, data-driven, risk-based oversight process which is used by FHWA Divisions to review State compliance with the NBIS. The new process was developed prior to the establishment of the review requirements identified in the Moving Ahead for Progress in the 21st Century Act (MAP-21), Section 1111. Development of the internal FHWA review process included consultation with stakeholders through a pilot project, a joint FHWA/AASHTO task force, as well as with individual States and Federal agencies during the initial implementation of the process in 2011. The FHWA intends to continue this data-driven, risk-based review process to evaluate State compliance with the NBIS, including incorporation of any modifications based upon the comments received through this Notice.

DATES: Comments must be received on or before July 8, 2013. Late comments will be considered to the extent practicable.

ADDRESSES: Mail or hand deliver comments to the U.S. Department of Transportation, Dockets Management Facility, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, or fax comments to (202) 493-2251. Alternatively, comments may be submitted to the Federal eRulemaking portal at <http://www.regulations.gov>. All comments must include the docket number that appears in the heading of this document. All comments received will be available for examination and copying at the above address from 9 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays. Those desiring notification of receipt of comments must include a self-addressed, stamped postcard or you may print the acknowledgment page that appears after submitting comments electronically. Anyone is able to search the electronic form of all comments in any one of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, or labor union). Anyone may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70, Pages 19477-78).

FOR FURTHER INFORMATION CONTACT: For questions about the program discussed herein, contact Thomas D. Everett, Principal Bridge Engineer, FHWA Office of Bridge Technology, (202) 366-4675 or via email at Thomas.everett@dot.gov. For legal questions, please contact

Robert Black, Office of the Chief Counsel, (202) 366-1359, or via email at Robert.Black@dot.gov. Office hours are from 8:00 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access and Filing

You may submit or retrieve comments online through the Federal eRulemaking portal at: <http://www.regulations.gov>. The Web site is available 24 hours each day, 365 days each year. Please follow the instructions. Electronic submission and retrieval help and guidelines are available under the help section of the Web site. Purpose of This Notice

The FHWA is requesting comment on the process FHWA uses to conduct reviews of State compliance with the NBIS and the associated penalty process for findings of noncompliance. Comments received through this Notice will be considered by FHWA for improving the review process.

Background

For more than 30 years, the FHWA has annually assessed each State's bridge inspection program to evaluate compliance with the NBIS as codified at 23 CFR 650 Subpart C. Historically, the depth and scope of the reviews varied based upon the FHWA's knowledge of the State's inspection program and experience of the FHWA staff. In 2009, the Office of Inspector General (OIG) issued an audit report National Bridge Inspection Program: Assessment of FHWA's Implementation of Data-Driven, Risk-Based Oversight¹ that summarized their review of FHWA oversight of the National Bridge Inspection Program. One of the five OIG recommendations from this audit was for FHWA to develop and implement minimum requirements for data-driven, risk-based bridge oversight during bridge engineer's annual NBIS compliance reviews. In Senate Report 110-418², strong support was given to the OIG recommendations and the need for prompt action by the FHWA. In addition, the House of Representatives
