Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties. We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Acting Assistant Secretary for Import Administration.

Welded Carbon Steel Standard Pipe and Tube Products From Turkey: Preliminary Results of Antidumping Duty Administrative Review; 2011–2012

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: In response to a request by interested parties, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on welded carbon steel standard pipe and tube products (welded pipe and tube) from Turkey. The period of review is May 1, 2011, to April 30, 2012. This review covers four respondents: Borusan, Erbosan, Toscelik, and Yucel. The Department preliminarily finds that Toscelik and Yucel had no shipments. We preliminarily determine that Borusan made sales below normal value and Erbosan did not. The preliminary results are listed below in the section titled “Preliminary Results of Review.”

DATES: As of June 7, 2013.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the order is welded pipe and tube. The welded pipe and tube subject to the order is currently classifiable under subheading 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.90 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheading is provided for convenience and customs purposes. A full description of the scope of the order is contained in the memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Import Administration, “Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Welded Carbon Steel Standard Pipe and Tube Products from Turkey: 2011–2012 Administrative Review” (Preliminary Decision Memorandum), which is hereby adopted by this notice. The written description is dispositive.

The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). Access to IA ACCESS is available to registered users at http://iaaccess.trade.gov and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at http://www.trade.gov/ia/. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Methodology

The Department has conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Export price is calculated in accordance with section 772 of the Act. Normal value (NV) is calculated in accordance with section 773 of the Act.

To determine the appropriate comparison method, the Department applied a “differential pricing” analysis and has preliminarily determined to use the average-to-transaction method in making comparisons of export price and normal value for Borusan and the average-to-average method in making comparisons of export price and normal value for Erbosan.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Determination of No Shipments

Toscelik and Yucel, in letters dated August 20, 2012, reported that they made no shipments, entries or sales of subject merchandise during the POR.

On September 24, 2012, the Department issued a “No Shipment Inquiry” to U.S. Customs and Border Protection (CBP) to confirm that there were no entries of welded pipe and tube from Turkey exported by Toscelik or Yucel during the POR. In addition, we obtained other documentation from CBP to evaluate the
accuracy of Toscelik’s and Yucel’s no-shipment claims.

Based on the certification of Toscelik and Yucel and our analysis of CBP information, we preliminarily determine that Toscelik and Yucel had no shipments during the POR.

However, consistent with our practice, the Department finds that it is not appropriate to rescind the review with respect to Toscelik and Yucel, but rather to complete the review with respect to Toscelik and Yucel and issue appropriate instructions to CBP based on the final results of this review.

Preliminary Results of Review

As a result of this review, we preliminarily determine that the weighted-average dumping margins for the period May 1, 2011, through April 30, 2012, are as follows:

<tr>
<th>Manufacturer/exporter</th>
<th>Weighted-average dumping margin (percent)</th>

Disclosure and Public Comment

The Department will disclose to interested parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice.6 Pursuant to 19 CFR 351.309(c), interested parties may submit cases briefs no later than 30 days after the date of publication of this notice.7 Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.8 Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.9 Case and rebuttal briefs should be filed using IA ACCESS.10

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, filed electronically via IA ACCESS. The Department’s electronic records system, IA ACCESS, must successfully receive an electronically-filed document in its entirety by 5 p.m. Eastern Daylight Time within 30 days after the date of publication of this notice.11 Requests should contain: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. The Department will issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon completion of the administrative review, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries in accordance with 19 CFR 351.212(b)(1). We intend to issue instructions to CBP 15 days after the date of publication of the final results of this review.

If Borusan’s or Erbosan’s weighted-average dumping margins are not zero or de minimis (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). Where either a respondent’s weighted-average dumping margin is zero or de minimis, or an importer-specific assessment rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department clarified its “automatic assessment” regulation on May 6, 2003.12 This clarification will apply to entries of subject merchandise during the POR produced by Borusan and Erbosan for which these companies did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at all others rate if there is no rate for the intermediate company(ies) involved in the transaction. Further, instead of rescinding the review with respect to Toscelik and Yucel, we find it appropriate to complete the review and issue liquidation instructions to CBP concerning entries for Toscelik and Yucel following issuance of the final results of review. If we continue to find that Toscelik and Yucel had no shipments of subject merchandise in the final results, we will instruct CBP to liquidate any existing entries of merchandise produced by Toscelik and Yucel, but exported by other parties at the rate for the intermediate reseller, if available, or at the all-others rate.13

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Borusan and Erbosan will be equal to the weighted-average dumping margin established in the final results of this review, except that the rate is de minimis within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for other manufacturers and exporters covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 14.74 percent, the all-others rate established in the LTFV investigation.14 These deposit requirements, when imposed, shall remain in effect until further notice.

Notification

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 11, 2012, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico. This administrative review covers five respondents: PYTCO, S.A. de C.V. (PYTCO); Conduit, S.A. de C.V. (Conduit); Mueller Comercial de Mexico, S.A. de R.L. de C.V. (Mueller); Lamina y Placa Comercial, S.A. de C.V. (Lamina y Placa); and Tuberia Nacional, Mexico, S. de R.L. de C.V. (Mueller); Conduit, S.A. de C.V. (Conduit); Mueller Comercial de Mexico, S.A. de R.L. de C.V. (PYTCO); Conduit, S.A. de C.V. (Ternium). Ternium was selected as a mandatory respondent, Ternium Mexico, S.A. de C.V., which also had been selected for individual examination.

Scope of the Order
The products covered by this order are circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). The merchandise covered by the order and subject to this review is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings: 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.50.90. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of these proceedings is dispositive.

Analysis of Comments Received
All issues raised in the case brief and the rebuttal brief are addressed in the Issues and Decision Memorandum (Decision Memorandum) from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Import Administration, dated May 30, 2013, which is hereby adopted by this notice. A list of the issues raised is attached to this notice as Appendix I. The Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). Access to IA ACCESS is available to registered users at http://iaaccess.trade.gov, and to all parties in the Central Records Unit (CRU), room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Mandatory Respondents
As stated in the Preliminary Results, PYTCO submitted a claim that it “did not have any exports, sales, or entries of subject merchandise to the United States” during the POR. While CBP data showed that PYTCO had an antidumping suspended entry during the POR, ample record evidence indicated that this shipment did not involve an actual sale; no other reviewable sales were reflected in the CBP data. No information or argument

1 In accordance with 19 CFR 351.213(d)(1), we preliminarily rescinded the administrative review with respect to the companies named in the Initiation Notice for which no request for administrative review remained on the record of this proceeding, to wit: Galvak, S.A. de C.V. (Galvak); Hylsa, S.A. de C.V. (Hylsa); Industrias Monterrey S.A. de C.V. (IMSA); Southland Pipe Nipples Co., Inc. (Southland); and Ternium Mexico, S.A. de C.V. (Ternium). Ternium was selected as a mandatory respondent prior to petitioners’ withdrawal of the request for review with respect to Ternium. See Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part, 76 FR 82268 (December 30, 2011) (Initiation Notice); see also Preliminary Results.
