

Notifications

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a preliminary reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 31, 2013.

Ronald K. Lorentzen,

Changes From the Preliminary Results

Based on our analysis of the comments received since the *Preliminary Results*, we have made the following changes in calculating Ambica's weighted-average dumping margin for the final results: (1) We removed the billing adjustments from the net prices in the comparison and U.S. markets; (2) we capped packing revenue by the amount of packing revenue Ambica recouped from certain customers; and, (3) we re-classified a previously affiliated loan from the *Preliminary Results* as non-affiliated and recalculated Ambica's net financial expense ratio, excluding the previously affiliated loan. See Memorandum to the File from Joseph Shuler, "Final Results Calculation Memorandum for Ambica," June 3, 2013, and Memorandum to Neal M. Halper, Director, Office of Accounting, through Peter S. Scholl, Lead Accountant, from Sheikh M. Hannan, Senior Accountant, titled "Cost Calculation Adjustment Memorandum for the Final Results," June 3, 2013.

Final Results of the Review

We determine that the following weighted-average dumping margin exists for Ambica for the period February 1, 2011, through January 31, 2012.

Exporter/manufacturer	Margin (percent)
Ambica Steels Limited	0.00

Disclosure

Pursuant to 19 CFR 351.224(b), we intend to disclose calculation memoranda used in our analysis to parties to these proceedings within five days of the date of publication of this notice.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

In accordance with the *Final Modification*, we will instruct CBP to liquidate Ambica's entries covered in

this review without regard to antidumping duties.²

The Department clarified its “automatic assessment” regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment Policy Notice*). This clarification will apply to entries of subject merchandise during the period of review produced by Ambica for which Ambica did not know the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate un-reviewed entries at 12.45 percent, the “all others” rate established in the LTFV investigation if there is no rate for the intermediate company(ies) involved in the transaction. See *Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Bar from India*, 59 FR 66915 (December 28, 1994); see also *Assessment Policy Notice*.

Cash Deposit Requirements

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of stainless steel bar from India entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For the company covered by this review, the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the producer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 12.45 percent, the “all others” rate established in the LTFV investigation.³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

The period of review (POR) is May 1, 2011, through April 30, 2012. The review covers one producer and exporter of the subject merchandise, Jungbunzlauer Canada Inc. (JBL Canada). SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by this order is citric acid and certain citrate salts. The product is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at item numbers 2918.14.0000 and 2918.15.1000, 2918.15.5000 and 3824.90.9290. Methodology

The Department has conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price (CEP) is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. To determine the appropriate comparison method, the Department applied a “differential pricing” analysis and has preliminarily determined to use a combination of the average-to-average method and the average-to-transaction method in making comparisons of CEP and NV for
