SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of this information collection.

National Marine Fisheries Service (NMFS) Northeast Region manages the Northeast Multispecies fishery of the Exclusive Economic Zone (EEZ) of the Northeastern United States through the Northeast Multispecies Fishery Management Plan (FMP). The New England Fishery Management Council prepared the FMP pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (MSA). The regulations implementing the FMP are specified at 50 CFR part 648 Subpart F. The NE Multispecies Days-at-Sea (DAS) leasing requirements at § 648.82(k) form the basis for this collection of information.

The NE multispecies DAS leasing program was implemented in 2004 as a result of Amendment 13 (69 FR 22906) which substantially reduced the number of DAS available for the NE multispecies vessels. To mitigate some of the adverse impact associated with the reduction in DAS, the NE Multispecies Leasing Program was developed to enable vessels to increase their revenue by either leasing additional DAS from another vessel to increase their participation on the fishery, or by leasing their unused allocated DAS to another vessel.

NMFS requests Days-at-Sea (DAS) leasing application information in order to process and track requests from allocation holders to transfer DAS to another vessel. This information, upon receipt, results in an increasingly more efficient and accurate database for management and monitoring of fisheries of the Northeastern U.S. EEZ. The DAS leasing downgrade information is collected to allow vessel owners that are eligible to lease Northeast multispecies DAS a one-time downgrade in their baseline specifications to their current vessel specifications. This one-time downgrade provides greater flexibility for vessels to lease their DAS.

II. Method of Collection

Applicants can submit a DAS leasing request either through mail or electronically. Fillable applications may be completed online, but must be printed and signed to complete and the originals must be mailed. Applicants may choose to submit a lease electronically by logging into their personal fish-on-line accounts at <https://www.nero.noaa.gov/NMFSlogin/>
