The Exchange stated that it anticipates that the technology changes associated with this rule proposal would be available on or about June 6, 2013 and the Exchange anticipates that it would be able to complete the technology roll out before June 21, 2013, which is an Expiration Friday. The Exchange stated that it believes that the waiver of the operative delay is consistent with investor protection and the public interest because it will enable LRP functionality for those periods when Tier 1 and Tier 2 NMS Stocks are not covered by the Plan. Based on the Exchange's statements, the Commission believes that waiving the operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby grants the Exchange's request and waives the 30-day operative delay.<sup>12</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69692; File No. SR-NYSEMKT-2013-45]

### Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Extending Its Program That Allows Transactions To Take Place at a Price That Is Below \$1 Per Option Contract Until January 5, 2014

June 4, 2013.

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (the "Act")<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that on May 24, 2013, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared

by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend its program that allows transactions to take place at a price that is below \$1 per option contract until January 5, 2014. The text of the proposed rule change is available on the Exchange's Web site at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The purpose of this filing is to extend the Pilot Program<sup>4</sup> under Rule 968NY to allow accommodation transactions ("Cabinet Trades") to take place at a price that is below \$1 per option contract to January 5, 2014. The Exchange proposes to extend the program for 7 months.

An "accommodation" or "cabinet" trade refers to trades in listed options on the Exchange that are worthless or not actively traded. Cabinet trading is generally conducted in accordance with the Exchange Rules, except as provided in Exchange Rule 968NY Accommodation Transactions (Cabinet Trades), which sets forth specific procedures for engaging in cabinet trades. Rule 968NY currently provides for cabinet transactions to occur via open outcry at a cabinet price of a \$1 per option contract in any options series open for trading in the Exchange, except that the Rule is not applicable to trading in option classes participating in the

<sup>12</sup> For purposes only of waiving the operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>4</sup> See Securities Exchange Act Release No. 63475 (December 8, 2010), 75 FR 77932 (December 14, 2010)(SR-NYSE Amex-2010-114).

Penny Pilot Program. Under the procedures, bids and offers (whether opening or closing a position) at a price of \$1 per option contract may be represented in the trading crowd by a Floor Broker or by a Market-Maker or provided in response to a request by a Trading Official, a Floor Broker or a Market-Maker, but must yield priority to all resting orders in the Cabinet (those orders held by the Trading Official, and which resting cabinet orders may be closing only). So long as both the buyer and the seller yield to orders resting in the cabinet book, opening cabinet bids can trade with opening cabinet offers at \$1 per option contract.

The Exchange has temporarily amended the procedures through May 31, 2013 to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option contract. These lower priced transactions are permitted to be traded pursuant to the same procedures applicable to \$1 cabinet trades, except that (i) bids and offers for opening transactions are only permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures are also made available for trading in option classes participating in the Penny Pilot Program.<sup>5</sup> The Exchange believes that allowing a price of at least \$0 but less than \$1 better accommodates the closing of options positions in series that are worthless or not actively traded, particularly due to recent market conditions which have resulted in a significant number of series being out-of-the-money. For example, a market participant might have a long position in a call series with a strike price of \$100 and the underlying stock might be trading at \$30. In such an instance, there might not otherwise be a market for that person to close-out the position even at the \$1 cabinet price (e.g., the series might be quoted no bid).

As with other accommodation liquidations under Rule 968NY, transactions that occur for less than \$1 will not be disseminated to the public on the consolidated tape. In addition, as with other accommodation liquidations under Rule 968NY the transactions will

<sup>5</sup> Currently the \$1 cabinet trading procedures are limited to options classes traded in \$0.05 or \$0.10 standard increment. The \$1 cabinet trading procedures are not available in Penny Pilot Program classes because in those classes an option series can trade in a standard increment as low as \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier). Because the temporary procedures allow trading below \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier), the procedures are available for all classes, including those classes participating in the Penny Pilot Program.

be exempt from the Consolidated Options Audit Trail (“COATS”) requirements of Exchange Rule 955NY Order Format and System Entry Requirements. However, the Exchange will maintain quotation, order and transaction information for the transactions in the same format as the COATS data is maintained. In this regard, all transactions for less than \$1 must be reported to the Exchange following the close of each business day.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b)<sup>6</sup> of the Securities Exchange Act of 1934 (the “Act”), in general, and furthers the objectives of Section 6(b)(5)<sup>7</sup> in particular in that it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that allowing for liquidations at a price less than \$1 per option contract will better facilitate the closing of options positions that are worthless or not actively trading, especially in Penny Pilot issues where Cabinet Trades are not otherwise permitted.

### B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is to extend an established pilot program for 7 months and continue to facilitate ATP Holders ability to close positions in worthless or not actively traded series.

### C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>8</sup> and Rule 19b-4(f)(6) thereunder.<sup>9</sup> Because the

proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.<sup>10</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>11</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>12</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the operative delay so that the pilot program can continue without interruption. The Commission notes that the proposed rule change does not present any new, unique or substantive issues, but rather is merely extending an existing pilot program and that waiver of the 30-day operative delay will prevent confusion about whether the pilot program continues to be available. Therefore, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and designates the proposed rule change as operative effective June 1, 2013.<sup>13</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

<sup>10</sup> In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange’s intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied the pre-filing requirement.

#### SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69686; File No. SR-MIAX-2013-24]

#### Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 605 Regarding Orders in a Market Maker's Appointed Classes

June 3, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on May 22, 2013, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

##### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Rule 605 to delete the provision that includes executions resulting from orders in a Market Maker's appointed classes as part of the limitation on executions in a Market Maker's non-appointed classes.

The text of the proposed rule change is available on the Exchange's Web site at [http://www.miaxoptions.com/filter/wotitle/rule\\_filing](http://www.miaxoptions.com/filter/wotitle/rule_filing), at MIAX's principal office, and at the Commission's Public Reference Room.

##### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The purpose of the proposed rule change is to eliminate an unnecessary provision in Rule 605 that places a limitation on orders that can be submitted by a Market Maker in its appointed classes. Rule 605 governs the submission of orders by Market Makers; differentiating between orders submitted in classes to which the Market Maker is appointed and orders submitted in classes to which the Market Maker is not appointed. Paragraph (a) governs option classes to which the Market Maker is appointed and limits the types of orders that can be submitted by a Market Maker in its appointed classes. Paragraph (b) governs option classes other than those to which the Market Maker was appointed. Market Makers can submit all types of orders in non-appointed classes, but subparagraphs (b)(2) and (b)(3) place limitations on the overall percentage of executions that can occur in the non-appointed classes. Specifically, subparagraph (b)(2) limits a Registered Market Maker's total number of contracts executed in non-appointed option classes to 25% of the Registered Market Maker's total number of contracts executed in its appointed option classes and subparagraph (b)(3) limits a Lead Market Maker's total number of contracts executed in non-appointed option classes to 10% of the Lead Market Maker's total number of contracts executed in its appointed option classes. The Exchange places further limitations in subparagraphs (b)(2) and (b)(3) by including in the 25% limitation for Registered Market Makers and in the 10% limitation for Lead Market Makers, contracts resulting from the execution of *orders in appointed* classes.

Traditionally, the purpose of limiting the number of contracts executed in non-appointed classes to a small percentage of contracts executed in appointed classes was to encourage Market Makers to provide liquidity in their appointed classes. Such a limitation was important at "floor-based" exchanges, since market makers were limited in the number of classes in which they could physically make markets and it was in the floor-based
