Rural Utilities Service

Supplemental Final Environmental Impact Statement for the Restart of Healy Power Plant Unit #2

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Availability of a Supplemental Final Environmental Impact Statement.

SUMMARY: The U.S. Department of Agriculture, Rural Utilities Service (RUS), has issued a Supplemental Final Environmental Impact Statement (SFEIS) for the restart of Healy Power Plant's Unit #2 in Healy, Alaska. The SFEIS supplements a Final Environmental Impact Statement (FEIS), completed by the Department of Energy (DOE) in 1993 to evaluate potential impacts to the human environment from DOE's proposal to partially fund construction of Unit #2 of the Healy Power Plant to demonstrate emission controls technologies. In 1994, the DOE published a Record of Decision (ROD) for their FEIS in the Federal Register. Volume 59, Issue 54 (March 21, 1994).

In 1997, Healy Unit #2 was constructed as a major modification to the existing Healy Power Plant's Unit #1, using funding from DOE and the Alaska Industrial Development and Export Authority (AIDEA). Healy Unit #1 is a 25 megawatt (MW) coal-fired boiler that has been owned and operated by Golden Valley Electric Association (GVEA) since 1967. Healy Unit #2 is a 50 MW coal-fired steam generator owned by AIDEA, which underwent test operation for two years as part of DOE's project. Unit #2 has been in warm layup since late 1999. The SFEIS updates information in DOE's FEIS and considers impacts of restarting Unit #2 for commercial operation. The SFEIS is available for a 30-day public review and comment period. Subsequent to the comment period RUS may issue a ROD.

DATES: Written comments on this Notice must be received on or before July 10, 2013.

FOR FURTHER INFORMATION CONTACT: Deirdre M. Remley, Environmental Protection Specialist, RUS, Water and Environmental Programs, Engineering and Environmental Staff, 1400 Independence Avenue SW., Stop 1571, Washington, DC 20250–1571. Telephone: (202) 720–9640 or email: deirdre.remley@wdc.usda.gov. The SFEIS is available online at http://www.rurdev.usda.gov/UWP-eis4.htm or you may contact Ms. Remley for a hard copy.

SUPPLEMENTAL INFORMATION: RUS makes loans and loan guarantees to finance new infrastructure and upgrades to existing facilities in the areas of electricity, telecommunications, and water and wastewater in rural areas that qualify for federal assistance. During the 1994 USDA reorganization, the former Rural Electrification Administration (REA) utility programs were consolidated under RUS. The RUS Electric Program is authorized to make loans and loan guarantees that finance electric distribution, transmission, and generation facilities, including construction, system improvements, and replacements required to furnish and improve electric service in rural areas. RUS's predecessor, REA, was a cooperating agency on DOE's FEIS, because it had administrative actions related to its lien interests in GVEA holdings.

GVEA is a not-for-profit cooperative formed in 1946 with financing from REA to provide electric service to rural communities in interior Alaska. Because GVEA is an RUS borrower, RUS holds liens on GVEA assets, and GVEA is eligible for RUS financing to construct or improve its distribution, transmission, and generation facilities. AIDEA provides support for the Alaska Energy Authority whose mission is to reduce the cost of energy in Alaska. AIDEA partially funded construction of Unit #2, and currently owns this power generation facility that is built adjacent to and interconnected with GVEA's Unit #1 at the Healy Power Plant.

Unit #2 has been costly for both AIDEA and GVEA to maintain without income from commercial generation to offset the costs of keeping the facility in warm layup. AIDEA wishes to sell Unit #2 to GVEA, and GVEA wishes to purchase the facility and bring it into commercial production to reduce GVEA's reliance on oil-fired generation by providing a lower cost option for meeting power demand within its service territory.

As part of the restart of Unit #2, GVEA proposes to install additional emission controls to both Unit #1 and Unit #2 and to operate Unit #2 for the remainder of the plant's operational life. GVEA plans to request RUS administrative and financial assistance from RUS to facilitate its purchase of Unit #2 and improvements to the Healy Power Plant, which include the installation of additional emission control equipment.

The SFEIS updated the DOE FEIS by documenting changes in the affected environment, regulatory requirements, and environmental consequences related to the commercial operation of Unit #2, which have occurred since the FEIS was published in 1993. RUS's SFEIS incorporates the DOE FEIS by reference. Both the FEIS and the SFEIS are available at http://www.rurdev.usda.gov/UWP-eis4.htm.

Nevin Elgohary, Assistant Administrator, Electric Programs, USDA, Rural Utilities Service.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[85–7–2013]

Foreign-Trade Zone (FTZ) 21—Dorchester County, South Carolina; Notification of Proposed Production Activity: AGFA Materials Corporation (Photographic Film Cutting); Goose Creek, South Carolina

The South Carolina State Ports Authority, grantee of FTZ 21, submitted a notification of proposed production activity to the FTZ Board on behalf of AGFA Materials Corporation (AGFA), located in Goose Creek, South Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 17, 2013. AGFA is exempt from customs duties on foreign status material.

The AGFA facility is located within Site 16 of FTZ 21. The facility is used for the cutting of photographic film to specific sizes or master rolls for medical images, aerial photography, and non-destructive testing. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products listed in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt AGFA from customs duty payments on the foreign status film used in export production. On its domestic sales, AGFA would be able to choose the duty rates during customs entry procedures that apply to its finished cut film (3.7%) and associated scrap and waste (free) for the foreign-status film (3.7%). Customs duties also could
possibly be deferred or reduced on foreign status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is July 22, 2013.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov (202) 482–1367.

Dated: June 4, 2013.
Andrew McGilvray, Executive Secretary.

DEPARTMENT OF COMMERCE
International Trade Administration
[A–570–901]

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) is conducting an administrative review of the antidumping duty order on certain lined paper products (“CLPP”) from the People’s Republic of China (“PRC”). The period of review (“POR”) is September 1, 2011, through August 31, 2012. Of the three companies requested for review, the Department has preliminarily determined that Leo’s Quality Products Co., Ltd./Denmax Plastic Stationery Factory (“Leo’s/Denmax”) did not cooperate and will be treated as part of the PRC-wide entity; Shanghai Lian Li Paper Products Co., Ltd. (“Lian Li”) made no shipments of subject merchandise during the POR and will retain its separate rate status; and Hwa Fuh Plastics Co., Ltd./Li Teng Plastics (Shenzhen) Co., Ltd. (“Hwa Fuh/Li Teng”) could not be contacted so review of this company will be rescinded.

DATES: Effective Date: June 10, 2013.

FOR FURTHER INFORMATION CONTACT: Cindy Robinson or Eric B. Grey novels, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington DC 20230; telephone (202) 482–3797 or (202) 482–6071, respectively.

Scope of the Order
The merchandise subject by the CLPP Order is certain lined paper products.1 The products are currently classified under the following Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings: 4811.90.9035, 4811.90.9050, 4820.30.0040, 4820.20.5044, 4811.90.9050, 4820.90.0090, 4820.30.0040, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2050, 4820.10.2060, and 4820.10.4000. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description in the CLPP Order2 remains dispositive.3

Methodology
The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (“the Act”). In making our findings, we have relied, in part, on facts available, and because Leo’s/Denmax did not act to the best of its facts available, and because Leo’s/Denmax did not act to the best of its knowledge to cooperate, we determined, consistent with its recently announced refinement to its assessment practice in non-market economy (“NME”) cases,4 it is not appropriate to rescind the review with respect to Lian Li, but, rather, to complete the review with respect to Lian Li and issue appropriate instructions to CBP based on the final results of the review.

Intent To Rescind the Review, in Part
With respect to Hwa Fuh/Li Teng, the Department was unable to deliver the initial questionnaire to Hwa Fu/Li Teng using the address provided by petitioner5 in its 2011–2012 administrative review request letter.6 Therefore, the Department intends to rescind the review with respect to Hwa Fuh/Li Teng, in accordance with our practice, from which we see no reason to deviate here.7

2 Id.
3 For a complete description of the scope of the order, see “Decision Memorandum for Preliminary Results of 2011–2012 Antidumping Duty Administrative Review: Certain Lined Paper Products from the People’s Republic of China” (“Preliminary Decision Memorandum”) from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with these preliminary results.
4 See Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties, 76 FR 65694 (October 24, 2011) and the “Assessment Rates” section below.
5 Petitioner is the Association of American School Lined Paper Suppliers (“AASPS”) and its individual members: Norcom Inc., Top Flight, Inc. and ACCO Brands USA LLC (collectively, “petitioner”).
