

required under § 75.1702 to MSHA for approval. Section 103(h) of the Mine Act, 30 U.S.C. 813, authorizes MSHA to collect information necessary to carry out its duty in protecting the safety and health of miners. These information collection requirements help to ensure that a fire or explosion hazard does not occur.

II. Desired Focus of Comments

The Mine Safety and Health Administration (MSHA) is soliciting comments concerning the proposed extension of the information collection related to the Program to Prevent Smoking in Hazardous Areas (Pertains to Underground Coal Mines). MSHA is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- Evaluate the accuracy of the MSHA's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

OMB clearance requests are available on MSHA's Web site at <http://www.msha.gov> under "Federal Register Documents" on the right side of the screen by selecting "New and Existing Information Collections and Supporting Statements". The document will be available on MSHA's Web site for 60 days after the publication date of this notice, and on [regulations.gov](http://www.regulations.gov). Comments submitted in writing or in electronic form will be made available for public inspection on [regulations.gov](http://www.regulations.gov). Because comments will not be edited to remove any identifying information, MSHA cautions the commenter against including any information in the submission that should not be publicly disclosed.

The public also may examine publicly available documents, including the public comment version of the supporting statement, at MSHA, Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, VA 22209-3939.

Questions about the information collection requirements may be directed to the person listed in the **FOR FURTHER INFORMATION** section of this notice.

III. Current Actions

The information obtained from applicants will be used to determine compliance with 30 CFR Part 75.

MSHA has updated the number of respondents and responses, as well as the total burden hours and burden costs supporting this information collection request.

MSHA does not intend to publish the results from this information collection and is not seeking approval to either display or not display the expiration date for the OMB approval of this information collection.

There are no certification exceptions identified with this information collection and the collection of this information does not employ statistical methods.

Type of Review: Extension of a currently approved information collection.

Agency: Mine Safety and Health Administration.

Title: Program to Prevent Smoking in Hazardous Areas (Pertains to Underground Coal Mines).
