petitioner and SGBC, we find that SGBN is merely a factory established and owned by SGBC and, accordingly, there is no basis to conduct a review for SGBN. Therefore, the Department is also rescinding this administrative review with respect to SGB.

We are not rescinding the review for CPZ/SKF, Dana Heavy Axle, NGBC, Sihe, Timken Mexico, or Zhaofeng.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.221(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties. See 19 CFR 351.402(f)(3).

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of propriety information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: June 5, 2013.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Aluminum Extrusions From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Recession, in Part, 2010/12

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on aluminum extrusions from the People’s Republic of China ("PRC"). The period of review ("POR") is November 12, 2010, through April 30, 2012. The review covers two exporters of subject merchandise who are mandatory respondents: Kromet International, Inc. ("Kromet"); and a single entity comprised of Guang Ya Aluminum Industrial Co., Ltd. ("Guang Ya"), Foshan Guangcheng Aluminum Co., Ltd. ("Guangcheng") (collectively "Guang Ya Group"); Guangdong Zhongya Aluminum Co., Ltd., ("Zhongya"); and Foshan Nanhai Xinya ("Xinya") (collectively "Guang Ya Group/Zhongya/Xinya"). The Department preliminarily finds that Kromet did not make sales of subject merchandise at less than normal value and that Guang Ya Group/New Zhongya/Xinya failed to demonstrate that it was eligible for a separate rate and thus is part of the PRC-wide entity. Furthermore, the Department received separate rate applications from 33 additional exporters, of which only four have been preliminarily found to be eligible for a separate rate: Gold Mountain International Development Limited; Shenzhen Juiyuan Co., Ltd.; Sincere Profit Limited; and Skyline Exhibit Systems (Shanghai) Co., Ltd.

DATES: Effective Date: June 11, 2013.

FOR FURTHER INFORMATION CONTACT: Paul Stolz or Demitrios Kalogeropoulos, AD/ CVD Operations, Office 8, Import Administration, International Trade

See Decision Memorandum for Preliminary Results Antidumping Duty Administrative Review: Aluminum Extrusions from the People’s Republic of China, 77 FR 14050 (March 10, 2012) ("Decision Memorandum").

See SGBC Final Rescission Memo, at 4.
The entity is under review for these preliminary results. Thus, we are not rescinding this review with respect to these companies at this time, but the Department will make a determination with respect to the PRC-wide entity at the conclusion of this review.

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended ("the Act"). Export and constructed export prices have been calculated in accordance with sections 772(a) and (b) of the Act. Because the PRC is a non-market economy ("NME") within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act. Specifically, the respondent’s factors of production have been valued using, when possible, the Philippines as the surrogate country. The Philippines is a market economy country that is economically comparable to the PRC and is a significant producer of comparable merchandise. To determine the appropriate comparison method, the Department applied a “differential pricing” analysis and has preliminarily determined to use the average-to-average method in making comparisons of export price and constructed export price to normal value for Kromet.

For a full description of the methodology underlying our preliminary results, please see the Preliminary Decision Memorandum adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at http://iaaccess.trade.gov, and is available to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum and the signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Separate Rates

In the Initiation Notice, we informed parties of the opportunity to request a separate rate. In proceedings involving NME countries, the Department begins with a rebuttable presumption that all companies within the NME country are subject to government control and, thus, should be assigned a single weighted-average dumping margin. It is the Department’s policy to assign all exporters of merchandise subject to an administrative review involving an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate. Companies that wanted to be considered for a separate rate in this review were required to timely file a separate rate application ("SKA") or a separate rate certification to demonstrate eligibility for a separate rate. Separate rate applications and separate rate certifications were due to the Department within 60 calendar days of the publication of the Initiation Notice.

In this review, ten exporters for which a review was requested did not submit separate-rate information to rebut the presumption that, like all companies within the PRC, they are subject to government control. As further discussed in the Preliminary Decision Memorandum, we determine that these entities have not demonstrated that they operate free from government control. Thus, we preliminarily determine that they part of the PRC-wide entity.

Twenty-seven separate-rate applicants still under review submitted a SRA that did not demonstrate a sale/entry of subject merchandise during the POR by means of a U.S. Customs and Border Protection (“CBP”) entry summary form (CBP Form 7501) showing a suspended AD/CVD entry. On May 14, 2013, the Department adopted by this notice. The Department did not determine a SRA for two companies (Surrogate Country Memorandum).
Department issued a supplemental questionnaire to these 27 separate rate applicants and requested an explanation as to why their respective SRAs did not pertain to a suspended AD/CVD entry, and requested that the separate-rate applicants submit documentation for the first sale of suspended subject merchandise made during the POR. Therefore, for these preliminary results, the Department is not able to make a determination whether these companies are eligible for a separate rate, or had reviewable entries of subject merchandise. However, we will analyze the responses from these companies to our May 14, 2013, supplemental questionnaire and will continue to consider this issue for the final results.

Preliminary Results of Review
The Department preliminarily determines that the following weighted-average dumping margins exist for the POR:

<table>
<thead>
<tr>
<th>Exporter</th>
<th>Weighted-average dumping margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Kromet International, Inc</td>
<td>0.00</td>

Disclosure and Public Comment
The Department intends to disclose to the parties the calculations performed for these preliminary results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the case briefs are filed. Any interested party may request a hearing within 30 days of publication of this notice. Hearing requests should contain the following information: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the case and rebuttal briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230. Unless otherwise extended, the Department intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in the case and rebuttal briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Deadline for Submission of Publicly Available Surrogate Value Information
In accordance with 19 CFR 351.301(c)(3)(ii) (2012), the deadline for submission of publicly available information to value factors of production under 19 CFR 351.406(c) is 20 days after the date of publication of the preliminary results. In accordance with 19 CFR 351.301(c)(1) (2012), if an interested party submits factual information less than ten days before, on, or after the deadline, the applicable deadline for submission of such factual information, an interested party may submit factual information to rebut, clarify, or correct the factual information no later than ten days after such factual information is served on the interested party. However, the Department generally will not accept in the rebuttal submission additional or alternative surrogate value information not previously on the record, if the deadline for submission of surrogate value information has passed. Furthermore, the Department generally will not accept business proprietary information in either the surrogate value submissions or the rebuttals thereto, as the regulation regarding the submission of surrogate values allows only for the submission of publicly available information.

Assessment Rates
Upon issuance of the final results of this review, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of the final results of this review.

For each individually examined respondent whose weighted-average dumping margin is not zero or de minimis (i.e., less than 0.5 percent), we will calculate importer-specific ad valorem duty assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). For duty assessment rates calculated on this basis, we will direct CBP to assess the resulting ad valorem rate against the entered customs values for the subject merchandise. If the weighted-average dumping margin for the exporter is zero or de minimis, or the importer-specific assessment rate is zero or de minimis, then the Department will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The Department recently announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide

 disclosure.

Sodium Hexametaphosphate From the People’s Republic of China: Final Results of Expedited First Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On February 1, 2013, the Department of Commerce (the “Department”) initiated the first five-year (“sunset”) review of the antidumping duty order on sodium hexametaphosphate from the People’s Republic of China (“PRC”) pursuant to section 751(c) of the Tariff Act of 1930, as amended (the “Act”).* As a result of this sunset review, the Department finds that revocation of the antidumping duty order on sodium hexametaphosphate from the PRC would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Review” section of this notice.

DATES: Effective Date: June 11, 2013.

SUPPLEMENTARY INFORMATION:

Background

On March 4, 2013, the Department received an adequate substantive response from domestic interested parties ICL Performance Products LP and Innophos, Inc. (collectively, “Petitioners”) within the deadline specified in 19 CFR 351.218(d)(3)(i).2 We received no responses from respondent interested parties. As a result, the Department conducted an expedited (120-day) sunset review of the order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2).

Scope of the Order

The merchandise subject to the order is sodium hexametaphosphate. Sodium hexametaphosphate is a water-soluble polyphosphate glass that consists of a distribution of polyphosphate chain lengths. It is a collection of sodium polyphosphate polymers built on repeating NaPO3 units. Sodium

---

rate. In addition, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the PRC-wide rate.19

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties, when imposed, will apply to all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) if Kromet; Gold Mountain International Development Limited; Shenzhen Jiuyuan Co., Ltd.; Sincere Profit Limited; or Skyline Exhibit Systems (Shanghai) Co., Ltd., receive a separate rate in a completed segment of this proceeding; then their cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is zero or de minimis, then the cash deposit rate will be zero); (2) for any previously investigated or reviewed PRC and non-PRC exporter that is not under review in this segment of the proceeding but that received a separate rate in a completed prior segment, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin assigned to the PRC-wide entity in the final results of this administrative review;20 and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These cash deposit
