and central counterparty services, which among other things established the loss mutualization process, the MBSD NSS indemnity provision requiring the current loss allocation process was inadvertently overlooked and therefore not updated during FICC’s efforts to harmonize the GSD and MBSD rules. Accordingly, the rule change corrects this oversight by revising MBSD Rule 11, Section 5(o), to reflect that all remaining losses from a FRB indemnity claim should be treated as an “Other Loss” as defined in MBSD Rule 4 and allocated accordingly.

III. Discussion

Section 19(b)(2)(C) of the Act directs the Commission to approve a proposed rule change of a self-regulatory organization if it finds that such proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to such organization. Section 17A(b)(3)(F) of the Act requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and to remove impediments to and perfect the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions.

The Commission finds that FICC’s rule change should facilitate the prompt and accurate clearance and settlement of securities transactions by correcting MBSD’s rules to accurately reflect the loss allocation procedures in connection with NSS and to ensure that there is consistent treatment of such losses between the MBSD and GSD rules.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act, particularly with the requirements of Section 17A of the Act, and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR–FICC–2013–03) be and hereby is approved.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing of Amendment No. 2 to Proposed Rule Change To Clear Contracts Traded on the LIFFE Administration and Management Market

June 5, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) 1 and Rule 19b–4 thereunder 2 notice is hereby given that on June 4, 2013, ICE Clear Europe Limited (“ICE Clear Europe”) filed with the Securities and Exchange Commission (“Commission”) Amendment No. 2 to its previously submitted proposed rule changes to implement a clearing relationship in which ICE Clear Europe will clear contracts traded on the LIFFE Administration and Management (“LIFFE A&M”) market (the “LIFFE Clearing Proposed Amendments”). 3 Amendment No. 2 is intended to elaborate on certain aspects of the proposed clearing activities as they relate to LIFFE securities products and make a partial amendment to certain rules and procedures that would clarify the considerations under which certain margin and risk management requirements would be established and modified from time to time, as described in Items I, II, and III below, which Items have been prepared primarily by ICE Clear Europe. Except as described in this Amendment No. 2, the LIFFE Clearing Proposed Amendments, as described in the LIFFE Clearing Rule Notice, are unchanged. The Commission is publishing this notice to solicit comments on Amendment No. 2 to the proposed change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

As described in the LIFFE Clearing Rule Notice, ICE Clear Europe has agreed to act as the clearing organization for futures and option contracts traded on LIFFE Administration and Management, a recognized investment exchange under the UK Financial Services and Markets Act of 2000. Capitalized terms used but not defined herein have the meanings specified in the LIFFE Clearing Rule Notice. In this Amendment No. 2, ICE Clear Europe submits revisions to Rule 502 and Sections 13.6 and 13.7 of the Finance Procedures that are intended to clarify the considerations under which ICE Clear Europe would establish and modify certain margin requirements that may be applicable to cleared LIFFE Contracts and energy contracts, including the assets eligible as Margin and Permitted Cover and related haircuts.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the additional rule change in Amendment No. 2. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections A, B, and C below, of the significant aspects of these statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

ICE Clear Europe submits revisions to its margin requirements under Rule 502 and Sections 13.6 and 13.7 of the Finance Procedures. As discussed in the LIFFE Clearing Rule Notice, Margin requirements for LIFFE Contracts will be calculated using the SPAN®1 v4 algorithm, 4 with modifications for...

---

4 In approving this proposal, the Commission has considered its impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).
5 For the Commission by the Division of Trading and Markets, pursuant to delegated authority.
6 Kevin M. O’Neill, Deputy Secretary.

8 SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing of Amendment No. 2 to Proposed Rule Change To Clear Contracts Traded on the LIFFE Administration and Management Market

June 5, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) 1 and Rule 19b–4 thereunder 2 notice is hereby given that on June 4, 2013, ICE Clear Europe Limited (“ICE Clear Europe”) filed with the Securities and Exchange Commission (“Commission”) Amendment No. 2 to its previously submitted proposed rule changes to implement a clearing relationship in which ICE Clear Europe will clear contracts traded on the LIFFE Administration and Management (“LIFFE A&M”) market (the “LIFFE Clearing Proposed Amendments”). 3 Amendment No. 2 is intended to elaborate on certain aspects of the proposed clearing activities as they relate to LIFFE securities products and make a partial amendment to certain rules and procedures that would clarify the considerations under which certain margin and risk management requirements would be established and modified from time to time, as described in Items I, II, and III below, which Items have been prepared primarily by ICE Clear Europe. Except as described in this Amendment No. 2, the LIFFE Clearing Proposed Amendments, as described in the LIFFE Clearing Rule Notice, are unchanged. The Commission is publishing this notice to solicit comments on Amendment No. 2 to the proposed change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

As described in the LIFFE Clearing Rule Notice, ICE Clear Europe has agreed to act as the clearing organization for futures and option contracts traded on LIFFE Administration and Management, a recognized investment exchange under the UK Financial Services and Markets Act of 2000. Capitalized terms used but not defined herein have the meanings specified in the LIFFE Clearing Rule Notice. In this Amendment No. 2, ICE Clear Europe submits revisions to Rule 502 and Sections 13.6 and 13.7 of the Finance Procedures that are intended to clarify the considerations under which ICE Clear Europe would establish and modify certain margin requirements that may be applicable to cleared LIFFE Contracts and energy contracts, including the assets eligible as Margin and Permitted Cover and related haircuts.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the additional rule change in Amendment No. 2. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections A, B, and C below, of the significant aspects of these statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

ICE Clear Europe submits revisions to its margin requirements under Rule 502 and Sections 13.6 and 13.7 of the Finance Procedures. As discussed in the LIFFE Clearing Rule Notice, Margin requirements for LIFFE Contracts will be calculated using the SPAN®1 v4 algorithm, 4 with modifications for...

---

20 SPAN is a registered trademark of Chicago Mercantile Exchange Inc. and used by ICE Clear
concentration charges and a trinomial model used with respect to certain LIFFE option transactions. ICE Clear Europe will determine the margin parameters used in the SPAN algorithm for LIFFE Contracts cleared by ICE Clear Europe, and make appropriate modifications to those parameters from time to time, within the framework of the margin requirement policy approved by the ICE Clear Europe F&O Risk Committee. The margin parameters applicable from time to time will be issued and amended by ICE Clear Europe via a circular posted on its Web site.

Rule 502(d) addresses a number of margin requirements, including the assets eligible to be provided as Margin or Permitted Cover, and Rule 502(e) addresses haircuts that the clearing house may apply to such assets. Under the existing Rules, changes to such requirements may be determined by the clearing house from time to time and notified by Circular (which will also be posted on the clearing house’s Web site). ICE Clear Europe proposes to add a new Rule 502(k) to provide that for F&O Contracts, changes to the matters set forth in Rules 502(d) and (e), including assets eligible as Margin or Permitted Cover and the haircuts established with respect to such assets, will be based on an analysis of appropriate factors as determined by the clearing house. These factors will include, without limitation, historical and implied price volatility of those assets, current and anticipated conditions in the market for those assets, spreads and correlations between relevant assets, liquidity in the trading market for those assets, composition of the relevant market, default risk (including sovereign risk) with respect to those assets, relevant foreign exchange market conditions and other relevant information.

Similarly existing Section 13.6 of the Finance Procedures addresses the determination and change of original margin rates from time to time. As set forth in existing Section 13.6, ICE Clear Europe regularly reviews its margin rates in light of market conditions and makes appropriate modifications. ICE Clear Europe proposes to amend Section 13.6 to provide that changes to original margin rates for F&O Contracts will be based on an analysis of appropriate factors as determined by the clearing house. These include market prices, historical and implied volatilities of relevant contracts, spreads and correlations between related commodities, other current and anticipated conditions (including liquidity) in the market for the contracts and other relevant information.

Proposed new Rule 502(k) reads as follows:

(k) With respect to F&O Contracts, changes to the matters described in Rules 502(d) and (e) above, including assets eligible as Margin or Permitted Cover and the haircuts established with respect thereto, will be based on an analysis of appropriate factors as determined by the Clearing House, including historical and implied price volatility of such assets, current and anticipated conditions in the market for those assets, spreads and correlations between relevant assets, liquidity in the trading market for those assets, composition of the relevant market, default risk (including sovereign risk) with respect to those assets, relevant foreign exchange market conditions and other relevant information.

ICE Clear Europe believes that the proposed revisions to Rule 502 and Sections 13.6 and 13.7 of the Finance Procedures will provide clearing members with additional predictability as to potential changes to margin requirements, and the reasons for such changes, without adversely affecting the clearing house’s ability to adjust margin requirements as warranted by its risk management policies and market conditions. In addition, this additional guidance should permit clearing members to better anticipate potential changes in margin requirements and manage their own liquidity requirements, which may reduce the likelihood that a clearing member will be unable to satisfy its margin requirements and thereby improve the financial stability of the clearing house.

(b) Statutory Basis

As discussed in the LIFFE Clearing Rule Notice, ICE Clear Europe proposes to clear, among other LIFFE contracts, the LIFFE securities products. Currently, the LIFFE securities products are cleared by LIFFE A&M, with certain clearing functions performed by LCH Clearnet Limited, as described in the no-action relief previously provided to LIFFE A&M and its predecessor entities by Commission staff. ICE Clear Europe proposes to provide substantially the same clearing functions for the LIFFE securities products, pursuant to the LIFFE Clearing Proposed Amendments,
as are currently being provided by Liffe A&M and LCH Clearnet.

ICE Clear Europe is currently registered with the Commission as a securities clearing agency for purposes of clearing security-based swaps, pursuant to Section 17A(i) of the Act. With respect to the clearing of other securities products, such as the options on securities and security indices that constitute Liffe securities products, the Commission has historically taken the position that a foreign clearing agency would be required to register as a securities clearing agency (or obtain an exemption from registration) only if it provides clearing services for U.S. securities directly to U.S. persons. Conversely, the Commission has recognized that a foreign clearing agency is not required to register, or obtain an exemption from registration, with respect to clearing services involving non-U.S. securities, even if such services may be provided directly to U.S. persons. Consistent with these Commission positions, ICE Clear Europe believes that its proposed clearing of the Liffe securities products does not require further registration of ICE Clear Europe or an exemption from the registration requirement. With respect to those Liffe securities products that constitute foreign securities (i.e., futures and options on underlying non-U.S. securities), ICE Clear Europe (as a foreign clearing organization) may, consistent with the approach taken under Euroclear Order, provide clearing services, including to U.S. clearing members, without registration. With respect to those Liffe securities products that may constitute U.S. securities (i.e., futures and options on underlying U.S. securities), ICE Clear Europe will not provide clearing services to U.S. clearing members, as provided in proposed new Rule 207(f) and as described in the Liffe Clearing Rule Notice. As a result, these clearing activities do not impose the registration requirement under Section 17A(b) of the Act.

In ICE Clear Europe’s view, the fact that it is registered as a securities clearing agency for purposes of clearing security-based swaps does not change this analysis. ICE Clear Europe’s security-based swap clearing activities are for relevant purposes separate from the proposed Liffe securities product clearing activities, and in particular are supported by a separate guaranty fund. ICE Clear Europe believes that they can be treated separately as a regulatory matter as well. The Commission has recognized in the Euroclear Order, for example, that a foreign clearing organization may have activities for which registration (or exemption) is needed and activities for which neither registration nor exemption is required. Similarly, ICE Clear Europe’s registration for security-based swap clearing should not preclude it from engaging in other clearing activities that would otherwise be permissible without registration under the Exchange Act.

ICE Clear Europe notes that in any event, because of its status as a registered clearing agency, it will in practice be subject to additional requirements under the Act in respect of the Liffe securities products, notably the rule approval requirements under Section 19(b) of the Act.

As described in the Liffe Clearing Rule Notice, ICE Clear Europe’s clearing operations with respect to the Liffe securities products, and particularly those relating to U.S. securities, will be conducted outside the United States (with the exception of certain information technology services obtained from U.S. affiliates). Although ICE Clear Europe obtains certain services from some of its U.S. affiliates in connection with its security-based swap clearing activities, those services are not relevant to the clearing of the Liffe securities products. Accordingly, ICE Clear Europe does not believe such arrangements would affect the analysis discussed above.

As noted above, ICE Clear Europe’s proposed new Rule 207(f) will prohibit U.S. clearing members from clearing Liffe securities products involving underlying U.S. securities (other than broad-based security index futures contracts). In furtherance of this restriction, ICE Clear Europe, together with Liffe, will implement operational controls to restrict the activities of U.S. clearing members. Specifically, the clearing system to be used for the Liffe securities products will have market access controls that prevent U.S. clearing members from creating or holding cleared positions in Liffe securities products involving underlying U.S. securities. This is intended to prevent U.S. clearing members from engaging in any clearing-related activity (including give-ups or take-ups) in respect of those products.

When a new U.S. clearing member is approved for clearing, Liffe and ICE Clear Europe will be jointly responsible to ensure that these access limitations are properly in place.

With respect to the proposed changes to Rule 502 and Sections 13.6 and 13.7 of the Finance Procedures in this Amendment No. 2, ICE Clear Europe believes that such amendments are consistent with the requirements of Section 17A of the Act and the regulations thereunder applicable to it, including the standards under Rule 17Ad–22. The amendments will promote the prompt and accurate clearance of and settlement of securities transactions, the safeguarding of securities and funds in the custody or control of ICE Clear Europe, and the protection of investors and the public interest, within the meaning of Section 17A(b)(3)(F) of the Act. Specifically, ICE Clear Europe believes that the amendments will facilitate the safeguarding of securities and funds in the custody or control of ICE Clear Europe, including the F&O Guaranty Fund that applies to Liffe contracts and energy contracts, in a manner that is consistent with the financial resources and risk management requirements of Rule 17Ad–22 and the rule change approval requirements of Section 19(b)(1) of the Act. ICE Clear Europe believes that its other risk management practices applicable to clearing in the F&O Contracts can be conducted consistent with its rule change approval requirements of Section 19(b)(1) of the Act and Commission Rule 19b–4. In addition, ICE Clear Europe believes that its other risk management practices applicable to clearing the F&O Guaranty Fund will be properly in place.

B. Self-Regulatory Organization’s Statement on Burden on Competition

ICE Clear Europe does not believe the proposed rule changes in this Amendment No. 2 would have any impact, or impose any burden, on competition. ICE Clear Europe does not anticipate that the rule changes will adversely affect the trading market for the Liffe contracts on Liffe A&M. Moreover, ICE Clear Europe does not believe that the proposed amendments will impose any burden on competition among clearing members.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to Amendment No. 2 have not been solicited or received. ICE Clear Europe will notify the Commission of any written comments received by ICE Clear Europe.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of the LIFFE Clearing Rule Notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove the proposed rule change or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

• Use the Commission’s Internet comment form ([http://www.sec.gov/rules/sro.shtml](http://www.sec.gov/rules/sro.shtml)) or

• Send an email to rule.comments@sec.gov. Please include File Number SR–ICEEU–2013–09 on the subject line.

Paper Comments

• Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090. All submissions should refer to File Number SR–ICEEU–2013–09. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site ([http://www.sec.gov/rules/sro.shtml](http://www.sec.gov/rules/sro.shtml)). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filings also will be available for inspection and copying at the principal office of ICE Clear Europe and on ICE Clear Europe’s Web site at [https://www.theice.com/publicdocs/regulatory_filings/ICEU_SEC_060413.pdf](https://www.theice.com/publicdocs/regulatory_filings/ICEU_SEC_060413.pdf).

All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–ICEEU–2013–09 and should be submitted on or before June 27, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.19

Kevin M. O’Neill,
Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; BOX Options Exchange LLC: Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend BOX Rule 8050 to Lower the Minimum Quoting Requirement for Market Makers Quoting in Jumbo SPY Options

June 6, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),1 and Rule 19b–4 thereunder,2 notice is hereby given that on May 31, 2013, BOX Options Exchange LLC (“BOX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 8050 to lower the minimum quoting requirement for Market Makers quoting in Jumbo SPY Options. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission’s Public Reference Room and also on the Exchange’s Internet Web site at [http://boxexchange.com](http://boxexchange.com).

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On May 10, 2013 the Exchange began listing and trading option contracts overlying 1,000 SPDR® S&P 500® exchange-traded fund shares (“SPY”),3 or (“Jumbo SPY Options”).4 Whereas standard options contracts represent a deliverable of 100 shares an underlying security, this product represents 1,000 SPY shares. Except for the difference in the number of deliverable shares, Jumbo SPY Options have the same terms and contract characteristics as regular-sized options contracts (“standard options”), including exercise style. Accordingly, the Commission noted in the approval order that the Exchange’s rules that apply to the trading of standard options would apply to Jumbo SPY Options as follows:

3 “SPDR®,” “Standard & Poor’s®,” “S&P®,” “S&P® 500®,” and “Standard & Poor’s 500” are registered trademarks of Standard & Poor’s Financial Services LLC. The SPY ETF represents ownership in the SPDR S&P 500 Trust, a unit investment trust that generally corresponds to the price and yield performance of the SPDR S&P 500 Index.
