**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Endangered Species Act (ESA) (16 U.S.C. 1531 et seq.) makes it unlawful to import or export fish, wildlife, or plants without obtaining prior permission as deemed necessary for enforcing the ESA or upholding the Convention on International Trade in Endangered Species (CITES) (see 16 U.S.C. 1538(e)). This information collection includes the following permit/license application forms:

(1) FWS Form 3-200-2 (Designated Port Exception Permit). Under 50 CFR 14.11, it is unlawful to import or export wildlife or wildlife products at ports other than those designated in 50 CFR 14.12 unless you qualify for an exception. These exceptions allow qualified individuals, businesses, or scientific organizations to import or export wildlife or wildlife products at a nondesignated port:

- (a) When the wildlife or wildlife products will be used as scientific specimens.
- (b) To minimize deterioration or loss.
- (c) To relieve economic hardship.

To request an import or export of wildlife or wildlife products at nondesignated ports, applicants must complete FWS Form 3-200-2. Designated port exception permits are valid for 2 years. We may require a

permittee to file a report on activities conducted under authority of the permit.

(2) FWS Form 3-200-3 (Import/Export License). It is unlawful to import or export wildlife or wildlife products for commercial purposes without first obtaining an import/export license (50 CFR 14.91). Applicants must complete FWS Form 3-200-3 to request this license. We use the information that we collect on the application as an enforcement tool and management aid to: (a) Monitor the international wildlife market and (b) detect trends and changes in the commercial trade of wildlife and wildlife products. Import/export licenses are valid for 1 year. We may require a licensee to file a report on activities conducted under authority of the import/export license.

Permittees and licensees must maintain records that accurately describe each importation or exportation of wildlife or wildlife products made under the license, and any additional sale or transfer of the wildlife or wildlife products. In addition, licensees must make these records and the corresponding inventory of wildlife or wildlife products available for our inspection at reasonable times, subject to applicable limitations of law. We believe the burden associated with these recordkeeping requirements is minimal because the records already exist. Importers and exporters must complete FWS Form 3-177 (Declaration for Importation or Exportation of Fish or Wildlife) for all imports or exports of wildlife or wildlife products. This form provides an accurate description of the imports and exports. OMB has approved
