

existing lock and dam operated by the U.S. Army Corps of Engineers. The project, if licensed, would occupy a total of 38.7 acres of federal land.

In the draft EA, Commission staff analyzes the potential environmental effects of licensing the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the draft EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at [www.ferc.gov](http://www.ferc.gov) using the "eLibrary" link.
