DEPARTMENT OF AGRICULTURE
Submission for OMB Review; Comment Request

June 13, 2013.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720–8958.

An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service
Title: Import of Undenatured Inedible Product.

OMB Control Number: 0583–NEW.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 et seq.), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031 et seq.). These statutes mandate that FSIS protect the public by ensuring that meat and poultry products are safe, wholesome, unadulterated, and properly labeled and packaged. Foreign governments are to petition FSIS for approval to import undenatured inedible egg products into the United States.

Need and Use of the Information: FSIS will collect the information from firms using form FSIS 9540–4, “Permit Holder—Importation of Undenatured Inedible Products” for the undenatured inedible product that they are importing into the United States. FSIS will use the information on the form to keep track of the movement of imported undenatured inedible meat and egg products.

Description of Respondents: Business or other-for-profit.

Number of Respondents: 20.

Frequency of Responses: Reporting: One time.

Total Burden Hours: 667.

Ruth Brown,
Departmental Information Collection Clearance Officer.

Federal Register
Vol. 78, No. 118
Wednesday, June 19, 2013

SUMMARY: The United States Department of Agriculture, Natural Resources Conservation Service (NRCS) announces its intent to adopt the Kanab Creek Watershed Vegetation Management Project EA, as prepared by the U.S. Department of Interior’s Bureau of Land Management (BLM), under the provisions of the Council on Environmental Quality (CEQ) regulations (40 CFR 1506.3).

DATES: NRCS will accept comments received or postmarked concerning the adoption of this EA at the address below until July 19, 2013.

ADDRESSES: You may submit comments concerning the adoption of the Kanab Creek Watershed Vegetation Management Project EA, request a copy of the EA, or submit comments on actions being taken by NRCS regarding this matter to: Mr. Gary McRae, Resource Conservationist, Natural Resources Conservation Service, 125 South State Street, Room 4010, Salt Lake City, Utah 84138.

FOR FURTHER INFORMATION CONTACT: Mr. Gary McRae, Resource Conservationist, Natural Resources Conservation Service, 125 South State Street, Room 4010, Salt Lake City, Utah 84138; email at gary.mcrae@ut.usda.gov.

SUPPLEMENTARY INFORMATION: NRCS announces its intent to adopt the Kanab Creek Watershed Vegetation Management Project EA (UT–040–09–03) prepared by the U.S. Department of Interior’s Bureau of Land Management (BLM), Color County District, under the provisions of the Council on Environmental Quality (CEQ) regulations (40 CFR 1506.3). NRCS has reviewed this EA and determined that it adequately addresses the environmental impacts related to the proposed action for the private land vegetation treatment within the watershed.

As described in the EA, the area project is 130,689 acres with up to 52,043 acres proposed for treatment. The NRCS is the lead agency dealing with the small private parcels totaling 31,401 acres within this proposed watershed. A portion of this private land, the acreage is dependent on private landowner’s preference, will also participate in vegetation treatment. The proposed action is needed to: (1) Reduce hazardous fuels and risk to life and property from catastrophic wildland fire, (2) restore and improve...
the sagebrush steppe ecosystem. (3) increase plant species diversity and improve watershed conditions and water quality. (4) improve the health of both woodland and sagebrush/grassland by increasing vegetation diversity as well as age class structure. (5) enhance important seasonal and year-round habitat for several species of wildlife including but not limited to sage grouse, mule deer, elk, and pronghorn antelope, and (6) decrease the amount of pinyon/juniper expansion into areas historically dominated by sagebrush and grass.

Dated: June 4, 2013.

David C. Brown,
Utah State Conservationist

Diamond Sawblades and Parts Thereof From the People’s Republic of China: Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from an interested party, the Department of Commerce initiated a changed circumstances review of the antidumping duty order on diamond sawblades and parts thereof from the People’s Republic of China (PRC). We preliminarily determine that Husqvarna (Hebei) Co., Ltd. is the successor-in-interest to Hebei Husqvarna Jikai Diamond Tools Co., Ltd.

DATES: Effective Date: June 19, 2013.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce (the Department) published the antidumping duty order on diamond sawblades and parts thereof from the PRC on November 4, 2009.1 On October 1, 2012, Husqvarna (Hebei) Co., Ltd. (Hebei) filed a request for a changed circumstances review. In its request, Hebei informed the Department that Hebei Husqvarna Jikai Diamond Tools Co., Ltd. (Jikai)2 changed its name to Hebei on April 27, 2012, and it requested that the Department find Hebei to be the successor-in-interest to Jikai. On January 8, 2013, the Department published the notice of initiation of this review.3

Scope of the Order

The products covered by the order are all finished circular sawblades, whether slotted or not, with a working part that is comprised of a diamond segment or segments, and parts thereof, regardless of specification or size, except as specifically excluded below. Within the scope of the order are semifinished diamond sawblades, including diamond sawblade cores and diamond sawblade segments. Diamond sawblade cores are circular steel plates, whether or not attached to non-steel plates, with slots. Diamond sawblade cores are manufactured principally, but not exclusively, from alloy steel. A diamond sawblade segment consists of a mixture of diamonds (whether natural or synthetic, and regardless of the quantity of diamonds) and metal powders (including, but not limited to, iron, cobalt, nickel, tungsten carbide) that are formed together into a solid shape (from generally, but not limited to, a heating and pressing process).

Sawblades with diamonds directly attached to the core with a resin or electroplated bond, which thereby do not contain a diamond segment, are not included within the scope of the order. Diamond sawblades and/or sawblade cores with a thickness of less than 0.025 inches, or with a thickness greater than 1.1 inches, are excluded from the scope of the order. Circular steel plates that have a cutting edge of non-diamond material, such as external teeth that protrude from the outer diameter of the plate, whether or not finished, are excluded from the scope of the order.

In a previous changed circumstances review, the Department determined that Hebei Husqvarna Jikai Diamond Tools Co., Ltd., is not the successor-in-interest to Hebei Husqvarna Jikai Industrial Group Co., Ltd., and that Hebei Husqvarna Jikai Diamond Tools Co., Ltd., is a new entity. See Diamond Sawblades and Parts Thereof From the People’s Republic of China: Preliminary Results and Preliminary Intent To Terminate, in Part, Antidumping Duty Changed Circumstances Review and Extension of Time Limit for Final Results, 76 FR 38357 (June 30, 2011), unchanged in Diamond Sawblades and Parts Thereof From the People’s Republic of China: Final Results and Termination, in Part, Antidumping Duty Changed Circumstances Review, 76 FR 64988 (October 19, 2011).

Preliminary Results of Changed Circumstances Review

In making a successor-in-interest determination, the Department examines several factors including, but not limited to, changes in management, production facilities, supplier relationships, and customer base.5 While no single factor or combination of these factors will necessarily provide a dispositive indication of a successor-in-interest relationship, the Department will generally consider the new company to be the successor to the previous company if the new company’s operations are similar to those of its predecessor.6 Thus, if the evidence demonstrates that, with respect to the production and sales of the subject merchandise, the new company operates as the same business entity as the former company, the Department will accord the new company the same
