BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

National Indian Gaming Commission

25 CFR Part 518

RIN 3141-AA44

Self-Regulation of Class II Gaming

AGENCY: National Indian Gaming Commission, Department of the Interior.

ACTION: Final rule; technical and correcting amendments.

SUMMARY: The National Indian Gaming Commission (NIGC or Commission) is revising its rules concerning the issuance of certificates for tribal self-regulation of Class II gaming: To correct a section heading in the table of contents; to correct a conflict in the deadlines contained in one of the sections which, if left uncorrected,

would at times require the Commission to issue certain preliminary findings on the same day that it receives a tribe’s response to the Office of Self Regulation’s recommendation and report; and to correct referencing errors in two of its rules.

DATES: The effective date of these regulations is September 1, 2013.

FOR FURTHER INFORMATION CONTACT: John Hay, Senior Attorney, National Indian Gaming Commission, 1441 L Street NW., Suite 9100, Washington, DC 20005. Telephone: 202-632-7003.

SUPPLEMENTARY INFORMATION:

I. Background

The Indian Gaming Regulatory Act (IGRA or the Act), Public Law 100-497, 25 U.S.C. 2701 *et seq.*, was signed into law on October 17, 1988. The Act established the Commission and set out a comprehensive framework for the regulation of gaming on Indian lands. While the Act requires the Commission to “monitor class II gaming conducted on Indian lands on a continuing basis,” 25 U.S.C. 2706(b)(1), any Indian tribe which operates a Class II gaming facility and meets certain other conditions may petition the Commission for a certificate of self-regulation. 25 U.S.C. 2710(c). The Act authorizes the Commission to “promulgate such regulations and guidelines as it deems appropriate to implement” IGRA. 25 U.S.C. 2706(b)(10).

II. Development of the Rule

On April 4, 2013, the Commission published a final rule amending its regulations for the review and approval of petitions seeking the issuance of a certificate for tribal self-regulation of Class II gaming. 78 FR 20236, April 4, 2013. After publication, the Commission discovered that the deadline contained in 25 CFR 518.7(c)(5) for tribes to respond to the Office of Self Regulation’s recommendation and report, and the deadline contained in 25 CFR 518.7(d) for the Commission to issue preliminary findings to said recommendation and report, could potentially fall on the same day, thus preventing the Commission from fully considering the tribal response before it has to issue its preliminary findings. Therefore, the Commission is revising its regulations to provide that its preliminary findings will be issued 45 days after receipt of the recommendation and report, so that the Commission has sufficient time to review and consider adequately a tribe’s response to said recommendation and report. This revision is consistent with how the Commission envisioned tribes

obtaining a certificate of self-regulation and ensures that all tribal submissions will be fully considered before the Commission issues a decision.

Additionally, the Commission has discovered that the final rule published on April 4, 2013, contained: An incorrect section heading in the part's table of contents; incorrectly referenced a specific section in one of its rules; and that the reference to IGRA contained in § 518.10(a) should read "25 U.S.C. 2710(b)(2)(C)." Therefore, the Commission is also revising its regulations to correct the table of contents, and to correct the referencing errors in § 518.8(b) and § 518.10(a).

III. Certain Findings

Under the Administrative Procedure Act, a notice of proposed rulemaking is not required when an agency, for good cause, finds that notice and public comments are impracticable, unnecessary, or contrary to the public interest. Here, because this rule is not yet in effect and will not be so until September 1, 2013, and because the revisions herein are technical in nature and intended to correct inadvertent errors, the Commission is publishing a technical amendment.

In accordance with Executive Order 12630, the Commission has determined that this proposed rule does not have significant takings implications. A takings implication assessment is not required.
