Proposed Project: Assessment of the Town Hall Meetings on Underage Drinking Prevention—(OMB No. 0930-0288)—Revision

The Substance Abuse and Mental Health Services Administration/Center for Substance Abuse Prevention (SAMHSA/CSAP) is requesting a revision from the Office of Management and Budget (OMB) of the information collection regarding the Assessment of the Town Hall Meetings (THMs) on Underage Drinking Prevention. The current data collection has approval under OMB No. 0930-0288, which expires on November 30, 2013. The assessment will continue to collect data through two existing data collection instruments: the Organizer Survey and the Participant Form.

Two questions were dropped from the Organizer Survey, thus bringing the total number of questions to 30. The following table provides a summary of the proposed question clarifications and the questions that were deleted from the Organizer Survey.

Data Collection Component

SAMHSA/CSAP will use a web-based method to collect data through the Organizer Survey and a paper-and-pencil approach to collect data through the Participant Form. The web-based application will comply with the requirements of Section 508 of the Rehabilitation Act to permit accessibility to people with disabilities.

Every 2 years, the Organizer Survey will be completed by an estimated 3,400 THM event organizers and will require only one response per respondent. It will take an average of 20 minutes (0.333 hours) to review the instructions and complete the survey. This burden estimate is based on comments from three 2012 THM organizers who reviewed the survey and provided

comments on how long it would take them to complete it.

The Participant Form will be completed by an average of 30 participants per sampled community-based organization (n=400) and will require only one response per respondent. It will take an average of 5 minutes (0.083 hours) to review the instructions and complete the form.

ESTIMATED ANNUALIZED BURDEN TABLE

Form name	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden
Organizer Survey	3,400	1	3,400	0.333	1,132.20
Participant Form	12,000	1	12,000	0.083	996.00
Total	15,400	15,400	2,128.20

SAMHSA supports nationwide THMs every other year. Collecting data on each round of THMs, and using this information to inform policy and measure impact, supports SAMHSA's strategic initiative number 1: Prevention of substance abuse and mental illness. A specific goal under this initiative is to prevent or reduce the consequences of underage drinking and adult problem drinking; a specific objective is to establish the prevention of underage drinking as a priority issue for states, territories, tribal entities, colleges and universities, and communities.

SAMHSA will use the information collected to document the implementation efforts of this nationwide initiative, determine if the federally sponsored THMs lead to additional activities within the community that are aimed at preventing and reducing underage drinking, identify what these activities may possibly include, and help plan for future rounds of THMs. SAMHSA intends to post online a summary document of each round of THMs and present findings at national conferences attended by community-based organizations that have hosted THMs and might host future events. Similarly, SAMHSA plans to share findings with the Interagency Coordinating Committee on the Prevention of Underage Drinking: Agencies within this committee encourage their grantees to participate as event hosts. Additionally, the information collected will support performance measurement for SAMHSA programs under the Government Performance Results Act.
