SUPPLEMENTARY INFORMATION:

Title: Certificates of Quota Eligibility.

OMB Number: 0551-0014.

Expiration Date of Approval: October 31, 2013.

Type of Request: Extension of a currently approved information collection.

Abstract: Additional U.S. note 5 to Chapter 17 of the Harmonized Tariff Schedule of the United States (HTS), established by Presidential Proclamation 6763 of December 1994, authorizes the Secretary of Agriculture to establish for each fiscal year the quantity of sugars and syrups that may be entered at the lower tariff rates of TRQs. This authority was proclaimed by the President to implement the results of the Uruguay Round of multilateral trade negotiations as reflected in the provisions of Schedule XX (United States), annexed to the Agreement establishing the World Trade Organization (WTO). Under various free trade agreements (FTAs), the United States has agreed to require CQEs for the entry into U.S. customs territory of sugar and sugar-containing products. The authority for requiring these certificates is the Implementation Acts

for the U.S.—Colombia and U.S.—Panama Trade Promotion Agreements, set forth under 19 U.S.C. 3805.

The terms under which CQEs will be issued to foreign countries that have been allocated a share of the WTO TRQ or have an allocation under a FTA TRQ are set forth in 15 CFR part 2011, Allocation of Tariff-Rate Quota on Imported Sugars, Syrups, and Molasses, Subpart A—Certificate of Quota Eligibility. This regulation provides for the issuance of CQEs by the Secretary of Agriculture and in general prohibits sugar subject to the above-mentioned TRQs from being imported into the United States or withdrawn from a warehouse for consumption at the in-quota duty rates unless such sugar is accompanied by a valid CQE.

CQEs are distributed to foreign countries by the Director of the Import Policies and Export Reporting Division, Office of Trade Programs, Foreign Agriculture Service, or his or her designee. The distribution of CQEs is in such amounts and at such times as the Director determines are appropriate to enable the foreign country to fill its quota allocation for such quota period in a reasonable manner, taking into account harvesting periods, U.S. import requirements, and other relevant factors. The information required to be collected on the CQE is used to monitor and control the imports of products subject to the WTO and FTA sugar TRQs. A valid CQE, duly executed and issued by the Certifying Authority of the foreign country, is required for eligibility to enter the products into U.S. customs territory under the TRQs.

Estimate of burden: The public reporting burden for the collection directly varies with the number of CQEs issued.

Respondents: Foreign governments.

Estimated number of WTO

respondents: 40.

Estimated number of FTA

respondents: 2.

Estimated number of responses per

respondent: 30 per fiscal year.

Estimated total annual reporting

burden: 210 hours.

Requests for Comments: Send comments regarding (a) Whether the information collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information including validity of the methodology and assumption used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on those who are to respond, including through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Copies of this information collection may be obtained from Connie Ehrhart, the Agency Information Collection Coordinator, at (202) 690-1578.

Comments may be sent to William Janis, International Economist, Import Policies and Export Reporting Division, AgStop 1021, U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, DC 20250-1021 or telephone (202) 720-2194 or email William.Janis@fas.usda.gov. All comments received will be available for public inspection in Room 5526-S at the above address.

Persons with disabilities who require an alternative means of communication for information (Braille, large print, audiotape, etc.) should contact USDA's Target Center at (202) 720-2600 (voice and TDD). All responses to this notice will be summarized and included in the request for OMB approval. All comments also will become a matter of public record.

FAS is committed to complying with the Government Paperwork Reduction Act which requires Government agencies, to the maximum extent feasible, to provide the public the option of electronically submitting information collection. CQEs allow exporters to ship products to the United States at the U.S. sugar price, which is ordinarily higher than the world sugar price. Therefore, in contrast to most information collection documents, CQEs have a monetary value equivalent to the substantial benefits to exporters. CQEs have always been carefully handled as secure documents and distributed only to foreign government-approved Certifying Authorities.

Signed at Washington, DC, on June 7, 2013.

Administrator, Foreign Agricultural Service.

DEPARTMENT OF AGRICULTURE**Foreign Agricultural Service****WTO Agricultural Quantity-Based Safeguard Trigger Levels**

AGENCY: Foreign Agricultural Service, U.S. Department of Agriculture.

ACTION: Notice of product coverage and trigger levels for safeguard measures provided for in the World Trade

Organization (WTO) Agreement on Agriculture.

SUMMARY: This notice lists the updated quantity-based trigger levels for products which may be subject to additional import duties under the safeguard provisions of the WTO Agreement on Agriculture. This notice also includes the relevant period applicable for the trigger levels on each of the listed products.

DATES: June 21, 2013.

FOR FURTHER INFORMATION CONTACT: Souleymane Diaby, Import Policies and Export Reporting Division, Office of Trade Programs, Foreign Agricultural Service, U.S. Department of Agriculture, Stop 1021, 1400 Independence Avenue SW., Washington, DC 20250-1021; by telephone (202) 720-2916; by fax (202) 720-0876; or by email Souleymane.Diaby@fas.usda.gov.

SUPPLEMENTARY INFORMATION: Article 5 of the WTO Agreement on Agriculture provides that additional import duties may be imposed on imports of products subject to tariffication as a result of the Uruguay Round, if certain conditions are met. The agreement permits additional duties to be charged if the

price of an individual shipment of imported products falls below the average price for similar goods imported during the years 1986-88 by a specified percentage. It also permits additional duties to be imposed if the volume of imports of an article exceeds the average of the most recent 3 years for which data are available by 5, 10, or 25 percent, depending on the article. These additional duties may not be imposed on quantities for which minimum or current access commitments were made during the Uruguay Round negotiations, and only one type of safeguard, price or quantity, may be applied at any given time to an article.

Section 405 of the Uruguay Round Agreements Act requires that the President cause to be published in the **Federal Register** information regarding the price and quantity safeguards, including the quantity trigger levels, which must be updated annually based upon import levels during the most recent 3 years. The President delegated this duty to the Secretary of Agriculture in Presidential Proclamation No. 6763, dated December 23, 1994, *60 FR 1005* (Jan. 4, 1995). The Secretary of Agriculture further delegated this duty,

which lies with the Administrator of the Foreign Agricultural Service (*7 CFR 2.43* (a)(2)). The Annex to this notice contains the updated quantity trigger levels.

Additional information on the products subject to safeguards and the additional duties which may apply can be found in subchapter IV of Chapter 99 of the Harmonized Tariff Schedule of the United States (2013) and in the Secretary of Agriculture's Notice of Uruguay Round Agricultural Safeguard Trigger Levels, published in the **Federal Register** at *60 FR 427* (Jan. 4, 1995).

Notice: As provided in Section 405 of the Uruguay Round Agreements Act, consistent with Article 5 of the WTO Agreement on Agriculture, the safeguard quantity trigger levels previously notified are superceded by the levels indicated in the Annex to this notice. The definitions of these products were provided in the Notice of Safeguard Action published in the **Federal Register**, at *60 FR 427* (Jan. 4, 1995).

Issued at Washington, DC, this 11th day of June 2013.

Philip Karsting,

Administrator, Foreign Agricultural Service.
