Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Federal Interagency Traumatic Brain Injury Research (FITBIR) Informatics System Data Access Request. 0925-NEW. National Institute of Neurological Disorders and Stroke.

Need and Use of Information Collection: The FITBIR Informatics System Data Access Request form is necessary for "Recipient" Principal Investigators and their organization or corporations with approved assurance from the DHHS Office of Human Research Protections to access data or images from the FITBIR Informatics System for research purposes. The primary use of this information is to document, track, monitor, and evaluate

the use of the FITBIR datasets, as well as to notify interested recipients of updates, corrections or other changes to the database.

There are two scenarios for completing the form. The first is where the Principal Investigator (PI) completes the entire FITBIR Informatics System Data Access Request form, and the second where the PI has the Research Assistant begins filling out the form and PI provides the final reviews and signs it.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 63.

ESTIMATED ANNUAL BURDEN HOURS

Form	Number of respondents	Frequency of response	Average time per response (in hours)	Annual hour burden
FITBIR Informatics System Data Access Request	40	1	95/60	63
Total				63
