This rule is categorically excluded from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction. Change of Address for Region 7; Technical Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; technical amendment.

SUMMARY: EPA is amending its regulations to reflect a change in address for EPA's Region 7 office. This action is editorial in nature and is intended to provide accuracy and clarity to the Agency's regulations.

DATES: This final rule is effective June 25, 2013.

FOR FURTHER INFORMATION CONTACT: Jan Simpson, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219 at (913) 551-7089, or by email at simpson.jan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

EPA is amending its regulations in 40 CFR parts 1, 2, 21, 35, 52, 59, 60, 61, 62, 63, 65, 82, 147, 282, 374, 707 and 763 to reflect a change in the address for EPA's Region 7 office. This technical

amendment merely updates and corrects the address for EPA's Region 7 office. EPA has determined that today's rule falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding "good cause," authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the thirty day delayed effective date otherwise provided for in the APA). Under section 553 of the APA, an agency may find good cause where procedures are "impractical, unnecessary, or contrary to the public interest." Public comment is "unnecessary" and "contrary to the public interest" since the address for Region 7 has changed and immediate notice in the CFR benefits the public by updating citations.

II. Statutory and Executive Order Reviews

This final rule implements technical amendments to 40 CFR parts 1, 2, 21, 35, 52, 59, 60, 61, 62, 63, 65, 82, 147, 282, 374, 707 and 763 to reflect a change in the address for EPA's Region 7 office. It does not otherwise impose or amend any requirements. Consequently, under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. The rule would not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Because this action is merely editorial in nature, the Administrator certifies that it would not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The rule does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This action does not have Federalism implications because it would not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). Additionally, it does not have Tribal implications because it would not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and

responsibilities between the Federal Government and Indian Tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

This rule also is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), nor is it subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). It does not involve any technical standards that require the Agency's consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995, Public Law 104-113, section 12(d) (15 U.S.C. 272 note). Finally, it does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods under Executive Order 12898 (59 FR 7629, February 16, 1994).

III. Congressional Review Act

The Congressional Review Act (CRA), 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. Section 808 of the CRA allows the issuing agency to make a rule effective sooner than otherwise provided by the CRA, if the agency makes a good cause finding that notice and public procedure is impracticable, unnecessary, or contrary to the public interest. This determination must be supported by a brief statement (5 U.S.C. 808(2)). As stated earlier, EPA has made such a good cause finding, including the reasons therefore, and established an effective date of August 11, 2011. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

[Docket ID FEMA-2013-0002; Internal Agency Docket No. FEMA-8287]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <http://www.fema.gov/fema/csb.shtm>.

DATES: Effective Dates: The effective date of each community's scheduled suspension is the third date ("Susp") listed in the third column of the following tables.
