BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[Docket No. FHWA–2013–0017]

Agency Information Collection Activities: Request for Comments for a New Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FHWA invites public comments about our intention to request approval from the Office of Management and Budget (OMB) for a new information collection, which is summarized below under **SUPPLEMENTARY INFORMATION**. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by August 26, 2013.

ADDRESSES: You may submit comments identified by DOT Docket ID 2013–0017 by any of the following methods:

Web site: For access to the docket to read background documents or comments received go to the Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Fax: 1–202–493–2251.

Mail: Docket Management Facility, U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590–0001.

Hand Delivery or Courier: U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Tom Kearney, 518–431–8890, Office of Freight Management & Operations (HOFM–1), Office of Operations, Federal Highway Administration, Department of Transportation, Leo O’Brien Federal Building, Room 715, Albany, NY 12207. Office hours are from 7:30 a.m. to 4:00 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: USDOT Survey and Comparative Assessment of Truck Parking Facilities.

Background: US Department of Transportation (USDOT) is directed to complete a survey and comparative assessment of truck parking facilities in each State as required by Section 1401(c) of *Moving Ahead for Progress in*

the 21st Century (MAP–21). MAP–21 Section 1401(c) requires the conduct of a survey in order to evaluate the capability of the States to provide adequate parking and rest facilities for commercial motor vehicles engaged in interstate transportation. Other work activities required under this section of MAP–21 are: An assessment of the volume of commercial motor vehicle traffic in each State and the development of a system of metrics designed to measure the adequacy of commercial motor vehicle truck parking facilities in each state. The results of this survey shall be made available on a publicly accessible Department of Transportation Web site.

Respondents: State Transportation and Enforcement Officials, Private Sector Facility Owners/Operators, Trucking Company owners or their designee, and Truck Drivers. The target groups of respondents are individuals who are responsible for providing or overseeing the operation of truck parking facilities and stakeholders that depend on such facilities to safely conduct their business. The target group identified in the legislation is “state commercial vehicle safety personnel”; the Federal Highway Administration (FHWA) has interpreted this term to include the Department of Transportation personnel in each State involved in commercial vehicle safety program activities and State enforcement agency personnel directly involved in enforcing highway safety laws and regulations and in highway incident and accident response. In addition, FHWA finds that the survey on the adequacy of truck parking opportunities is not limited to publicly owned facilities; input from private sector facility owners/operators must be obtained to adequately complete the required work provided in the federal legislation. FHWA also finds that input obtained from trucking company representatives (owners or their designees, especially those in logistics or who schedule drivers) and truck drivers, key stakeholders for truck parking facilities who are most likely to know where truck parking is needed, will be necessary to complete the survey requirements.

In addition to the survey instrument, FHWA intends to convene expert focus groups representing the stakeholder organizations listed above, as well as address this topic at existing meetings of the stakeholders as necessary and feasible to gather input in the delivery and content of the survey instrument and the assessment tool newly required in the law, as well as the system of metrics designed to measure truck
