

2. Statutory Basis

The Exchange believes that its proposal to amend its fee schedule is consistent with Section 6(b) of the Act³ in general, and furthers the objectives of Section 6(b)(4) of the Act⁴ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The proposal to make several technical changes to the Fee Schedule to delete obsolete or unnecessary dates, delete obsolete fees, and to correctly rename a market data product should reduce possible confusion among members to which fees apply.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed technical changes to the Fee Schedule to delete obsolete or unnecessary dates, delete obsolete fees, and to correctly rename a market data product should reduce possible confusion among members at to which fees apply. Since the Exchange proposes no substantive changes other than the technical changes, the proposal should not impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁵ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and

arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69817; File No. SR-Phlx-2013-66]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Rule 3100 To Adopt a Modification in the Process for Initiating Trading of a Security That Is the Subject of a Trading Halt or Pause on NASDAQ OMX PSX

June 21, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 14, 2013, NASDAQ OMX PHLX LLC ("Phlx" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 3100 to adopt a modification in the process for initiating trading of a security that is the subject of a trading halt or pause on NASDAQ OMX PSX ("PSX"). The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/nasdaqomxphlx/phlx/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed

any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In 2012, The NASDAQ Stock Market ("NASDAQ") modified its process for commencing trading of a security that is the subject of an initial public offering (an "IPO") on NASDAQ by allowing market participants to enter orders to be held in an undisplayed state until the commencement of the Display-Only Period that occurs prior to the IPO.³ NASDAQ recently proposed a similar change with regard to entering orders prior to the end of other trading halts or pauses on NASDAQ.⁴ The Exchange is proposing to make a similar change with regard to entering orders prior to the end of trading halts or pauses on PSX. Rule 3100(a) describes the circumstances under which the Exchange has the authority to initiate a trading halt. As detailed in Rule 3100(a), the specific bases for a halt include the following:

- A halt to permit the dissemination of material news with respect to a security listed on another national securities exchange (Rule 3100(a)(1)(A));
- a halt due to an order imbalance or influx (Rule 3100(a)(1)(B));
- a halt with respect to an index warrant when deemed appropriate in the interests of a fair and orderly market and to protect investors (Rule 3100(a)(2));
- a halt in a Derivative Securities Product (as defined in Rule 3100(b)(4)(A)) for which a net asset value ("NAV") or a Disclosed Portfolio is disseminated if the Exchange becomes aware that the NAV or Disclosed Portfolio is not being disseminated to all market participants at the same time (Rule 3100(a)(3));
- a trading pause with respect to stocks that are not subject to the Limit Up-Limit Down Plan⁵ and for which the

primary listing market has issued an individual stock trading pause (Rule 3100(a)(4)); and

- a trading halt in a Derivative Security Product traded pursuant to unlisted trading privileges for which a "Required Value," such as an intraday indicative value or disclosed portfolio, is not being disseminated, under the conditions described in Rule 3100(b).

Under the current process, quotes and orders in a halted security may not be entered until the resumption of trading. However, the Exchange believes that the quality of its process for commencing trading in the halted security would be enhanced by allowing market participants to enter orders to be held but not displayed until the resumption of trading. Specifically, the Exchange believes that this change will provide for a greater number of orders being entered prior to commencement of trading, resulting in a higher level of order interaction at the resumption of trading.

Orders entered in this manner will be held in a suspended state until the resumption of trading, at which time they will be entered into the system. Market participants may cancel orders entered in this manner in the same way they would cancel any other order. Orders entered prior to the resumption of trading will be rejected unless they are designated for holding. Specifically, the orders will be entered into the continuous market once trading resumes.⁶

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Section 6(b)(5) of the Act,⁸ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in

securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the Exchange believes that the change to allow entry of quotes and orders for holding during a trading halt will provide for a greater number of orders being entered prior to commencement of trading, resulting in a higher level of order interaction in the re-opening process. Thus, the Exchange believes that the change will remove impediments to and perfect the mechanism of a free and open market.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Specifically, the Exchange believes that this change will provide for a greater number of orders being entered prior to commencement of trading, resulting in a higher level of order interaction. The Exchange believes that this change will promote competition by enhancing the attractiveness of PSX as a trading venue through higher order fill rates and more complete price discovery. Moreover, because the change will not affect the availability or price of goods or services offered by PSX or others, it will not impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰

Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012).

⁶ Orders entered and held during the halt period will be entered into the continuous market in the order in which they were received. However, such orders will be entered contemporaneously with any orders received through order entry ports after the halt is terminated. Thus, the relative priority of orders received during the halt and orders received through order entry ports after the halt is terminated will be a function of the duration of system processing associated with each particular order. As a result, orders received during the halt will not automatically have priority over orders received at the conclusion of the halt.

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69827; File No. SR-NYSEMKT-2013-54]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Making a Non-Substantive, Technical Amendment to Exchange Rule 900.3NY(o) To Correct a Cross Reference To Exchange Rule 964NY

June 21, 2013.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on June 17, 2013, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to make a non-substantive, technical amendment to Exchange Rule 900.3NY(o) to correct a cross reference to Exchange Rule 964NY. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included

statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to make a non-substantive, technical correction to Exchange Rule 900.3NY(o) in order to update a cross reference to Exchange Rule 964NY. Current Rule 900.3NY(o) incorrectly cross references Rule 964NY(c)(2)(D) with respect to the routing instructions for NOW Orders. The Exchange proposes to correct the citation to cross reference Rule 964NY(c)(2)(E).

As described in Rule 900.3NY(o), a "NOW Order" is a Limit Order that is to be executed in whole or in part on the Exchange, and the portion not so executed is routed to one or more NOW Recipients for immediate execution as soon as the order is received by the NOW Recipient.⁴ Currently, Rule 900.3NY(o) incorrectly provides that a NOW Order is routed pursuant to Rule 964NY(c)(2)(D), which relates to the matching of an inbound order against orders in the Working Order File.

The routing provisions actually governing the routing of NOW Orders are found in Rule 964NY(c)(2)(E), and, as applied to NOW Orders, provide that if the NOW Order has not been executed in its entirety on the Exchange, the order will be routed for execution to one or more NOW Recipients. Specifically, Rule 964NY(c)(2)(E)(iii) states that "if the order locks or crosses the NBBO, it will be routed via routing broker to the away market(s) displaying the National Best Bid or Offer Price." Following the routing of the NOW Order, and in accordance with the terms of such order, any portion not immediately executed by the NOW Recipient is cancelled. Accordingly, the Exchange proposes to correct Rule 900.3NY(o) to cross-reference Rule 964NY(c)(2)(E).

⁴ A NOW Recipient is defined as "any Market Center (1) with which the Exchange maintains an electronic linkage, and (2) that provides instantaneous responses to NOW Orders routed from the System." NYSE Amex Options Rule 900.2NY(44).
