SUPPLEMENTARY INFORMATION: On June 21, 2012 (ADAMS Accession No. ML11174A228), the petitioner requested that the NRC take enforcement action with regard to FCS. The petitioner also met with the Petition Review Board (PRB) and supplemented its petition during a teleconference on August 27 and November 19, 2012 (ADAMS Accession Nos. ML12250A714, and ML12352A279, respectively). As a basis for the request, the petitioner states that the NRC’s own guidelines regarding enforcement sanctions would categorize the events at FCS over the past 20 years at Severity Level I, the highest level, because those events involve (1) situations involving particularly poor licensee performance, or involving willfulness; (2) situations when the violation results in a substantial increase in risk, including cases in which the duration of the violation has contributed to the substantial increase; and (3) situations in which the licensee made a conscious decision to be in noncompliance to obtain an economic benefit (63 FR 26630–01, 26642; May 13, 1998). The petitioner states that the NRC considers these violations to be of significant concern, and it may apply its full enforcement action to remedy these violations, including issuing appropriate orders. Id. The petitioner provided supplemental information in support of the petition and states that (1) A support beam was found that was not within allowable limits for stress and loading; (2) given Exelon’s long history of deliberate misconduct and willful violations at its various nuclear plants around the United States, day-to-day management of FCS by Exelon is likely to worsen FCS’ performance rather than improve it; (3) the flooding hazard at Fort Calhoun greatly exceeds its flooding protection measures at this time; (4) FCS’ risk of flooding from each of the six upstream dams has not been evaluated or resolved; and (5) the identification of 614 primary reactor containment electrical penetration seals containing Teflon that could degrade during design-basis accident conditions.

The request is being treated pursuant to § 2.206 of Title 10 of the Code of Federal Regulations, “Requests for Action under This Subpart,” of the Commission’s regulations. The request has been referred to the Director of the Office of Nuclear Reactor Regulation (NRR). As provided by § 2.206, appropriate action will be taken on this petition within a reasonable time. The petitioner requested an opportunity to address the NRR Petition Review Board (PRB). The PRB held recorded teleconferences with the petitioner during which the petitioner supplemented and clarified the petition. The PRB considered results of those discussions in its determination regarding the petitioner’s request. As a result, the PRB acknowledged the petitioner’s concerns about containment internal structures, electrical penetrations, and upstream dam failures. The NRC is currently reviewing the issues above related to containment internal structures, electrical penetrations, and upstream dam failures. Both the containment internal structures and electrical penetrations issues have been identified as issues that must be resolved before restart of the facility and have been added to the confirmatory action letter (ADAMS Accession No. ML13057A287).

Additionally, the PRB noted that natural disasters, such as flooding, are undergoing NRC review as part of the lessons learned from the Fukushima Dai-ichi event in Japan. The NRC staff is evaluating the effect of multiple upstream dam failures as a part of the Fukushima Dai-ichi reviews, as well as other processes. The PRB intends to use the results of the aforementioned reviews to inform its final decision on whether to implement the requested actions.

DATED at Rockville, Maryland, this 19th day of June 2013.

For the Nuclear Regulatory Commission.

Jennifer L. Uhle,
Deputy Director, Reactor Safety Programs,
Office of Nuclear Reactor Regulation.

POSTAL REGULATORY COMMISSION
[Docket No. MT2011–2; Order No. 1755]
Market Test on Gift Cards

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing requesting a temporary extension of a market test on gift cards. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: Comments are due: July 8, 2013.

ADDRESSES: Submit comments electronically via the Commission’s Filing Online system at www.prc.gov or by telephone for advice on filing alternatives.

SUPPLEMENTARY INFORMATION: On June 18, 2013, the United States Postal Service moved to temporarily extend its Gift Card market test under 39 U.S.C. 3641(d). The market test is set to expire June 27, 2013. Motion at 1. The impending expiration date prompts the Postal Service to request an extension of the market test until January 31, 2014. Id. at 2. In addition, the Postal Service requests a waiver of 39 U.S.C. 3641(d)(2), which requires that requests to extend market tests be submitted not later than 60 days before the date on which the market test would otherwise expire. Id.

In support of its Motion, the Postal Service states it “needs more time to determine the impact of its efforts to improve sales, as well as the demand for closed loop cards.” Id. It contends an extension would not prejudice any party. Id. at 3.

The Commission will grant a 1-month extension of the Gift Card market test, through July 27, 2013. Given the short deadline before the market test would otherwise terminate, the extension will afford interested persons an opportunity to comment on the Motion. Such comments are due no later than July 8, 2013.

Robert N. Sidman, previously designated to serve as Public Representative in this proceeding, will continue to serve in that capacity.

Dissenting Opinion of Commissioner Langley

I support the Postal Service seeking new revenue streams. However, as I indicated initially, in Order No. 721, section 404(e)(2) prohibits the Postal Service from offering any new nonpostal services and this prohibition applies to experimental offerings. See Order No. 721, Order Authorizing Gift Card Market Test, Dissenting Opinion of Commissioner Blair and Commissioner Langley. April 28, 2011.

[Signed] Commissioner Nanci E. Langley

It is ordered:

1. The Commission grants an extension until July 27, 2013 to the expiration date of the market test of Gift Cards.

2. Comments by interested persons are due no later than July 8, 2013.

SUPPLEMENTARY INFORMATION: Please note that all comments received are considered part of the public record and made available for public inspection online at http://www.regulations.gov. Information made available to the public includes personally identifying information (such as your name, address, etc.) voluntarily submitted by the commenter. Additional information about the handling of personally identifiable information submitted for the public record is available in the system of records notice for the federal dockets management system, EPA–GOVT–2, published in the Federal Register at 70 FR 15086 on March 24, 2005.

The Privacy and Civil Liberties Oversight Board (Board) was created as an independent agency within the executive branch by the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110–53. As a federal agency, the Board is subject to the Freedom of Information Act (FOIA), 5 U.S.C. 552, and Privacy Act of 1974 (Privacy Act), 5 U.S.C. 552a. The Board has published its notice of proposed rulemaking to establish administrative procedures for compliance with these statutes. As part of our compliance requirements, the Board must maintain certain information about FOIA and Privacy Act requests and requesters. As a result, the Board also is publishing this system of records notice to notify the public of and solicit comments about our proposed creation of a system of records for FOIA and Privacy Act case files.

SYSTEM OF RECORDS

PCLOB—1, Freedom of Information Act and Privacy Act Files.
