

Background

On March 22, 2013, the Department published the preliminary results of the administrative review of the antidumping duty order on PSF from Taiwan.¹ We invited interested parties to comment on the *Preliminary Results*. None were received.

The Department has conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The product covered by the order is PSF. PSF is defined as synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The merchandise subject to the order may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.20 is specifically excluded from the order. Also specifically excluded from the order are PSF of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from the order. Low-melt PSF is defined as a bi-component fiber with an outer sheath that melts at a significantly lower temperature than its inner core.

The merchandise subject to the order is currently classifiable in the HTSUS at subheadings 5503.20.00.40, 5503.20.00.45, 5503.20.00.60, and 5503.20.00.65. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Final Determination of No Shipments

For the final results of this review, we determine that Nan Ya had no shipments during the POR.

Final Results of the Review

The Department made no changes to its calculations announced in the *Preliminary Results*. As a result of our review, we determine that a weighted-

average dumping margin of 0.00 percent exists for FENC for the POR.

Assessment Rates

In accordance with the *Final Modification*,² the Department will instruct U.S. Customs and Border Protection (CBP) to liquidate entries for FENC without regard to antidumping duties.

The Department clarified its "automatic assessment" regulation on May 6, 2003.³ This clarification will apply to entries of subject merchandise during the POR produced by FENC for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Consistent with the *Assessment Policy Notice*, because we continue to find that Nan Ya had no shipments of subject merchandise to the United States, we will instruct CBP to liquidate any applicable entries of subject merchandise at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of PSF from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for FENC will be 0.00 percent, the weighted average dumping margin established in the final results of this administrative review; (2) for Nan Ya and previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the manufacturer of the merchandise for the

most recently completed segment of this proceeding; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 7.31 percent, the all-others rate established in the *Notice of Amended Final Determination of Sales at Less Than Fair Value: Certain Polyester Staple Fiber From the Republic of Korea and Antidumping Duty Orders: Certain Polyester Staple Fiber From the Republic of Korea and Taiwan*, 65 FR 33807 (May 25, 2000). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

The Department is issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 20, 2013.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On March 6, 2013, the Department published the *Preliminary Results* of the administrative review of the antidumping duty order on certain polyester staple fiber from the PRC. We invited interested parties to comment on the *Preliminary Results*. None were received. The Department has conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (“the Act”).

Scope of the Order

The merchandise subject to the order is synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The subject merchandise may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture.

The following products are excluded from the scope of the order: (1) PSF of less than 3.3 decitex (less than 3 denier) currently classifiable in the Harmonized Tariff Schedule of the United States (“HTSUS”) at 5503.20.0025 and known to the industry as PSF for spinning and generally used in woven and knit applications to produce textile and

apparel products; (2) PSF of 10 to 18 denier that are cut to lengths of 6 to 8 inches and that are generally used in the manufacture of carpeting; and (3) low-melt PSF defined as a bi-component fiber with an outer, non-polyester sheath that melts at a significantly lower temperature than its inner polyester core (classified at HTSUS 5503.20.0015).

Certain PSF is classifiable under the HTSUS numbers 5503.20.0045 and 5503.20.0065. Although the HTSUS numbers are provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.

PRC-Wide Entity

In the *Preliminary Results*, the Department noted that Far Eastern Industries (Shanghai) Ltd. and Far Eastern Polychem Industries (collectively “Far Eastern”) does not have a separate rate, and, therefore, it is under review as part of the PRC-wide entity.² Also in the *Preliminary Results*, the Department determined that Huvis Sichuan Chemical Fiber Corp. and Huvis Sichuan Polyester Fiber Ltd. (collectively “Huvis Sichuan”) failed to demonstrate its continued eligibility for a separate rate, and is considered to be part of the PRC-wide entity. After issuing the *Preliminary Results*, the Department received no comments from interested parties. Therefore, for these final results, in accordance with section 776(a) and (b) of the Act, and as explained in more detail in the *Preliminary Results*, the Department continues to find that Far Eastern and Huvis Sichuan are part of the PRC-wide entity.

Final Results of Review

The Department has made no changes to the *Preliminary Results*. As a result of our review, we determine that a dumping margin of 44.3 percent exists for the PRC-wide entity³ for the POR.

Assessment

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries covered by this review.⁴ The Department intends to issue assessment instructions to CBP 15

days after the publication date of the final results of this review. The Department announced a refinement to its assessment practice in non-market economy (“NME”) cases.⁵ Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the NME-wide rate.⁶ For the PRC-wide entity, we will instruct CBP to assess antidumping duties at an *ad valorem* rate equal to the dumping margin published above.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results, as provided by sections 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed segment of this proceeding in which that exporter participated; (2) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity, 44.30 percent; and (3) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

for the period of review (POR) of April 1, 2012, through March 31, 2013.¹

On April 29, 2013, in accordance with section 751(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b)(2), the Department received a timely request from Aquapharm Chemicals Pvt Ltd (Aquapharm), a producer and exporter of subject merchandise, to conduct an administrative review of its exports to the United States during the POR.² No other interested party requested an administrative review of the antidumping duty order on HEDP from India for the POR.

On June 3, 2013, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on HEDP from India.³ On June 4, 2013, Aquapharm timely withdrew its request for a review.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of notice of initiation of the requested review.
