CMS-10486 Health Care Sharing Ministries Information Collection

Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collections

1. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Health Care

Sharing Ministries Information Collection; *Use:* In order to facilitate the provision of an exemption for membership in a health care sharing ministry to the members of such ministry, we specify in § 155.615(c)(2) that an organization that believes that it meets the statutory standards to be considered a health care sharing ministry will submit certain information to HHS. We are aware of four organizations that have made public statements regarding their status as a health care sharing ministry, and so have estimated burden for four entities. The burden associated with this process includes the time for the organization to collect and input the necessary information, maintain a copy for recordkeeping by clerical staff, for a manager and legal counsel to review it and for a senior executive to review and sign it. The information would be submitted to CMS electronically at minimal cost. *Form Number:* CMS-10486 (OCN: 0938-NEW); *Frequency:* Once, Yearly; *Affected Public:* Private sector—not-for-profit institutions; *Number of Respondents:* 4; *Number of Responses:* 4; *Total Annual Hours:* 4.25. States are encouraged to develop flexible, medically accurate and effective abstinence-based plans responsive to their specific needs and inclusive of vulnerable populations. These plans must provide abstinence education, and at the option of the State,
