

Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change is a limited and sufficiently defined modification to the current attestation requirement or provides additional transparency to the Exchange's Members regarding the usage of Retail Orders on the Exchange.²⁷ Accordingly, the Commission hereby grants the Exchange's request and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69854; File No. SR-CBOE-2013-063]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Trades for Less Than \$1

June 25, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 18, 2013, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A) of the

Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to extend its program that allows transactions to take place at a price that is below \$1 per option contract through January 5, 2014. The text of the proposed rule change is available on the Exchange's Web site (www.cboe.org/Legal), at the Exchange's Office of the Secretary and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

An "accommodation" or "cabinet" trade refers to trades in listed options on the Exchange that are worthless or not actively traded. Cabinet trading is generally conducted in accordance with the Exchange Rules, except as provided in Exchange Rule 6.54, *Accommodation Liquidations (Cabinet Trades)*, which sets forth specific procedures for engaging in cabinet trades. Rule 6.54 currently provides for cabinet transactions to occur via open outcry at a cabinet price of \$1 per option contract in any options series open for trading in the Exchange, except that the Rule is not applicable to trading in option classes participating in the Penny Pilot Program. Under the procedures, bids and offers (whether opening or closing a position) at a price of \$1 per option contract may be represented in the trading crowd by a Floor Broker or by a Market-Maker or provided in response to a request by a PAR Official/OBO, a Floor Broker or a Market-Maker, but

²⁷ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

²⁸ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A).

⁴ 17 CFR 240.19b-4(f)(6).

must yield priority to all resting orders in the PAR Official/OBO cabinet book (which resting cabinet book orders may be closing only). So long as both the buyer and the seller yield to orders resting in the cabinet book, opening cabinet bids can trade with opening cabinet offers at \$1 per option contract.

The Exchange has temporarily amended the procedures through June 28, 2013 to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option contract.⁵ These lower priced transactions are traded pursuant to the same procedures applicable to \$1 cabinet trades, except that (i) bids and offers for opening transactions are only permitted to accommodate closing transactions in order to limit use of the procedure to liquidations of existing positions, and (ii) the procedures are also available for trading in option classes participating in the Penny Pilot Program.⁶ The Exchange believes that allowing a price of at least \$0 but less than \$1 better accommodates the closing of options positions in series that are worthless or not actively traded, particularly due to market conditions which may result in a significant number of series being out-of-the-money. For example, a market participant might have a long position in a call series with a strike price of \$100 and the underlying stock might now be trading at \$30. In such an instance, there might not otherwise be a market for that person to close-out the position even at the \$1 cabinet price

(e.g., the series might be quoted no bid).⁷

The purpose of the instant rule change is to extend the operation of these temporary procedures through January 5, 2014, so that the procedures can continue without interruption while CBOE considers whether to seek permanent approval of the temporary procedures.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Act⁸ and the rules and regulations thereunder and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that allowing for liquidations at a price less than \$1 per option contract better facilitates the closing of options positions that are worthless or not actively trading. Further, the Exchange believes the proposal is consistent with the Act because the proposed extension is of appropriate length to allow the Exchange and the Commission to continue to assess the impact of the Exchange's authority to allow transactions to take place in open outcry at a price of at least \$0 but less than \$1 per option in accordance with its attendant obligations and conditions,

including the process for submitting such transactions to OCC for clearing.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange believes that allowing for liquidations at a price less than \$1 per option contract better facilitates the closing of options positions that are worthless or not actively trading. The Exchange believes this promotes fair and orderly markets, as well as assists the Exchange in its ability to effectively attract order flow and liquidity to its market, and ultimately benefits all CBOE TPHs and all investors.

The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change does not make any changes to Exchange rules, but simply extends an existing temporary program. Further, the program is available to all market participants through CBOE TPHs. The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because, again, the proposed rule change does not make any changes to Exchange rules, but simply extends an existing temporary program. Moreover, to the extent that the program makes CBOE a more attractive marketplace, as noted above, the program is available to all market participants through CBOE TPHs.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent

⁵ See Securities Exchange Act Release Nos. 59188 (December 30, 2008), 74 FR 480 (January 6, 2009) (SR-CBOE-2008-133) (adopting the amended procedures on a temporary basis through January 30, 2009), 59331 (January 30, 2009), 74 FR 6333 (February 6, 2009) (extending the amended procedures on a temporary basis through May 29, 2009), 60020 (June 1, 2009), 74 FR 27220 (June 8, 2009) (SR-CBOE-2009-034) (extending the amended procedures on a temporary basis through June 1, 2010), 62192 (May 28, 2010), 75 FR 31828 (June 4, 2010) (SR-CBOE-2010-052) (extending the amended procedures on a temporary basis through June 1, 2011); 64403 (May 4, 2011), 76 FR 27110 (May 10, 2011) (SR-CBOE-2011-048) (extending the amended procedures on a temporary basis through December 30, 2011); 65872 (December 2, 2011), 76 FR 76788 (December 8, 2011) (SR-CBOE-2011-113) (extending the amended procedures on a temporary basis through June 29, 2012) and 67144 (June 6, 2012), 77 FR 35095 (June 12, 2012) (SR-CBOE-2012-053) (extending the amended procedures on a temporary basis through June 28, 2013).

⁶ Currently the \$1 cabinet trading procedures are limited to options classes traded in \$0.05 or \$0.10 standard increment. The \$1 cabinet trading procedures are not available in Penny Pilot Program classes because in those classes an option series can trade in a standard increment as low as \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier). Because the temporary procedures allow trading below \$0.01 per share (or \$1.00 per option contract with a 100 share multiplier), the procedures are available for all classes, including those classes participating in the Penny Pilot Program.

⁷ As with other accommodation liquidations under Rule 6.54, transactions that occur for less than \$1 are not disseminated to the public on the consolidated tape. In addition, as with other accommodation liquidations under Rule 6.54, the transactions are exempt from the Consolidated Options Audit Trail ("COATS") requirements of Exchange Rule 6.24, *Required Order Information*. However, the Exchange maintains quotation, order and transaction information for the transactions in the same format as the COATS data is maintained. In this regard, all transactions for less than \$1 must be reported to the Exchange following the close of each business day. The rule also provides that transactions for less than \$1 will be reported for clearing utilizing forms, formats and procedures established by the Exchange from time to time. In this regard, the Exchange initially intends to have clearing firms directly report the transactions to The Options Clearing Corporation ("OCC") using OCC's position adjustment/transfer procedures. This manner of reporting transactions for clearing is similar to the procedure that CBOE currently employs for on-floor position transfer packages executed pursuant to Exchange Rule 6.49A, *Transfer of Positions*.

to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹² At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69842; File No. SR-Phlx-2013-68]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Section B of Exchange's Pricing Schedule

June 25, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 21, 2013, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange's Pricing Schedule at Section

B, entitled "Customer Rebate Program" to amend the various defined categories associated with Customer rebates.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Section B of the Pricing Schedule, entitled "Customer Rebate Program," to provide members and member organizations the ability to achieve greater Customer rebates by transacting PIXL³ Orders.

Currently, the Exchange has in place a four tier structure Customer Rebate Program at Section B of the Pricing Schedule which pays Customer rebates on four Categories, A, B, C and D, of transactions. The four tier structure pays rebates based on percentage thresholds of national customer multiply-listed options volume by month based on four Categories (A, B, C and D) of transactions. Specifically, the Exchange bases a market participant's qualification for a certain Rebate Tier on the percentage of total national customer volume in multiply-listed options which are transacted monthly on Phlx as follows:
