The areas described total approximately 6,354 acres.

Rights-of-way granted by the BLM will either transfer with any of the above described land if transferred to the State or may be reserved by the United States. Oil and gas, geothermal, or other leases issued under the authority of the Mineral Leasing Act of 1920 (30 U.S.C. 181 *et seq.*) will remain in effect under the terms and conditions of the leases.

Colorado state law and the State's procedures provide for the offering to holders of BLM grazing permits, licenses, or leases the first right to lease lands that may be transferred to the State. This notice of proposed classification constitutes the required two-year official notice to present holders of grazing use authorizations from the BLM that such authorizations will be terminated upon transfer of any of the land described above to the State of Colorado (43 CFR 4110.4-2(b)).

For a period until August 16, 2013, persons asserting a claim to, or interest in, the above-described lands or mineral estate, other than holders of leases, permits, or rights-of-way, may file such claim with the BLM Colorado State Director at the address cited in the **ADDRESSES** section above. You must also provide evidence that a copy thereof has been served on the Board of Land Commissioners, State of Colorado, 1127 Sherman Street, Suite 300, Denver, CO 80203-2206.

Pursuant to 43 CFR 2462.1, publication of this notice of proposed classification in the **Federal Register** segregates the above described lands from all forms of disposal under the public land laws, including the mining laws, except for the form of land disposal specified in this notice of proposed classification. However, this publication does not alter the applicability of the public land laws governing the use of the lands under

lease, license, or permit, or governing the disposal of their mineral and vegetative resources, other than under the mining laws.

The segregative effect of this proposed classification will terminate in one of the following ways:

(1) Classification of the lands within two years of publication of this notice of proposed classification in the **Federal Register**;

(2) Publication of a notice of termination of the proposed classification in the **Federal Register**;

(3) An Act of Congress;

(4) Expiration of a two-year period from the date of publication of this notice of proposed classification, or expiration of an additional period, not exceeding two years, if the required notice of an extension for the proposed classification is given.

**Authority:** 43 CFR part 2400.

#### Notice of Realty Action: Direct Sale of Public Land in Blaine County, ID

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Realty Action.

**SUMMARY:** The Bureau of Land Management (BLM), Shoshone Field Office, proposes to sell a parcel of public land totaling 3.39 acres in Blaine County, Idaho, to the Point of Rocks Ranch, LLC (PORR), at not less than the appraised fair market value of \$3,220.

**DATES:** Comments regarding the proposed sale must be received by the BLM before August 16, 2013.

**ADDRESSES:** Written comments concerning the proposed sale should be sent to BLM Shoshone Field Manager, 400 West F Street, Shoshone, Idaho 83352.

#### FOR FURTHER INFORMATION CONTACT:

Kasey Prestwich, Realty Specialist, BLM Shoshone Field Office, 400 West F Street, Shoshone, Idaho 83352 or 208-732-7204. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question

with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The following described public land is being proposed for direct sale to PORR in accordance with Sections 203 and 209 of the Federal Land Policy and Management Act of 1976, as amended, (43 U.S.C. 1713 and 1719):

#### Boise Meridian

T. 1 S., R. 20 E.,

Sec. 15, lot 6.

The area described contains 3.39 acres, more or less.

The public land is identified as suitable for disposal in the BLM Sun Valley Management Framework Plan, as amended.

The PORR owns approximately 523 acres of private land adjoining the subject parcel on three sides. The subject parcel is difficult and uneconomical to manage because it is physically separated from other public lands by a fence and a county road. The disposal would allow for the road to become an identifiable boundary between public and private lands and improve efficiencies in the management of both the public and private land. It has been determined that the lands are not needed for Federal purposes and that conveyance is consistent with current BLM land use planning and would be in the public interest. Disposal of this parcel would allow PORR to cultivate the property in conjunction with its adjoining ranch and include the parcel within an existing conservation easement held by The Nature Conservancy that encompasses the adjoining PORR fee. Such use of the subject parcel could be achieved prudently and feasibly in conjunction with the PORR's fee and therefore outweigh other public values, including recreation and scenic values, which may be served by retaining the subject parcel.

Current BLM policy and regulations for land sales [43 CFR 2710.0-6(c)(1-5)] require the use of competitive sale procedures unless the authorized officer determines the public interest would best be served by modified competitive bidding or direct (non-competitive) sale. In this instance, PORR owns about 523 acres of abutting property. In fact, for several decades prior to the discovery of the unauthorized development in 2005, the parcel was mapped as private land. In recognition of PORR's adjoining ownership, as well as to resolve an inadvertent trespass, PORR meets regulatory requirements for a direct sale.

The BLM has completed a mineral potential report which concluded there

are no known mineral values in the lands proposed for sale. The BLM proposes that conveyance of the Federal mineral interests would occur simultaneously with the sale of the lands. The PORR will be required to pay a \$50 nonrefundable filing fee for the conveyance of the mineral interests and associated administrative costs.

On October 26, 2010, the above described land was segregated from appropriation under the public land laws, including the mining laws. The original segregation terminated 2 years from the date of segregation. Publication of this Notice in the **Federal Register** segregates the subject lands from all forms of appropriation under the public land laws, including the general mining laws, except sale under the Federal Land Policy and Management Act. The segregation will terminate (i) Upon issuance of a patent or other document of conveyance to such lands, (ii) upon publication in the **Federal Register** of a termination of the segregation, or (iii) at the end of 2 years from the date of this publication in the **Federal Register**, whichever occurs first.

The land will not be sold before September 3, 2013. Any patent issued will contain the following terms, conditions, and reservations:

1. A reservation to the United States for ditches and canals constructed by the authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945);

2. A condition that the conveyance be subject to all valid existing rights of record;

3. To the extent required by law, the sale will be subject to the requirements of Section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. 9620(h));

4. An appropriate indemnification clause protecting the United States from claims arising out of the lessee's/patentee's use, occupancy or operations on the leased/patented lands; and

5. Additional terms and conditions that the authorized officer deems appropriate. Detailed information concerning the proposed land sale including the appraisal, planning and environmental documents, and a mineral report are available for review at the BLM Shoshone Field Office at the location identified in the **ADDRESSES** section above. Normal business hours are 7:45 a.m. to 4:30 p.m., Monday through Friday, except for Federal holidays.

**Public Comments:** Public comments regarding the proposed sale may be submitted in writing to the BLM Shoshone Field Manager (see **ADDRESSES** section) on or before August

16, 2013. Any adverse comments regarding the proposed sale will be reviewed by the BLM Idaho State Director or other authorized official of the Department of the Interior, who may sustain, vacate, or modify this realty action in whole or in part. In the absence of timely filed objections, this realty action will become the final determination of the Department of the Interior.

Before including your address, phone number, email address, or other personal identifying information in your comment; you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
