SUPPLEMENTARY INFORMATION:

Title: Cooperative Inspection Programs: Interstate Shipment of Meat and Poultry Products.

Type of Request: Revision of an approved information collection.

OMB Control Number: 0583-0143.

Expiration Date: 8/31/2013.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.55) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*) and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). FSIS protects the public by verifying that meat and poultry products are wholesome, not adulterated, and properly marked, labeled, and packaged.

FSIS is planning to request a revision of an approved information collection addressing paperwork requirements for the voluntary cooperative interstate shipment program of meat and poultry products because the Agency has more recent data about the program, and the OMB approval of the information collection will expire on August 31, 2013. FSIS is estimating fewer burden hours for this information collection than are currently approved because fewer States and State establishments are participating in the cooperative interstate shipment program than the Agency had originally estimated three years ago.

FSIS administers a voluntary cooperative inspection program under which State-inspected establishments with 25 or fewer employees are eligible to ship meat and poultry products in interstate commerce (21 U.S.C. 683 and U.S.C. 472) (9 CFR 321.3, Part 332, 381.187, and Part 381 Subpart Z). In participating States, State-inspected establishments selected to take part in this program are required to comply with all Federal standards under the FMIA and the PPIA, as well as with all State standards. These establishments receive inspection services from State inspection personnel that have been trained in the enforcement of the FMIA and PPIA. Meat and poultry products produced under the program that have been inspected and passed by designated State personnel bear an official Federal mark of inspection and are permitted to be distributed in interstate commerce. FSIS provides oversight and enforcement of the program.

States that are interested in participating in the cooperative interstate shipment program need to submit a request for an agreement to establish such a program through the appropriate FSIS District Office (9 CFR 332.4 and 381.514). In its request, a State must agree to comply with certain
