General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary

responsibility provisions of section 404
of the Act, which, among other things,
require a fiduciary to discharge his
duties respecting the plan solely in the
interest of the participants and
beneficiaries of the plan and in a
prudent fashion in accordance with
section 404(a)(1)(b) of the Act; nor does it
affect the requirement of section 401(a)
of the Code that the plan must
operate for the exclusive benefit of the
employees of the employer maintaining
the plan and their beneficiaries;

(2) Before an exemption may be

granted, will be supplemental to, and
not in derogation of, any other
provisions of the Act and/or the Code,
including statutory or administrative
exemptions and transitional rules.

Furthermore, the fact that a transaction is subject to an administrative or
statutory exemption is not dispositive of
whether the transaction is in fact a
prohibited transaction; and

(4) The proposed exemptions, if

granted, will be subject to the express
condition that the material facts and
representations contained in each
application are true and complete, and
that each application accurately
describes all material terms of the
transaction which is the subject of the
exemption.

Signed at Washington, DC, this 2nd day of

Lyssa E. Hall,
Director, Office of Exemption Determinations,
Employee Benefits Security Administration,
U.S. Department of Labor.
