**Deepwater Port License Application:  
Liberty Natural Gas LLC, Port Ambrose  
Deepwater Port****AGENCY:** Maritime Administration,  
Department of Transportation.**ACTION:** Notice of intent; notice of public  
meeting; request for comments;  
correction.**SUMMARY:** The Maritime Administration  
(MarAd) published a Notice of Intent,  
Notice of Public Meeting, and Request  
for Comments regarding the Port  
Ambrose Deepwater Port License  
Application in the June 24, 2013,  
**Federal Register**. Shortly thereafter, on  
July 9, 2013, a correction was published  
in the **Federal Register**. In that  
correction, MarAd extended the closing  
date for receipt of materials in response  
to the request for comments to July 23,  
2013. This notice corrects that  
publication and extends the closing date  
for receipt of materials in response to  
the request for comments to August 22,  
2013.**FOR FURTHER INFORMATION CONTACT:** Mr.  
Roddy Bachman, U.S. Coast Guard,

TRIA was enacted to address  
disruptions in the market for insurance  
for terrorism risk, to help ensure the  
continued widespread availability and  
affordability of commercial property  
and casualty insurance for terrorism  
risk, and to allow for the private markets  
to stabilize and build insurance capacity  
to absorb any future losses for terrorism  
events. Title I of TRIA creates the  
Terrorism Risk Insurance Program  
(Program) that provides shared public  
and private compensation for privately  
insured commercial property and  
casualty losses resulting from certified  
acts of terrorism. Pursuant to TRIA, the  
Secretary of the Treasury administers  
the Program. The Federal Insurance  
Office assists the Secretary in  
administering the Program, as  
authorized by the Dodd-Frank Wall  
Street Reform and Consumer Protection  
Act.<sup>4</sup> The Program is scheduled to  
expire on December 31, 2014.

TRIA was originally set to terminate  
on December 31, 2005. The Terrorism  
Risk Insurance Extension Act of 2005<sup>5</sup>  
extended the Program for two additional  
years, with expiration set for December  
31, 2007. Section 108(e) of TRIA, as  
amended by the Terrorism Risk  
Insurance Extension Act of 2005,  
required the President’s Working Group  
to issue a report to the Committee on  
Banking, Housing, and Urban Affairs of  
the Senate and the Committee on  
Financial Services of the House of  
Representatives about the long-term  
availability and affordability of  
terrorism risk, including group life  
coverage and coverage for nuclear,  
biological, chemical, and radiological  
events.<sup>6</sup> The President’s Working Group  
issued its report in September 2006.<sup>7</sup>

<sup>4</sup> 31 U.S.C. 313(c)(1)(D).<sup>5</sup> Public Law 109–144, 119 Stat. 2660.<sup>6</sup> The President’s Working Group is composed of  
the Secretary of the Treasury, the Chairman of the  
Board of Governors of the Federal Reserve System,  
the Chairman of the Securities and Exchange  
Commission, and the Chairman of the Commodity  
Futures Trading Commission (or their respective  
designees). The Secretary of the Treasury, or his  
designee, is the Chairman of the President’s  
Working Group. Exec. Order 12,631, 53 FR 9421  
(Mar. 18, 1988).<sup>7</sup> President’s Working Group, Terrorism Risk  
Insurance (2006), available at <http://>

The Terrorism Risk Insurance Program Reauthorization Act of 2007,<sup>8</sup> in relevant part, further extended the Program through December 31, 2014, and amended section 108 of TRIA to require an ongoing analysis regarding the long-term availability and affordability of insurance for terrorism risk. The President's Working Group subsequently submitted a report updating its analysis in 2010<sup>9</sup> and is required to submit another report by September 30, 2013. The analysis performed by the President's Working Group is to be done in consultation with the National Association of Insurance Commissioners, representatives of the insurance industry, representatives of the securities industry, and representatives of policy holders.<sup>10</sup> Treasury seeks comment from these and any other interested parties to assist the President's Working Group in drafting the forthcoming report.

## II. General Solicitation for Comments

Treasury solicits comments on behalf of the President's Working Group, including information in support of such comments where appropriate and available, regarding the long-term availability and affordability of insurance for terrorism risk since 2010, when the President's Working Group issued its last report. Identify and explain any and all factors relating to the availability and affordability of terrorism insurance, and particularly how these factors have affected the availability and affordability of terrorism insurance since 2010.

## III. Solicitation for Specific Comments

### *TRIA Termination Considerations*

(1) Describe and explain in detail any and all possible ramifications from the termination of the Program on December 31, 2014, including any available evidence to support the predicted result, regarding:

(a) The availability and affordability of insurance for terrorism risk in the United States generally;

(b) The availability and affordability of insurance for terrorism risk in the United States specifically by line of business; geographic location, including the rating tiers defined by the Insurance

Services Office, Inc.; and other relevant characteristics; and

(c) Additional specific effects on commerce in the United States.

(2) If the Program were to continue beyond December 31, 2014, describe and explain in detail any revisions or modifications to the Program that would promote the availability and affordability of terrorism insurance, including any accompanying challenges that might arise from any proposed revisions or modifications to the Program. All views regarding the appropriate role of the federal government in supporting the availability and affordability of insurance for terrorism risk are welcome.

### *Insurance Market Considerations*

(3) Describe and explain the ability of the insurance industry to model, quantify, and underwrite terrorism risk, and the resulting impact of such analysis on the availability and affordability of terrorism insurance, including an examination of the price (by line of business, location of risk, and other relevant characteristics) and coverage options for terrorism insurance.

(4) Describe and explain, with supporting information where available, any additional insurance market considerations that could impact the long-term availability and affordability of terrorism insurance (e.g. implications for coverage of insurance for nuclear, biological, chemical, and radiological acts of terrorism; cyber acts of terrorism; and terrorism in workers' compensation policies).

(5) Explain and describe in general the demand (or "take-up") of terrorism insurance and provide specific data and information, where available, regarding the take-up rate by line of business, location of the risk, and other relevant characteristics.

### *Reinsurance Considerations*

(6) Describe and explain in detail the long-term availability and affordability of private reinsurance for terrorism risk. Analyze, with supporting information, the impact of the Program, and any changes to the Program, on the private reinsurance market for terrorism risk, including any accompanying challenges that might arise from revisions or modifications to the Program.

### *Additional Consideration*

(8) Describe and explain any other developments, considerations, or market issues that might affect the long-term availability and affordability of terrorism risk insurance.

## IV. Further Consultation

In addition to the consultation facilitated through this request for comment, the President's Working Group may continue to consult with interested parties through meetings, public discussions, or further written comment.

Dated: July 10, 2013.
