

SUMMARY: The Secretary of the Interior (Secretary) was directed by the Rio Grande Natural Area Act of 2006 to establish the Rio Grande Natural Area Commission (Commission). The nine-member Commission was formed in February 2011 to advise the Secretary with respect to the Rio Grande Natural Area (Natural Area) and to prepare a management plan relating to non-Federal land in the Natural Area. Since this Commission was formed, one of its members representing the general public resigned due to time conflicts. As a result, the Secretary is soliciting applications to replace the current occupant of that seat.

DATES: Submit nomination packages on or before August 15, 2013.

ADDRESSES: Send completed Council nominations to Tom Heinlein, District Manager, BLM Front Range District Office, 3028 East Main St., Cañon City, CO 81212.

FOR FURTHER INFORMATION CONTACT: Tom Heinlein, District Manager, 3028 East Main St., Cañon City, CO 81212. Phone: 719-269-8554. Email: theinlei@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, seven days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Commission is a statutory advisory committee established under Section 4 of the Rio Grande Natural Area Act of 2006 (16 U.S.C. 460rrr-2). The Commission shall be composed of nine members appointed by the Secretary, of whom:

1. One member shall represent the Colorado State Director of the BLM;
2. One member shall be the manager of the Alamosa National Wildlife Refuge, ex officio;
3. Three members shall be appointed based on the recommendation of the Governor of Colorado, among whom:
 - a. One member shall represent the Colorado Parks and Wildlife division;
 - b. One member shall represent the Colorado Division of Water Resources; and
 - c. One member shall represent the Rio Grande Water Conservation District.
4. Four members shall:
 - a. Represent the general public;
 - b. Be citizens of the local region in which the Natural Area is established; and
 - c. Have knowledge and experience in fields of interest relating to the

preservation, restoration and use of the Natural Area.

Individuals may nominate themselves or others. The BLM will evaluate nominees based on their education, training, experience and knowledge of the geographical area the Commission serves. Nominees should demonstrate a commitment to collaborative resource decision-making. The following must accompany all nominations:

1. At least one letter of reference from represented interests or organizations;
2. A completed background information nomination form; and
3. Any other information that addresses the nominee's qualifications.

The Obama Administration prohibits individuals who are currently federally-registered lobbyists to serve on all Federal Advisory Committee Act (FACA) and non-FACA boards, committees or councils. Nomination forms may be downloaded from the Rio Grande Natural Area Commission Web site: http://www.blm.gov/co/st/en/fo/slvfo/rio_grande_natural.html.

The Bureau of Land Management's (BLM) San Luis Valley Field Office will review the nomination packages in coordination with the Governor of Colorado before forwarding recommendations to the Secretary, who will make the appointments.

The Commission shall be subject to the FACA, 5 U.S.C. App. 2; and the Federal Land Management Policy Act of 1976, 43 U.S.C. 1701 et seq.

Authority: 43 CFR 1784.4-1.

Helen M. Hankins,

BLM Colorado State Director.

BILLING CODE 4310-JB-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

Outer Continental Shelf (OCS), Gulf of Mexico (GOM), Oil and Gas Lease Sale, Western Planning Area (WPA) Lease Sales 238, 246, and 248 MMAA104000

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of Intent (NOI) to Prepare a Supplemental Environmental Impact Statement (EIS)

SUMMARY: Consistent with the regulations implementing the National Environmental Policy Act, as amended (42 U.S.C. 4321 et seq.) (NEPA), BOEM is announcing its intent to prepare a Supplemental EIS for proposed WPA lease sales beginning with Lease Sale 238 (WPA Lease Sales 238, 246, and 248 Supplemental EIS). Lease Sale 238 is the

next proposed lease sale in the Gulf of Mexico's WPA off the States of Texas and Louisiana. The WPA Lease Sales 238, 246, and 248 Supplemental EIS will update the environmental and socioeconomic analyses in the *Gulf of Mexico OCS Oil and Gas Lease Sales: 2012-2017; Western Planning Area Lease Sales 229, 233, 238, 246, and 248; Central Planning Area (CPA) Lease Sales 227, 231, 235, 241, and 247, Final Environmental Impact Statement (OCS EIS/EA BOEM 2012-019)* (WPA/CPA Multisale EIS) and the *Gulf of Mexico OCS Oil and Gas Lease Sales: 2013-2014; Western Planning Area Lease Sale 233; Central Planning Area Lease Sale 231-Final Supplemental Environmental Impact Statement (OCS EIS/EA BOEM 2013-0118)* (WPA 233/CPA 231 Supplemental EIS). The WPA/CPA Multisale EIS was completed in July 2012. The WPA 233/CPA 231 Supplemental EIS was completed in April 2013.

A Supplemental EIS is deemed appropriate to supplement the NEPA documents cited above for these lease sales in order to consider possible new circumstances and information arising from, among other things, the *Deepwater Horizon* explosion, oil spill, and response. The WPA Lease Sales 238, 246, and 248 Supplemental EIS analysis will focus on updating the baseline conditions and potential environmental effects of oil and natural gas leasing, exploration, development, and production in the WPA.

The WPA Lease Sales 238, 246, and 248 Supplemental EIS analysis will focus on the potential environmental effects of oil and natural gas leasing, exploration, development, and production in the WPA identified through the Area Identification procedure as the proposed lease sale area. In addition to the no action alternative (i.e., canceling the proposed sale), other alternatives may be considered for the proposed lease sales, including WPA Lease Sale 238, such as deferring certain areas from the proposed lease sales.

SUPPLEMENTARY INFORMATION: On June 28, 2012, the Department of the Interior released the *Proposed Final OCS Oil & Gas Leasing Program: 2012-2017* (Five-Year Program), which included five proposed WPA Lease Sales. WPA Lease Sales 238, 246, and 248 are proposed for 2014, 2015, and 2016 respectively. The general area proposed for these WPA lease sales, including Lease Sale 238, encompasses virtually all unleased blocks in approximately 28.58 million acres in the western portion of the GOM (excluding whole and partial blocks

within the boundary of the Flower Garden Banks National Marine Sanctuary).

This **Federal Register** notice is not an announcement to hold a proposed lease sale, but it is a continuation of information gathering and is published early in the environmental review process, in furtherance of the goals of NEPA. The comments received during the scoping comment period will help inform the content of the WPA Lease Sales 238, 246, and 248 Supplemental EIS and will be summarized in presale documentation prepared prior to holding proposed WPA Lease Sale 238. If, after completion of the WPA Lease Sales 238, 246, and 248 Supplemental EIS, the Secretary of the Interior's decision is to hold a lease sale, then the lease sale areas identified in the Notice(s) of Sale may exclude or defer certain lease blocks from the areas offered. However, for purposes of the WPA Lease Sales 238, 246, and 248 Supplemental EIS and to adequately assess the potential impacts of an areawide lease sale, BOEM is assuming that all unleased blocks may be offered in proposed WPA Lease Sale 238 and the remaining WPA lease sales.

In order to ensure a greater level of clarity during the Outer Continental Shelf Lands Act (OCSLA) stages and tiered NEPA processes of the Five-Year Program, BOEM established an alternative and mitigation tracking table, which is designed to track the receipt and treatment of alternative and mitigation suggestions. Section 4.3.2 of the *Outer Continental Shelf Oil and Gas Leasing Program: 2012–2017; Final Programmatic Environmental Impact Statement* (the Five-Year Program EIS) (<http://www.boem.gov/5-year/2012-2017/PEIS.aspx>) contains a list of deferral and alternative requests that were received during the development of the Five-Year Program EIS, but that were determined to be more appropriately considered at subsequent OCSLA and NEPA stages. The WPA/CPA Multisale EIS addressed these deferral and alternative requests, but they were ultimately deemed inappropriate for further analysis as a separate alternative or deferral from those already included and considered in the WPA/CPA Multisale EIS. In this and future NEPA analyses, BOEM will continue to evaluate whether these or other deferral or alternative requests warrant additional consideration as appropriate. (Please refer to Chapters 2.2.1.1 and 2.2.1.2 of the WPA/CPA Multisale EIS for a complete discussion; <http://www.boem.gov/Environmental-Stewardship/Environmental-Assessment/NEPA/nepaprocess.aspx>).

A key principle at each stage in the NEPA process is to identify how the recommendations for deferral and mitigation requests are being addressed and whether new information or circumstances favor new or different analytical approaches in response to these requests.

Additionally, BOEM has created a tailored map of the potentially affected area through the Multipurpose Marine Cadastre (MMC) Web site (<http://boem.gov/Oil-and-Gas-Energy-Program/Leasing/Five-Year-Program/Lease-Sale-Schedule/Interactive-Maps.aspx>). This map is an integrated marine information system that provides a more comprehensive look at geospatial data and ongoing activities and studies occurring in the area being considered. This Web site provides the ability to view multiple data layers of existing geospatial data. Commenters can suggest data layers for consideration by following the commenting instructions below.

Scoping Process: This NOI also serves to announce the scoping process for identifying issues for the WPA Lease Sales 238, 246, and 248 Supplemental EIS. Throughout the scoping process, Federal, State, Tribal, and local government agencies, and the general public have the opportunity to help BOEM determine significant resources and issues, impacting factors, reasonable alternatives, and potential mitigation measures to be analyzed in the WPA Lease Sales 238, 246, and 248 Supplemental EIS, and to provide additional information. BOEM will also use the NEPA commenting process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f), as provided for in 36 CFR 800.2(d)(3).

Pursuant to the regulations implementing the procedural provisions of NEPA (42 U.S.C. 4321 *et seq.*), BOEM will hold public scoping meetings in Texas and Louisiana on the WPA Lease Sales 238, 246, and 248 Supplemental EIS. The purpose of these meetings will be to solicit comments on the scope of the WPA 238 Supplemental EIS. BOEM's scoping meetings will be held at the following places and times:

- Galveston, Texas: Tuesday, August 6, 2013, Courtyard Galveston Island Gulf Front Marriott, 9550 Seawall Boulevard, Galveston Texas 77554, one meeting beginning at 6:30 p.m. CDT; and
- New Orleans, Louisiana: Thursday, August 8, 2013, Bureau of Ocean Energy Management, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123, one meeting beginning at 1:00 p.m. CDT.

Cooperating Agency: BOEM invites other Federal agencies and State, Tribal, and local governments to consider becoming cooperating agencies in the preparation of the WPA Lease Sales 238, 246, and 248 Supplemental EIS. We invite qualified government entities to inquire about cooperating agency status for the WPA Lease Sales 238, 246, and 248 Supplemental EIS. Following the guidelines from the Council of Environmental Quality (CEQ), qualified agencies and governments are those with "jurisdiction by law or special expertise." Potential cooperating agencies should consider their authority and capacity to assume the responsibilities of a cooperating agency and remember that an agency's role in the environmental analysis neither enlarges nor diminishes the final decision-making authority of any other agency involved in the NEPA process. Upon request, BOEM will provide potential cooperating agencies with a written summary of expectations for cooperating agencies, including time schedules and critical action dates, milestones, responsibilities, scope and detail of cooperating agencies' contributions, and availability of predecisional information. BOEM anticipates this summary will form the basis for a Memorandum of Agreement between BOEM and any cooperating agency. Agencies should also consider the "Factors for Determining Cooperating Agency Status" in Attachment 1 to CEQ's January 30, 2002, Memorandum for the Heads of Federal Agencies: *Cooperating Agencies in Implementing the Procedural Requirements of the National Environmental Policy Act*. These documents are available at the following locations on the Internet: <http://ceq.hss.doe.gov/nepa/regs/cooperating/cooperatingagenciesmemorandum.html>; and <http://ceq.hss.doe.gov/nepa/regs/cooperating/cooperatingagency memofactors.html>.

BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. Even if an organization is not a cooperating agency, opportunities will exist to provide information and comments to BOEM during the normal public input stages of the NEPA/EIS process. For further information about cooperating agencies, please contact Mr. Gary D. Goeke at (504) 736–3233.

Comments: All interested parties, including Federal, State, Tribal, and local governments, and others, may submit written comments on the scope of the WPA Lease Sales 238, 246, and 248 Supplemental EIS, significant issues that should be addressed, alternatives

that should be considered, potential mitigation measures, and the types of oil and gas activities of interest in the proposed WPA lease sale area.

Written scoping comments may be submitted in one of the following ways:

1. In an envelope labeled "Scoping Comments for the WPA Lease Sales 238, 246, and 248 Supplemental EIS" and mailed (or hand delivered) to Mr. Gary D. Goeke, Chief, Environmental Assessment Section, Office of Environment (GM 623E), Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394;

2. Through the regulations.gov web portal: Navigate to <http://www.regulations.gov> and search for "Oil and Gas Lease Sales: Gulf of Mexico, Outer Continental Shelf; Western Planning Area Lease Sales 238, 246, and 248." (Note: It is important to include the quotation marks in your search terms.) Click on the "Comment Now!" button to the right of the document link. Enter your information and comment, then click "Submit"; or

3. BOEM's email address: wpa238@boem.gov.

Petitions, although accepted, do not generally provide useful information to assist in development of alternatives, resources and issues to be analyzed, or impacting factors. BOEM does not consider anonymous comments; please include your name and address as part of your submittal. BOEM makes all comments, including the names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that BOEM withhold their names and/or addresses from the public record; however, BOEM cannot guarantee that we will be able to do so. If you wish your name and/or address to be withheld, you must state your preference prominently at the beginning of your comment. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

DATES: Comments should be submitted by August 15, 2013 to the address specified above.

FOR FURTHER INFORMATION CONTACT: For information on the WPA Lease Sales 238, 246, and 248 Supplemental EIS, the submission of comments, or BOEM's policies associated with this notice, please contact Mr. Gary D. Goeke, Chief, Environmental Assessment Section, Office of Environment (GM 623E),

Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, LA 70123-2394, telephone (504) 736-3233.

Authority: This Notice of Intent to Prepare a Supplemental EIS (NOI) is published pursuant to the regulations (40 CFR 1501.7) implementing the provisions of the NEPA.

Dated: July 11, 2013.

Tommy P. Beaudreau,
Director, Bureau of Ocean Energy Management.

BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-449 and 731-TA-1118-1121 (Review)]

Light-Walled Rectangular Pipe and Tube From China, Korea, Mexico, and Turkey: Notice of Commission Determinations to Conduct Full Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it will proceed with full reviews pursuant to section 751(c)(5) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(5)) to determine whether revocation of the countervailing duty order on light-walled rectangular pipe and tube from China and the antidumping duty orders on light-walled rectangular pipe and tube from China, Korea, Mexico, and Turkey would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. A schedule for the reviews will be established and announced at a later date. For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

DATES: Effective July 5, 2013.

FOR FURTHER INFORMATION CONTACT: Edward Petronzio (202-205-3176), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special

assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: On July 5, 2013, the Commission determined that it should proceed to full reviews in the subject five-year reviews pursuant to section 751(c)(5) of the Act. The Commission found that the domestic interested party group responses to its notice of institution (78 FR 19526, April 1, 2013) were adequate and that the respondent interested party group response with respect to Mexico was adequate, and decided to conduct a full review of the antidumping duty order on light-walled rectangular pipe and tube from Mexico. Although the Commission received a response to its notice of institution from the Government of Turkey, the Commission found that the respondent interested party group responses with respect to China, Korea, and Turkey were inadequate. However, the Commission determined to conduct full reviews concerning the orders on light-walled rectangular pipe and tube from China, Korea, and Turkey to promote administrative efficiency in light of its decision to conduct a full review with respect to Mexico. A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's Web site.

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.

Issued: July 10, 2013.

Lisa R. Barton,

Acting Secretary to the Commission.
