SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Early Childhood Longitudinal Study Kindergarten Class of 2010–11 (ECLS–K:2011) Spring Third-Grade National Collection, Fourth-Grade Recruitment, and Fifth-Grade Tracking.

OMB Control Number: 1850–0790.

Type of Review: Revision of an existing information collection.

Respondents/Affected Public: Individuals or households.

Total Estimated Number of Annual Responses: 143,825.

Total Estimated Number of Annual Burden Hours: 52,702.

Abstract: The Early Childhood Longitudinal Study, Kindergarten Class of 2010–11 (ECLS–K:2011), sponsored by the National Center for Education Statistics (NCES) within the Institute of Education Sciences (IES) of the U.S. Department of Education (ED), is a survey that focuses on children's early school experiences beginning with kindergarten and continuing through the fifth grade. It includes the collection of data from parents, teachers, school administrators, and nonparental care providers, as well as direct child assessments. Like its sister study, the

Early Childhood Longitudinal Study, Kindergarten Class of 1998–99 (ECLS–K), the ECLS–K:2011 is exceptionally broad in its scope and coverage of child development, early learning, and school progress, drawing together information from multiple sources to provide rich data about the population of children who were kindergartners in the 2010–11 school year. This submission requests OMBs clearance for (1) a spring 2014 third-grade national data collection; (2) recruitment for the spring 2015 fourth-grade data collection, and (3) tracking students for the spring 2016 fifth-grade data collection.

Title of Collection: Applications for Assistance Section 8002 Impact Aid Program.

OMB Control Number: 1810–0036.

Type of Review: Extension without change of an existing collection of information.

Respondents/Affected Public: State, Local, or Tribal Governments.

Total Estimated Number of Annual Responses: 250.

Total Estimated Number of Annual Burden Hours: 375.

Abstract: The Application for Assistance under Section 8002 of Title VIII of the Elementary and Secondary Education Act is for a grant program otherwise known as Impact Aid Payments for Federal Property. Local Educational Agencies that have lost taxable property due to Federal activities request financial assistance by completing an annual application. Regulations for Section 8002 of the Impact Aid Program are found at 34 CFR part 222, subpart B, however these regulations have recently been superseded by Section 563 of the National Defense Authorization Act, signed January 2, 2013. The revised

statute sets the eligibility criteria and the formula for determining grant payments under Section 8002. The revised application collects annual data required to calculate payments using the new formula.
