

process, including the 1991 Record of Decision, 2007 Record of Decision Amendment, and the 2000, 2005 and 2010 Five Year Reviews. Such community involvement activities included making site documents available to the public, publishing public notices in local newspapers, and providing public comment opportunities.

EPA's community involvement activities associated with this deletion will consist of placing the deletion docket in the local site information repository and placing a public notice (of EPA's intent to delete the site from the NPL) in a local newspaper of general circulation.

Determination That the Site Meets the Criteria for Deletion in the NCP

The implemented remedy achieves the degree of cleanup specified in the ROD and ROD Amendment for all pathways of exposure. All selected remedial action objectives and clean-up goals are consistent with agency policy and guidance. No further Superfund responses are needed to protect human health and the environment at the Site.

The NCP (40 CFR 300.425(e)) states that a site may be deleted from the NPL when no further response action is appropriate. EPA, in consultation with the State of California, has determined that all required response actions have been implemented, and no further response action by the responsible parties is appropriate.

V. Deletion Action

The EPA, with concurrence of the State of California through the California Regional Water Quality Control Board—San Francisco Bay Region, has determined that all appropriate response actions under CERCLA have been completed. Therefore, EPA is deleting the Site from the NPL.

Because EPA considers this action to be noncontroversial and routine, EPA is taking it without prior publication. This action will be effective September 23, 2013 unless EPA receives adverse comments by August 23, 2013. If adverse comments are received within the 30-day public comment period, EPA will publish a timely withdrawal of this direct final notice of deletion before the effective date of the deletion, and it will not take effect. EPA will prepare a response to comments and continue with the deletion process on the basis of the notice of intent to delete and the comments already received. There will be no additional opportunity to comment.

Surface Transportation Board

49 CFR Part 1141

[Docket No. EP 715]

Rate Regulation Reforms

AGENCY: Surface Transportation Board.

ACTION: Final rules.

SUMMARY: The Surface Transportation Board (Board) changes some of its existing regulations and procedures concerning rate complaint proceedings. The Board previously created two simplified procedures to reduce the time, complexity, and expense of rate cases. The Board now modifies its rules to remove the limitation on relief for one simplified approach, and to raise the relief available under the other simplified approach. The Board also makes technical changes to the full and simplified rate procedures; changes the interest rate that railroads must pay on reparations if they are found to have charged unreasonable rates; and announces future proceedings on options for addressing cross-over traffic and on proposals to address the concerns of small agricultural shippers. The purpose of these actions is to ensure that the Board's simplified and expedited processes for resolving rate disputes are more accessible.

DATES: These rules are effective on August 17, 2013.

ADDRESSES: Information or questions regarding these final rules should reference Docket No. EP 715 and be in writing addressed to: Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001.

FOR FURTHER INFORMATION CONTACT: Lucille Marvin, The Board's Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245–0238. Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at (800) 877–8339.

SUPPLEMENTARY INFORMATION: The Board modifies some of its existing regulations and procedures regarding rate complaint proceedings and announces two future proceedings. The Board's actions are
